

# BIG DISCOUNT SALE FOR 2 DAYS ONLY

## Saturday, Nov. 1st and Monday, Nov. 3rd

Prices for the last couple of years have been steadily advancing on account of the scarcity of materials, cost of labor and advanced overhead expense. We have decided to do our share in trying to eliminate this by offering our entire stock to the public at a trade discount of 10 per cent for cash purchases for two days only. Our goods are all marked in plain figures. We invite all to call and see our stock and we are sure you will be pleased and benefitted by our sacrifice in all lines. We solicit your patronage as this is the only way we can offer this large percentage of discount—by a large volume of business with less expense. We have heard it said by some that this is the only way to bring down the high cost of living—to sell in large quantities at a very small profit.

### Dominion By-Elections

Five by-elections took place on Monday last and in three of them the farmers party was victorious, a plain indication that were Borden to go to the country, the government would be defeated even as Halet's government was. One Liberal and one Unionist make up the five.

In Carlton—Victoria, N. B., the farmer won by 300. (This was Carvell's old seat.)

In Glenegary—Stormont, Ont., the farmer beat his Unionist opponent by 1100.

In Assiniboia, Sask., vacant because former member, J. G. Turfitt, was put in the Senate, the farmer beat Hon. W. R. Motherwell so badly that the latter lost his deposit.

Ernest Lapointe, Liberal, captured Laurier's old seat, Quebec, East, by a big majority, his opponent being an independent Liberal and losing his deposit.

Dr S. F. Tolmie, the new Minister of Agriculture won over a Labor candidate by about 2000 majority. This was the one government victory.

The North Ontario by-election was postponed owing to the sudden death of the Unionist candidate between nomination and election day, so Halbert, the U. F. O. President, will have another opponent as a rare experience, two opponents in one election unless indeed the Unionists decide to let him in by acclamation.

Two other vacancies were filled by acclamation: McKenzie King in Prince, P. E. I., Liberal, and Sir Henry Drayton, Conservative in Kingston.

Two other seats are yet vacant, but writs have not been issued so far.

### Victory Loan 1919 is Bridge Between War and Peace

**Agricultural and Industrial Prosperity of Canada Depends on the Success of the Loan**

Why is it necessary to have another Victory Loan? Have you heard this query? Or have you asked it?

The Victory Loan of this year stands out as a bridge between war and peace. The war is over. Our boys won. The reconstruction period is dawning and we at home must win that.

Much of the money that Canada is asking for will be needed to clean up the war debt. The expenses of demobilization were heavy, and there is still much of it unpaid. Now that our men are back, let it not be said that we repudiated the debt for bringing them back.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are returned men needing attention.

As an investment Victory Bonds are eminent. Paying 5 1/2 per cent, selling above par on the open market, and guaranteed by the Dominion—what further reason can you have for hesitating? The Victory Loan 1919 ought to be oversubscribed, and all right-thinking citizens will do their utmost to see that such a result is obtained.

Standing of the Parties

United Farmers.....	45
Liberals.....	28
Conservatives.....	25
Labor.....	11
Soldier and Independent..	2

111

A combination of U. F. O. Labor and Independents is likely to take place giving a majority of one. However some members of the new ministry will be taken from the old parties though the Premier will undoubtedly be chosen from the U. F. O. group.

The sessions of the Farmers' party last week got them acquainted and in touch with each other. To-day, Wednesday, U. F. O. and Labor candidates meet for the first time and will choose a leader, but who, a guess work. The desire of the U. F. O. is that the Legislature should be a kind of big County Council where all would consider the welfare of the Province, suppressing partyism and the partisan spirit.

Whatever may eventuate the country is going to have a decided change of outlook in its Legislators, which cannot fail to be of benefit.

Shall we fling the terms "Grit" and "Tory" out of the back door or shall we lay them on the high shelf for future use if?

"If me no ifs," said Shakespeare.

### Something Going Somewhere

The Globe of Tuesday, writing on the political situation, as mirrored in the result of the Provincial elections and of the Dominion by elections has the following trenchant remarks:

"Under the stress of war and war conditions thousands of electors broke loose—or drifted loose—from traditional party moorings. They started to do their own thinking. They are finishing by doing their own voting.

These electors are tired of the old game of politics. They are weary of trucking to interests and influences. They are sick of the partisanship that jockeys for campaign funds. They are nauseated with appeals to passion and prejudice. They want to support something and follow something that leads somewhere.

And they are gaining a good idea of the character of the Something and the direction of the Somewhere. They are pushing the old parties aside to make way for Agriculture and Labor, not because they desire class administration, for they do not, but because they desire to entrust the management of public affairs to men of the people who are neither controlled nor dominated by interests inimical to the public weal. They are heading in a determined manner for a political revolution which they believe will better the chances of sound, progressive, helpful, and human government in Canada.

Liberalism has lost leadership. But it is not too late to fall in step and march forward with a progressing people. Only by so doing can it come again into its own. It must think less of party success and more of public service.

### PLAY FAIR.

**DON'T JUMP TO CONCLUSIONS.**

What is the difference between remedy and cure? Any disease which is liable to recur cannot be indefinitely "cured." You may dispel the germs from the system—but that is simply remedying it.

A man suffers for years with Rheumatism. After trying numerous treatments without success, he takes "Templeton's Rheumatic Capsules, and is restored to perfect health again.

A year or so later Rheumatic symptoms appear again. What does he immediately conclude? That it is his old trouble returned; that the medicine he took had only a temporary effect; that he will never again be well. This impression is the one we wish to eradicate—because it is entirely false.

Whenever Templeton's Rheumatic Capsules are given a fair trial they remedy Rheumatism, Sciatica, Lumbago, Neuralgia, Neuritis, or any of their kindred diseases.

T.R.C.'s won't make you immune from the above diseases. They will remedy them and drive them from your system, but whenever you feel an attack coming on, start using T.R.C.'s again.

Ask your Druggist or write us for our new booklet "Is your Rheumatism and cost you nothing?" It is the only book that tells you how to get rid of your Rheumatism and cost you nothing.

Mail T.R.C.'s a system on receipt of \$1.00.
