

SCIENCE TALKS

A celebrated scientist referring to cod-liver oil said that Nature had given the world "almost a ready-made food".

SCOTT'S EMULSION

is richest medicinal cod-liver oil, elaborated in a scientific manner, very much as Nature wraps up each globule of butter-fat. Scott's is not unlike cream in consistency, but many assimilate it easier than they do other fats. Scott's Emulsion is concentrated nourishment that helps keep the body strong. Give it a trial!

ROB ROY MILLS, Limited

Another Scrap re Roads Committee

Calder of Durham and Boyd of Markdale both Members of County Good Roads Committee

On Wednesday afternoon, Jan. 28, the County Council took up the report of the special committee for the year 1920, as presented by Chairman Sir G. Calder. All the committees with the exception of the Good Roads Committee, were adopted without comment. But over this committee there was a long discussion. The report was considered in committee by the whole with Dr. Mearns in the chair and the discussion commenced with a resolution by Mr. Arnold, seconded by Mr. Howie, asking that the name of Mr. Calder be struck off and that Mr. H. Mearns be added. It was explained that the proportion of urban members was too great and that there was a lot of kicking throughout the townships on that account. Mr. Calder said that he had not been ignorant of the fact that this would come up in the form that it did. One member had been busy since the night before in trying to get a discussion over his appointment to the committee. There had been much letter writing since November, he said. The committee last year had been criticized and he admitted that he felt it was in the interests of the county that he should and did criticize. He had not done that out of any personal feeling against the committee. He believed that the drawbacks of machinery had not been judiciously made. He knew the criticisms would engender certain hard feelings. He said a certain clique had gone around on Tuesday night in an effort to have him removed from the committee and as far as the remuneration or honor of being on the committee was concerned, he might have done better than to allow his name to stand on the committee.

Many of the nominating committee had wanted him and as a large amount of work would be done in Durham he decided to allow his name to stand. The plea that the committee should have more rural members was not the real reason for his move to have his name taken from the committee. It was not all his did but it was to have the best roads possible at the lowest possible cost. And few believed that the best results have been obtained for the expenditure. Personal enmity and spite were behind the proposed change and he hoped for the acceptance of the committee's report.

Mr. Arnold disclaimed any personal motive in moving the amendment, but said his sole reason was to make the rural membership in the committee larger. Mr. Sing said there had been no trouble in the nominating committee's meeting. Mr. McTavish said that last year's committee had taken a lot of criticism last year but not a dollar had been spent wrongfully and he hoped this year's committee would be as good. The last committee had been honest and upright in spite of anything that Mr. Calder might say. At the nomination meeting in Durham Mr. Calder had taken credit for the placing of a road construction gang north of Durham while in reality he had nothing to do with it. The matter of the placing of these construction units had been left by resolution of the council, to the committee and had been placed by them. He intimated that Mr. Calder had called the meeting rotten and crooked. Mr. Calder denied having used the terms attributed to him by Mr. McTavish. If there was anything he desired it was the speedy way to get to their work. He admired the man who made his criticisms openly.

Mr. C. H. Thompson expressed surprise at the feeling that appeared to exist in the council. He had hoped to find noisy and would like to see all united to make a strong council working solely in the interests of the county. He felt that the committee of five members was probably too small and wondered if it did not include more members. He was told that the reason the committee was so small was that there was a certain amount of remuneration attached. But he could not see that there was any saving to be made by having it so small where a quorum could be got together to look after any particular work, he believed that would be sufficient. The remuneration of \$3 per day was a mere bagatelle. He would like to see the County Council stand as a unit and work together for the good of the county as the Owen Sound Council was united for the good of the town.

Dr. Mearns said he believed that the present was the time to thresh the matter out and get a committee that was satisfactory to the county as a whole. Letting all personal feeling go by he believed Mr. H. Mearns should be on the committee and suggested that the committee be increased by one. Mr. Sing moved that Mr. H. Mearns be added to the committee and Mr. B. yd suggested that both Mr. H. Mearns and Mr. Hoekridge be added and this was finally done.

The Committee for the year 1920 are as follows:—
STANDING COMMITTEES
Finance and Assessment—T. R. McKenzie, H. Boiger, F. McRobert, J. W. Hutchison, J. F. Thompson, Dr. Mearns, W. Calder, W. H. Sing, D. McTavish, J. Boyd, S. H. Brees, H. Farrow, R. Howie, W. J. Saunders, A. C. McDonald, Geo. Hill, H. Breen, J. Cruikshank, C. Holm, J. T. Miller, E. Brown, J. A. Arnett, J. Allan, E. A.

U. F. O. Banquet at Edge Hill

On Friday evening last the Edge Hill U. F. O. held a banquet in the school. The night was bitterly cold and the roads in poor shape but this did not deter a large number of U. F. O. enthusiasts from being present. Sleighs came from No. 9, Bunnessan and Glenelg Centre. Mr. J. G. Firth was chairman and had a splendid program at his disposal. There was two choruses, the accompanist being Mrs. Ernie Greenwood. Mrs. Thos. Glenelg, Mrs. C. Howell, Misses Kate McFayden and Maggie Ritchie favored the audience with a couple of quartettes. Mrs. J. O. Greenwood sang very sweetly. Recitations were given by Ethel Anderson, Victor Williams and Thos. Morrison, the latter giving by request his well known recitation, "How Rubenstein played," and in response to an encore, James O'Brien.

Miss Nona Williams and Wilbert Greenwood gave a dialogue in which Aunt Susan got into trouble when she insisted on seeing everything that Johnnie had in his pockets. Miss McEachnie, a young girl in highland costume, delighted the audience with some splendid step dancing. The U. F. O. orchestra several of them in negro costume rendered some fine music. Mrs. C. Howell, Miss Carrie McNally, Geo. Ritchie, Thos. Ritchie, W. G. Ritchie and Herb Edge had violins, Clifford Howell a mouth organ, Arthur Edge a kettle drum, How Ritchie a big drum, John Ritchie with piccolo, John Seth with autoharp, and Miss Kate McNally accompanying on the organ were the various members of the orchestra.

An excellent supper was provided about 10.30 by the ladies and we believe this part of the program was enjoyed by all. After tea Mr. J. G. Firth acting as toastmaster proposed toasts to King and Country, the Ladies and U. F. O. These three were responded to in short addresses by W. J. Ritchie, C. H. Moffat and Ernest Greenwood. The toast to the Provincial Gov't was replied to by Mr. Geo. M. Leeson, M. P. P. in a neat address. The toasts to the sister clubs was responded to by Chas. Kennedy and T. H. Binie of Bunnessan and John McGirr and Thos. Bell of No. 9. The program was brought to a close by singing the National Anthem.

Bunnessan Girl Wedded

A quiet wedding took place in Toronto at 2 o'clock, Wednesday, Feb. 4th, when Miss Kate McFarlane, daughter of Mr. Donald McFarlane of Bunnessan, joined heart and hand with Mr. Wm. Seth of Castor, Alta. The ceremony was solemnized in Walmer Road Baptist church the pastor, Rev. John McNeill officiating. The bride was prettily attired in a costume of taupe brocade wearing a large picture hat. She has held a position in Toronto for some time and to-night, Thursday the happy couple will arrive at their father's home in Glenelg to spend a week before proceeding to their new home in Alberta. The Review joins with the bride's many friends round her old home in extending good wishes.

PRICEVILLE AND LIMITS

The poet said
"When January winds were blowing cold
As to the north my way I sped,
The mirksome night did me unfold
I knew not where to lay my head."
Well we have January's winds and snow, colder probably than in the land of the poet Burns, for the poet never experienced what it was to have it blow zero or near it but we are not to follow up the poet's poem any further for fear of the howling moans of spoiling the morality of some of its readers, &c.

An old highlander who was lying in a lot of Canadians telling about it being below zero, "Zira," he said "meadai mo dhuach nach robh zara idar ann" or my dear old country where there was no zero at all. Well we had zero enough in and around Priceville during January and lately is it (if we didn't forget our grammar) snow, snowed, snowing and blowing, blowing, snow whirling in all directions, snow shovels are useful tools but conscience asks us not to speak too hastily but the weather as a means of our "business" to do so.

Credit Auction Sale of Farm Stock and Implements

The undersigned Auctioneer will sell by public auction at Lot 3, Con. 16, in the Township of Proton, on
Tuesday, February 17th, 1920,
at 1 o'clock sharp the following Farm Stock, Implements, &c:—
