SWEET CLOVER SEED FOR SALE.—I have secured good clover seed for the benefit of the surrounding farmers who have not yet purchased their seed. \$24 per bushel. Any one wishing to secure this seed should apply to J. Levine, Durham.

A WALKING STUNT.—Long walks are not so common as in pioneer days, but one last week shows such vim as to be worth recording. Mr Wm Moore of the 19th concession of Egremont, finding the roads "mean" for horse traffic, started off on foot and made the ten miles to the Review office and looked as if he could do it again. Few, even of younger men would attempt it.

A letter to Mr John Morice, Normanby, from Mr. James Watt, (formerly of Hampden), who, with his wife are wintering at Victoria, B. C., tells of the death of Fred Morice, nephew to John, and only son of David Morice who died some years ago. Fred died from pleuro-pneumonia following the flu, a young man of 24, and his mother with whom he resided, is surely bereaved.

RE-MODELLING ESTABLISHMENT.—The Ford Garage here is now undergoing alterations which will improve its appearance and working conditions. The front south room is being remodelled for offices while the remainder of the front building will be utilized as a show room for cars and farm equipment. The work rooms will all be in the stone part at the rear, formerly the foundry, while up-stairs will be used as a show-room and painting and varnishing shop.

WARTON HOUSES FOR LISTING.—Mr Joseph Walker, a Listowel builder, was in Warton and secured an option on three good frame houses there for \$1800. It is his intention to wreck the buildings and take them to Listowel where dwelling houses are at a premium and the town is booming. Two of the houses are 20x30 and two storeys high, the third is 18x24 and 18 ft high with an L shaped wing 16x24. We regret to report that there are so many vacant houses in a sister town in Bruce that they are being moved way to more prosperous places. Every house moved means more taxation on those that remain.—Chesley Enterpe

BAPTIST CHOR GOVERN.—Durham Baptist choir have recently purchased gowns and will make their initial appearance in them on Easter Sunday, holding a song service in the evening. All the town churches will now possess gowned choirs.

The trustees of U. S. S. No 6, Elderslie and Sullivan, 2 1/2 miles north of Chesley, cannot secure a teacher for love or money this winter. \$17 has been already spent fruitlessly in advertising for one. Little Dan Cupid was responsible for attracting the last two away from the school room.

EASTER BALL AND BRIDGE PARTY.—The G. W. V. A. are holding a dance and bridge party in the town hall on Monday evening, April 5th. The W. E. Collard orchestra of Toronto will provide the music. Gents \$2. Ladies please provide refreshments. There will be no invitations issued in the town as all are invited.

A special meeting of Grey County Council has been called for Thursday, 26th inst at 2 p. m. by Warden Morrison for the purpose of dealing with Owen Sound's action in its application for incorporation as a city and to take any steps necessarily arising out of the town's action. The County Roads question will also come up for consideration, general business will also be included in the Council's duties.

WELL DONE HYDRO.—The extraordinarily long winter about 15 weeks without a thaw, was a severe test on the Eugenia plant. The big artificial lake was of course covered with a sheet of ice several feet thick and there was imminent danger of a stoppage of the supply of water for power and light purposes. Such a stoppage, now happily averted by Spring weather would have meant annoyance, trouble and expense in many quarters. Having stood the test of this abnormal winter, we think "Hydro" may look to the future with confidence.

A TOP NOTCH BOXER.—The Hespeler Herald thus relates a bout engaged in by Leslie Black, son of Dr Malcolm Black of that town, and brother of Miss Zeta Black, a former Durham teacher. "Les. Black, the hitherto undefeated Hespeler boxer, got the worst of the judge's decision at Kingston when he met Canning of Queen's on Saturday night. "Varsity," in connection with the defeat says, "Just as absurd (as a former decision) was the one which went to Canning of Queen's over Les Black. Black, who is champion of Toronto, and the best amateur welter weight in the province, simply toyed with his man, landing four blows to one. Canning was groggy several times but Black stepped away and refused to knock him out, so helpless was his condition. After the bout Canning admitted that he should not have received the decision. It is the first decision Black has lost. However, with close followers of the sport, his reputation will not suffer for the reverse."

Rev. J. H. Moore, B. A., has resigned the pastorate of Chesley Baptist Church and has accepted a call to Georgetown. Mrs Moore is a well known Durham girl formerly Miss Gertrude McComb.

NEW PUBLIC SCHOOL TEACHER.—Miss Lilian Walker has resigned her position on the Public School staff, to take effect at Easter. The Board have engaged as her successor for the second book classes, Miss Moore of Palmerston, at a salary of \$660.

Two farmers were arguing one Saturday night at the corner grocery as to whether a hen sits or sets on her eggs. The matter was discussed earnestly, and the debate increased in warmth and keenness, when Farmer Brown said, "I'd n't care a continental whether a hen sits or whether she sets. What I want to know is this—when a hen cackles, has she laid or has she lied."

RINK SEASON OVER.—With a good ice sheet last Saturday night, the last skating of the season was done as the management decided upon that night as a close of winter sports. The local company in charge have not made any bonanza out of its operation, but have cleared expenses and attained their main object,—the providing of a healthful place of amusement for young and old in the line of winter sports.

CHEVROLET CARS SELLING.—Local dealer N. P. McIntyre has sold one McLaughlin and seven new Chevrolet cars this winter. Some of the Chevrolet purchasers are D. C. Town, jeweller, whose handsome "baby grand" model arrived last Thursday; Matt Bolger of the Middaugh House; Dan McArthur, north of town; Don McLean, Aberdeen; Alex. Fletcher, north of Aberdeen; and Thos Fianagan who recently removed from North Bentinck to near Mt Forest.

BRILLIANT CELESTIAL AURORA.—The heavens on Monday night were illumined by a brilliant display of the Aurora Borealis or northern lights. Contrary to the ordinary illuminations, they did not radiate from the northern horizon, but appeared to spread out in flames, somewhat fan-shaped, which at times changed from a point almost directly overhead, and then spread over the southern sky.

The "southern lights" would have been a more appropriate name for the fine display, though undoubtedly they were of the same origin as the more familiar "northern lights". Telegraphic communication was seriously disturbed at the time and the Review had several phone enquiries from interested spectators. The weatherman was non-committal on its significance, but it is interesting to recall the fact that among the northern Indians while a vivid appearance of the Aurora on the horizon is regarded as a harbinger of cold weather, its presence high up in the heavens is looked upon as an infallible indication of prolonged fine weather.

BEE EXPERT WILL MOVE HERE.—Sometime during the first half of April, Mr H. D. McIntyre of St. Marys, a bee keeper of many years experience will remove to Durham and will occupy the house where Mrs Dunning now resides as she is leaving town. Mr. McIntyre will bring all his colonies of bees here and place them with different farmers within a distance of a couple miles of town. The large amount of sweet clover grown in this vicinity was a big factor in his deciding to remove here and the large number of bees he will bring will benefit both the sweet clover and fruit crops in the district. Mr McIntyre is looking for a small building for a workshop for building hives, &c and has already purchased a Ford ton truck from C. Smith & Sons, for use in his work. In addition Mr McIntyre is an experienced bandsman, and two of his sons also, so the family will be an acquisition in band and other musical circles as well. We welcome them to our town.

A splendid banquet was given by the Epworth League in the Methodist Church on Tuesday night, though the attendance was not as great as formerly. From 6 to 8 an excellent supper was served by the ladies in the schoolroom, and the pastor, Rev Mr Cole took the chair for the program held in the body of the church. It was spicy and not too lengthy. The numbers were solos by Mr Benson, a new soloist in town who possesses a sweet baritone voice; a fine reading by Mr. Wm Irwin entitled "The First Settler"; orchestra music by Messrs McCrae and Yirs, Misses Myrtle Yirs and Fossie Lawrence, all on violins; solos by two little girls, Wilma Smith and Ellen Hay, violin numbers by Mr Geo. Yirs and last but not least a reading by Marie Cole and a duet by her and sister, Miss Gertrude, who are ever popular entertainers. The proceeds of the evening amounted to nearly \$65.00.

A comfortable dwelling, 1 acre of land, some small fruit, 8 rooms, soft and hard water. Will accept any reasonable offer for quick sale. Apply to Teitford & Currey

Miss Ruby Campbell, Upper Town, went to Toronto Monday to take a position.

Through the kindness and generosity of Messrs J. M. Kilbourn and H. B. Smith, two of Owen Sound's millionaires, Mr A. E. Trout, agent of the Children's Aid Society, will be able to do much of his visiting this year by motor. They presented him with a Chevrolet car which will be put in commission as soon as the roads are fit.

HAY—McDONALD

Monday forenoon last very quietly, Mr Peter Hay, a Dromore boy, and Miss Annie McDonald, daughter of Mr and Mrs Hugh McDonald, Upper Town, found their way to the Presbyterian manse where they were made man and wife by Rev. Mr. Whaley, the relatives present being Andy Hay, a brother of the groom and Miss Sadie McDonald, a sister of the bride. After a wedding dinner at the bride's home and congratulations from many friends, the happy couple left by G. T. R. afternoon train for Galt, Brantford and other points on a brief honeymoon trip. The bride was married in her travelling suit of nigger brown broadcloth with brown georgette waist to match and much beaded. Her hat was a becoming one of brown satin, toque shape.

Mr. Hay who has been employed for some time in the Furniture Factory here, and is well and favorably known, is the third son of Mr and Mrs Wm Hay Dromore. O the bride we have more to say for she spent about four years with us in the Review Office where we learned in daily touch, to appreciate her many fine qualities of head and heart and hand. Ye editor and staff therefore have peculiar pleasure in extending congratulations and all good wishes to the newly wedded pair and hope to hear of their abundant success in the future. The bride was the recipient of some handsome presents, the groom's gift being a gold wrist watch.

MEAD—WILTON

St. Patrick's Day, March 17th, at the home of Mr J. J. Wilton, Varney, was the scene of a pretty event when his daughter, Carrie May, became the bride of Mr Earl Milton Mead son of Mr. and Mrs Robt Mead who recently left to make their home at Unity, Sask. At 6.30 p. m. the ceremony was performed by her pastor, Rev. E. M. Smith, the bride being given away by her father while Miss Ada Brown played the wedding march. Little Miss Dorothy Caldwell was flower girl carrying a basket of shamrocks and carnations. The bride was attractively attired in sand colored silk and carried a bouquet of pink carnations.

Only immediate relatives, about 20 in number were present and after partaking of a sumptuous repast, spent a happy evening in games and music. The popular young couple received many fine gifts, including a substantial cheque from her father. The groom's gift to the bride was a pearl sunburst, to the flower girl a ring and to the organist a pendant.

They have taken up residence on the Mead homestead, 3rd con, Egremont, all the groom's relatives, except one brother, now being in the West. We join in wishing them much happiness and prosperity.
