Was almost a Nervous Wreck from Overwork; this wonderful remedy brought back his old time Vigor and Vital-1ty. Read the story of a Great Medicine, in three letters. \$100 in cash will be paid to anyone who can prove that these letters are not genuine. The name of Minister will be given to anyone who doubts these remarkable statements.

Here is Letter Number One

"Please send me one box of HACKING'S HEART and NERVE REM EDY, I am suffering from a bad attack and have been unable to fill my pulpit for three months, doctors say that it may be six months or more before I am well again. I used to be able to hold my large congregation from start to finish, now, I can scarcely hold my own thoughts.

My Heart Action is bad and I am subject to Faintings and Dizziness and am very despondent, I hope that your remedy will help me." We sent on the one box of Hacking's Heart and Nerve Remedy and

Letter Number Two

11 days later we receive this letter.

"Please send me 6 boxes of Hacking's Heart and Nerve Remedy. have used the box you sent me and I feel that it has already helped me. My head is clearer and the pain that has followed the preparation of my sermons has been greatly relieved and I feel that with proper treatment I will again be restored to my old-time vigor. I am so pleased with the success of your remedy that I am giving part

of it to some of my friends."

Now comes the proof in letter number three, a few weeks later. Letter Number Three

"Having used your medicine, Hacking's Heart and Nerve Remedy for a few weeks for Neurasthenia (Nervous Breakdown) I have become as a new man. For five months I have suffered from Sleeplessness, Nervous Chills, Fainting Spells, Severe Headaches and I could not place my mind on the preparation of my sermons. To-day, my old ambition and strength is r newed-thanks to the use of your remedy, which I am pleased to recommend to anyone suffering from Nervous Diseases."

This testimontial comes voluntarily from one whose reputation is unassaffable and is given for the sole purpose of helping others. The above

winter is here. Of necessity, our milking cows must have special protection from the cold, and at the same time must be made as comfortable as possible. The whole of the inside of the stable should have a thorough cleaning. The dust and cobwebs should be swept from the walls, ceiling and

windows; the windows should be thoroughly cleaned, also the mangers and stalls. Then spray whitewash all over the inside, except the windows. To the whitewash add some disinfectant such as a carbolic acid preparation, or a chloride germkiller. This will kill disease germs, lurking in dark, damp places and maintain the health of the animals, which is at the foundation of profit-

The next step is to put in all broken window lights, but where the owner thinks he cannot afford to buy glass at the present high prices, a piece of coarse cloth, such as an old sack, may be tacked over the window space. This will provide some ventilation in a stable not otherwise ventilated.

Cow stables need ventilation in winter by having the foul air removed and fresh air introduced without a draft directly on the cows. A simthem to open inward, so as to shoot the air toward the ceiling. There should be a V-shaped board at each side or end of the window, to prevent the side-draft.
