The body of a Thornbury man, named Madill was cut in two while he was tailoring in a mill. A board he was handling was caught by the saw which in turn threw him on the saw with the horrible result. He was 35, married and family survive.

Mr. Jos. Corkill is back to Durham in his old position as hydro electrician, which he occupied before going overseas. He has recently been in Midland. Many in town will regret to learn of the death of his wife in England last fall. Mr. John Wanamaker, whom he succeeds, will we understand, go to Peterborough.

BOUGHT BIG CAR.—Mr Shirley McIntyre last week disposed of his Chevrolet car to Mr. Robt. Lindsay, grocer, and purchased through his brother Norman, local agent, a handsome McLaughlin Special car, D 45 model. It approaches the \$3000 mark in value and is undoubtedly the finest in town or surrounding country.

We have read that way back in last century there was a year without a summer. It would seem safe to predict that this is going to be a year without a spring. This Thursday morning, April 29th, we woke to find two or three inches of snow covering the ground following some very bleak spring-like days. With rains and snows there should be ample moisture for early crops but warmth is much desired.

There died in the Western Hospital, Toronto last week, Mr. Jas. A. McEachern at the age of 34 after three week's illness from heart trouble. He was a cousin of Miss McEachern, teacher here, and his uncle, Mr. Arch. McEachern, Cedarville, attended the funeral at Stayner. Deceased was formerly a high school teacher in North Toronto and is survived by his parents, three sisters and one brother.

DROWNING AT HANOVER.—A sad drowning accident occurred about 14 miles south of Hanover, about 3 o'clock on Sunday afternoon when Henry Rossell, aged 11 years lost his life while attempting to cross a log which spanned the river. He was carrying a dog which jumped out of its arms when half way across the log, causing him to lose his balance and fall into the rapidly rushing stream. The only witnesses of the tragedy were his youngest brother and two other small boys. Henry Rossell was the eldest son of Mike Rossell. He is survived by his father and five brothers and sisters. The body was found in three feet of water about half a mile from where the boy fell in on Monday.

The City of Owen Sound

This is likely to be the caption of our present County Town after 1st June, 1920. The bill to make it legal was before the House last week and waits the decision of a commission of three, one named by the town, one by the County, one by the Province, on the size of the suburban area for which the new city will pay its full share of good roads expense.

Hon. I. B. Lucas, spokesman on behalf of the County, made a strong case why the city should not on the plea of saving be allowed to withdraw from paying its share of a County road expense to which it was a party in the making. His presentation of the case made a deep impression and Minister of Public Works Biggs said as long as the roads of Grey were protected he had no objection to the request for city standing.

W. H. Wright, spokesman for Owen Sound, proposed as a solution a suburban area round the town, to which the new city would contribute dollar for dollar with the county, and this payment would probably equal the amount, some \$14000 which she now paid.

The extent of this suburban area will be agreed upon, and that done, the Legislature will grant the application for city standing.

Rob Roy Mills to Enlarge and Double Capacity

A most important meeting of the Board of Trade was held Tuesday evening to hear propositions from the Rob Roy Mills Limited for an expansion of their business. The propositions were presented by Mr. Wm. McGowan and the main feature is that they propose moving their Yorkton mill to Durham necessitating an extensive building program here and some alterations to the present large structure. The new situation will provide for another parallel railway track to facilitate loading and unloading of cars. At present only four cars can be loaded or unloaded at once; under the new plans provision is made for eight.

The capacity of the mill will be greatly increased, to 500 barrels a day we believe, and the purpose of the meeting was to ascertain the feeling of the town as to granting the request for the guarantee by the town of a \$25000 bond to lighten the great expense necessary for the extensive program of moving and rebuilding. No bonus is asked for, not a cent of town money will be used, only the risk included in the guarantee and that risk is well secured. The property when additions are completed will be worth \$130,000 to \$140,000. Exemption from taxes, other than school taxes, is also desired for twenty years.

A unanimous resolution was carried, favoring the scheme and steps taken to bring it before the council for definite action. A committee consisting of Mayor Grant, A. A. Catton, H. R. Koch and Wm. McGowan was appointed to make enquiries as to the feasibility and cost of inter-switching between the railways—a great advantage to any industry—they report at next meeting.

When the enlarged mill is running to full capacity as many as 30 to 35 men, will be employed it is stated. It is no experiment, the present mill has made good and its product has found its way into the best markets which are by no means yet glutted.

Death of Geo. Ryan, Sr.
Last week the town was startled to learn that Mr. Geo Ryan was dangerously ill for he had been seen on the streets but a few days before. The illness was paralysis of the bowels or some bowel complication which proved fatal, for he passed away on Friday last, leaving as chief mourners, his life partner, three sons, Wm., Geo. and Robert all in town and four daughters, May, Mrs. Nichol; Eliza, Mrs. R. Douglas; Annie, Mrs. Jno. Whittaker, all of Durham; Margaret, Mrs. Cairns, Hamilton. A son Thomas died about 8 years ago.

Mr. Ryan was born in Co. Cavan, Ireland, 81 years ago and came to this country at the age of 19 and was three years in Trafalgar Tp., County Halton. From there to the 2nd con., E. G. R., Glenelg, and was employed by Jas. Edge for a time. Later we find him on the Gravel Road and other places and at last bought and settled in the well known Rob Roy Hotel, four miles east of Durham and there remained for 35 years, his name being to this generation inseparably associated with this place.

Twenty one years ago he bought out the Central Hotel, Durham, which he soon afterwards sold to Mr. McGrath and has lived retired ever since, though always until two weeks ago, a familiar figure on our streets.

In 1803 he married Miss Jane Woods, whom he had known in Ireland and together they faced the toils and triumphs of the time acquiring a modest competency in the hotel business in which he was successful.

Deceased was widely known and respected. He had a free, genial way with him that made him many friends and was known as a man faithful to his word and ever ready to do a kindly turn to neighbor or friend.

The funeral took place on Sunday last under Orange auspices and a very large crowd assembled to pay the last tribute in addition to the brethren from Durham and several near by lodges. Rev. Mr. Hardy conducted the funeral service of the Church of England and interment took place in Durham cemetery. The sympathy of the community goes out to the wife and family, the latter being all present at the funeral, in what was a sudden bereavement.

ALEX. JAMIESON,
Mr. Alex. Jamieson, Mt. Forest, only brother of Dr. Jamieson, Sr. of Durham, died in Wellesley Hospital, Toronto, on Sunday morning. He had lately been suffering from pneumonia, but it was thought he had conquered it, hence his death was unexpected. Mount Forest

For July 1st Celebration the G. W. V. A. have engaged La True Bros. comedy acrobats, to give demonstrations. Big program of other attractions. Further particulars later.

The Minister's Wife's new Bonnet will be presented again in the Town Hall Friday, May 7th, under the auspices of the Juvenile Lacrosse Club. Admission 50c. Plan opens Saturday, May 1st at the Variety Store.

The annual meeting of Durham Women's Institute will be held at the home of Mrs. Robt. Isaac, Thursday, May 6th, for election of officers and other business. All members are expected to be present; other ladies also welcome.

Canadian Greys Chapter, I. O. E. E., wishes to announce that it will collect old papers and magazines from those in town who wish to dispose of them. The newspapers should be tied in bundles and the magazines have the covers removed. On Wednesday afternoon, May 5th, the collectors will be around in the part of the town south of Lambton St. and east of Garatryx St. Proceeds of sale of papers is in aid of fixing of Library grounds.

WHY NOT DURHAM ALSO?—Meaford town is sending a deputation to Ottawa to urge upon the government action on their new post office deferred (as was Durham) on account of war conditions. Mr. Middlebro, M. P., North Grey, arranged for an interview with the Department concerned and we have no doubt R. J. Ball, M. P. would be glad to do a similar service for this town. Here is work for both Council and Board of Trade.

INCREASED WAGES AT FACTORY.—The agitation of the Furniture Co employees recently for increased wages has been satisfactorily settled. They first desired a 25 per cent increase but later agreed upon a 20. This the Company has met by giving 15 per cent advance now and 5 more July 1st next and abolishing the bonus given each six months. Such an arrangement proved agreeable to the men who were up against the high cost of living. The management is to be complimented on their generous recognition of the workmen's request.

GOES TO ST. MARYS.—After a residence of 10 or 12 years almost continuously in Durham, Mr. and Mrs. Thos. Cowan and family are leaving Friday to reside in St. Marys where he has been appointed to the position of town electrician. Though past what is considered to be the prime of life for athletic sports, Mulvey never "went back" and last summer in lacrosse and in winter in hockey, played in old-time form for Durham and was equal to the best of them. His departure will be a loss to the lacrosse team this summer, here and will correspondingly strengthen the St. Marys line up, where his athletic prowess is well known as he formerly lived there. May he have many more successful years in business and national sports.

DIED FROM PNEUMONIA.—Mrs. Joseph Cook, an old and highly esteemed Brant resident, living on the Durham Road, east of Maple Hill, passed away on Tuesday afternoon last after only five days' illness from bronchial pneumonia. Besides her aged husband, two sons and two daughters survive. The deceased was a member of the Anglican Church and a woman of very fine character. The funeral takes place on Friday to Hanover cemetery.—Walkerton Telescope. The following relatives and friends from this part attended the funeral: Mr. Thos. Greenwood and son Ernest, Mr. and Mrs. Thos. Glenross, Edge Hill; Mr. and Mrs. Will Cook and Mr. R. F. Edwards, Zion; Mr. Robt. Cook from Ceylon.

Good Lacrosse District
The Ontario Lacrosse Association made the final grouping of teams last Monday night. Sixty teams are entered, 26 of these in the intermediate series and 10 in the Juvenile.

Durham is placed in Intermediate district No 1, along with Markdale, Hanover and Yara. This is as satisfactory a group as could be expected and should be productive of some fast, close games this summer, with all teams we surmise, pretty closely on a par in strength. Herb Henning of Hanover is referee.

Durham Juveniles have been given a bye, and are all by their lonesome in group 4. Three other groups have district games and Durham will meet them in the semi-finals. Till then some exhibition games will be arranged. The Juveniles expect to have a full practice tonight, Wednesday and form some idea of their line up.

I wish to intimate to the public of Durham and vicinity that commencing the 25th day of May next, I intend to carry on a strictly cash business. All outstanding accounts must be paid before that date.
