**DIED**  
Died—In Egremont on March 22. Mr Archibald McEachern, aged 85 years.

**Eccles -- Brown**  
The home of Mrs John Brown, Holstein, was the scene of a very pretty wedding on the evening of St. Patrick's Day, March 17, 1920, when her youngest daughter, Lottie Jean, was united in marriage to Albert S. T. Eccles, youngest son of Mrs James Eccles, Holstein, the Rev. G. S. Scott officiating.

Promptly at six o'clock to the strains of Lohengrin's wedding march played by Miss Ethel N. Sharpe, the bride entered the parlor, leaning on the arm of her brother George. The bride looked charming in a gown of light blue satin, with overdress of blue net, trimmed with silver lace and carried a bouquet of pink roses. They were unattended, except for two little flower girls, Misses Marie Aitken and Mary Eccles nieces of the bride, who were dressed in cream lustre, trimmed with blue, and carried bouquets of carnations. While congratulations were being extended to the newly wedded couple the pianist rendered Mendelssohn's wedding march. The groom's gifts to the bride were a sunburst and set of taupe fox furs, to the little flower girls, gold bracelets with Peridot settings, and to the pianist, a sunburst.

The guests, who numbered fifty, consisted of the immediate relatives of the contracting parties together with his overseas pals, assembled in the dining room, where a sumptuous repast was served. The table decorations were in keeping with the St. Patrick's Day occasion. The presents bestowed were numerous useful and costly. The bride's wedding costume was a wavy blue suit, with hat to match. The young couple will reside in the village and we extend to them our heartiest congratulations for a long and useful life.

Congratulations to Mr Peter Hay, of Dromore who has entered the ranks of the benedictines.

**SOUTH BEND**  
At noon, on Wednesday, March 17, a quiet but pretty wedding took place at the home of Mr. and Mrs. B. F. Sharp when their daughter Keta was united in marriage to Mr Andrew McFarlane of Trogan, Sask., near Regina. The bride's pastor, Rev. Mr McClelland M. A., B. D. officiated and Miss Jessie Bell, Durham, played the wedding march. The bride who was unattended, looked charming in a gown of cream silk crepe de chine, trimmed with fringe and seed pearls embroidered. She wore a beautiful pearl necklace, the gift of the groom and carried a bouquet of white carnations and hyacinths. After congratulations they sat down to a sumptuous dinner after which they left on the C. N. train for Toronto where they will stay over the week end, also stopping at Winnipeg and other places and expect to reach the groom's home about the first of the month.

The bride was one of our most popular young ladies and will be missed, especially at Letter Breen church of which she was a member and always took an active part in every department. The many beautiful and costly presents received, show the esteem in which she is held. The groom is well and favorably known here also. Though he has lived in the west for a number of years he was born and raised near Letter Breen and returning from time to time kept in touch with old friends and showed good judgment in coming back home when seeking a wife. We congratulate him on his choice and wish them both a long and happy life together.

Through this world of care and sorrow,  
May their lives be bright as day,  
And prosperity attend them  
In their home so far away.  
And when the journey of life is o'er  
And their heavenly home is nigh,  
May they hear the Master say, well done  
In that land beyond the sky.

On Monday, 15th inst, although the roads were very bad, a young lady arrived at the home of Mr and Mrs Frank Wallis and of course is the most important person in the house. We welcome her to the Bend.

A farmer in Albion Tp., Peel County, who bought 100 acres for \$3,200 got \$5,200 for his crop of sweet clover last year.

### FATS FOR ENERGY

It's all too true that many children have a dislike for animal fats, yet the same children will readily take and relish **SCOTT'S EMULSION**

This choice is instinctive and is linked up with the fact that Scott's is assimilated when other forms of fat are a disturbing element. Give your boy and girl plenty of energizing and warmth-imparting Scott's Emulsion. It will build them up!

### Canada's Cattle

Our national stock of cattle to-day is, compared, with population, exactly in the state it was twelve years ago. In simplest form the number of cattle to inhabitants for three typical years was:

1908	—	1.12
1911	—	.90
1919	—	1.12

That is, the increase of cattle year by year has only kept pace steadily with the growth of domestic population; it has allowed no margin for more export trade.

Yet during those twelve years there has been a tremendous expansion in the overseas markets which might be served by Canada and all means of reaching these markets, transportation, shipping and marketing facilities have been improved.

According to the returns of the Dominion Bureau of Statistics, the number of cattle was 7,548,000 in 1908, when the population was estimated at 6,650,000. In 1919, the number including milk cows was 10,083,000 with the estimated population slightly under 9,000,000.

Such facts as the above show the imperative necessity of increasing the exportable supply of beef cattle. Co-operation of meat packers during the war reveal two facts:

1. That the normal demand for meats in Europe is so great that Canadian exports scarcely touched the fringe of the trade.
2. That larger organizations in other countries, by greater turnover, had a considerable advantage over Canadian firms.

To remedy these conditions it is necessary that there should be a large increase of the livestock on our farms.

Two kegs of booze that rolled off the drayman's sleigh in Kincardine and led to Lawyer Stewart being heavily fined, were never claimed and were handed over to the hospital.

A letter to Mr. John Morice, Normanby, from Mr. Jas. Watt, (formerly of Hampden) who with his wife are wintering at Victoria, B. C., tells of the death of Fred Morice, nephew to John, and only son of David Morice who died some years ago. Fred died from pleuro-pneumonia following the flu, a young man of 34 and his mother with whom he resided, is sorely bereaved.
