TOWN TOPICS

Duchess black silk and Ladies' silk thread hose in black, white and brown at Grant's.

Dr. Murray, Chiropractor, will be at Mrs. J. C. Nichol's each day from 2 to 5 p. m. and from 7 to 8, except Sunday.

An auction sale of household goods the property of Mr. S. F. McComb, will be held at his former residence on Saturday, May 29th at 2 p. m. See bills later.

Good Indian Motor-cycle for sale. Apply to C. E. Watson, Durham.

LOST.—On Sunday 16th May, near Varney, a striped shawl. Finder will be suitably rewarded by returning to Mrs. Robt. Dezell, Varney.

TWO HORSES DIED.—Michael and John Barry of Durnoch had the misfortune to have two valuable mares die last week. Their loss is estimated at \$500.

WON THE MEDAL.—Amelia F. Blair has received the medal from Durham F. S. Board for the highest standing of Durham pupils on High School Entrance examination 1919.

SWEET CLOVER IN MANITOBA.—Tempted by the fortunes that are being pulled out of the soil through sweet clover in old Ontario, Donald Brown an ex-Allan Park farmer now in Manitoba is experimenting with "gold dust" in the west this season. On his quest James McMahon, a Hanover friend has sent him three bushels of clover seed for experimental purposes.

JACKSON FARM SOLD.—A real estate deal of considerable interest transpired last week, when William Johnston, proprietor of the well known Jackson farm, about one mile north of town, sold it to George Noble, son of Mr. Wm Noble for \$12,000. There are approximately 250 acres in the farm and it is said that Mr. Johnston almost doubled his money on the transaction. He purchased it a few years ago from Mr. Arnold Noble. He will give possession next March.

STONE CRUSHING PLANT.—Machinery is now on the way for the stone crushing plant being installed at the old Cement Works by the John E. Russel Company of Toronto. It is expected the machines will be in position in two weeks time and will give employment to ten men. The large stone hill to the rear of the plant contains a great deal of good material and crushing operations will be carried on in the former clinker storage building and part of the machine shop. The output will reach about 500 tons daily. H. W. Wilson is superintendent and has a number of men doing preliminary work now.

DESIRE TO IMPROVE CHURCH.—It is the intention of the Roman Catholics in town to entirely remodel their church building, so as to be able to utilize the whole edifice for church worship. At present the down stairs portion is still in the conditions which existed when the granary was there. The plans which are on foot, are to lower the present walls considerably and put on a roof of much greater slope. The building itself is sound throughout and a sample of stonework and masonry that reflects credit on old time builders. Photographer Ritchie has taken a photograph of the present church and the proposed changes are in the hands of an architect. One of the greatest difficulties which faces the congregation is to secure the tradesmen to carry out the work.

SERVICE.—Our highly developed service is available at all times for the benefit of our customers. Every well-grounded business man appreciates the importance of the co-operation, guidance and information on financial matters of his Banker.

THE STANDARD BANK OF CANADA DURHAM BRANCH JOHN KELLY MANAGER PRICEVILLE BRANCH OPEN TUESDAYS AND FRIDAYS

The Post-office will be closed on Wednesday afternoons during the summer the same as other business places.

Mr John C. Queen, Egremont, has purchased a standard Gray-Dort car from Mr. Ab. Noble of Durham.

MID WEEK HOLIDAY.—During June July and August, Durham stores will be closed every Wednesday afternoon, so town and country shoppers please take notice.

GIVEN A SHOWER.—On Friday evening last between 30 and 40 neighbors and friends of Miss Maggie Firth, Edge Hill, met at her home and gave her a miscellaneous shower of very useful articles. Miss Firth leaves on Monday for the West where she will be one of the principals in a nuptial event with Mr. Fred Currie of Lewvan, Sask.

HYDRO HEATING AND COOKING.—Mr Wm Laidlaw is installing a hydro electric stove in his home and says that by so doing he is removing work at the wood pile and averting the dangers of a coal strike or shortage. His is the third of its kind in Durham. Mr John Kelly and Mrs N. McKechnie already having this modern convenience in their homes.

PRICEVILLE MONUMENT.—Mr. S. H. Rutledge of the Orangeville Monument Works, secured the contract for the soldiers monument that is to be erected in front of the Presbyterian Church at Priceville. The monument will be 14 feet high, on a cement foundation. It will have a granite base seven feet in height, surmounted by a seven foot Italian marble statue. The contract price is \$2,300.

CLEANING UP MCGOWAN DAM.—The Robert McGowan Mill, formerly the McKechnie property, will be a going concern in a few days time. For some time past the dam has been getting a thorough overhauling and cleaned out of a lot of its stumps and debris. A bee was held on Monday, a great deal of work was done and a great improvement has resulted. The stumps and logs are being burned and the land levelled off. They hope to have the machinery wheels turning this week end.

SPLENDID ROAD GUIDE.—Those whose business or leisure allows them to travel over Ontario roads, should procure "Appleton's Road Guides" at 50c each from the Munson Book Co., Toronto. They would seem to be invaluable to the touring motorist and the two books with four maps only a dollar. An index of every city, town or village is included with a key to find it on the map. Also a synopsis of motor vehicle laws, license regulations, and much else of importance and interest.

The sale at Levine's Merchandising store at Durham is going on finely. A great many people from Durham and surrounding country have been benefitted by purchasing the very best merchandise at a great reduction of prices that they could not get elsewhere. There is still thousands of dollars of the very best clothing, boots and shoes in stock that you can get in the finest selection of quality and sizes. Don't delay your purchase. You will be greatly benefitted by it as Levine is bound to sell out and the only thing for him to do is to reduce prices as he is doing.

STUDENTS ARE BUSY.—These are busy days for school teachers and students. Examinations come next month and all are putting forth their best efforts to succeed. In Durham High School there are 28 pupils writing on Lower School work, the examinations commencing on June 14 18 are trying for middle school honors, starting on the 16th. Of the 18 there are 12 trying for both matriculation and Normal school Entrance. Two students are writing for Upper School work, one of them Myrtle Koch, being a candidate for the Carter scholarship. There are from 75 to 80 H. S. Entrance pupils writing at Durham centre on June 28, 29 and 30 and the outlook is that the High School here will be crowded more than ever this fall.

Provincial Highway Work Will Commence Soon

Water Tight Macadam Road Expected in Durham this Summer.

It is understood that work on the new Provincial Highway, Guelph to Owen Sound, will commence early in June. At least one point where a start will be made is north of Durham, adjacent to the improved stretch of roadbed laid last summer. It is expected that Garafraxa St. in Durham, which now comes under Government maintenance, will then be treated to a roadbed of crushed stone. Reeve Calder states he expects the work will be underway at an early date.

According to Government employees who accompanied the crusher to town two weeks ago, Hon F. C. Biggs, Minister of Public Works, and Government engineers, will make a motor trip from Guelph to Owen Sound as soon as the Legislature adjourns in order to have personal knowledge of the highway and its requirements. It is possible he will be here this week end.

By the bill which gives it the city charter, Owen Sound pays \$14,000 for the upkeep of the roads in its suburban area, in addition to the 20 per cent imposed on municipalities for provincial highway maintenance. The county pays a similar amount for roads in the same area. However the size of the county town's "back yard" has not been fixed yet and there promises to be a fight to settle this point, Owen Sound desiring to keep the limits of the area confined as close to the town as possible.

Much needed road repair is underway on Lambton street east to the 2nd Con. Gienelg. Thanks to Reeve Calder, the county machinery was not all removed to other fields before this was undertaken.

Death of Robert Milburn

The death occurred this Wednesday morning of Robert Milburn at his home in Upper Town, and where also Mr Geo. Furneaux, his brother-in-law resides. He has not been in robust health for some time, the seat of the trouble being an ulcerated stomach which worked its way to a fatal termination. He leaves as chief mourners, his wife, a brother, John Milburn of Brantford, an aunt in Cayuga and brother-in-law and sister-in-law, Mr. and Mrs. Geo. Furneaux with whom he has shared the Durham home for the past two years.

Deceased was a native of Durham Co., England, came with his family at 10 yrs of age to Brantford and about 19 years ago moved to the farm two miles north of Durham. Deceased was a hard working industrious man and early won the respect and esteem of his neighbors for many excellent qualities of head and heart. He was 60 years of age and a consistent member of the Methodist church.

The funeral will be held Friday at 2 p. m., interment in Zion cemetery.

Death of Walter Buchan

To-day, Thursday, the mortal remains of Walter Buchan, are being laid to rest in Durham cemetery. He has been for a number of years in a Hamilton institution and died there on Tuesday. Undertaker A. Bell was notified and the remains on arrival on Wednesday were taken to his undertaking room. They were accompanied by his son Wm of Dunnville. Service is to be held at the home of his niece, Mrs Knight, the only relative now residing in town.

Besides the son William there remain as chief mourners his wife, sons Ewing and Lauder in the west and one daughter, Mrs (Dr) Woods of Bayfield.

Deceased bulked largely for a number of years in the public life of Durham. He was kindly and genial in social life and was one of the best general hardware salesmen in town. He was musically inclined and in days of health often gave freely of his talent. He was in his 69th year.

DAVID GRIER

Our Holstein news tells us of the death of this well known gentleman at the age of 76. We have no particulars of his last illness at this writing. A lessening number will recall his teaching days in South Grey and associate them with his well known brother Nathan, now long deceased. The writer has the kindest memories of association with him in these early days, and occasionally in later times.

A meeting of the Durham Branch of the Women's Institute, will be held in Durham Public Library, on Tuesday, June 1 at 2.30 p. m. Mrs. F. W. Watts, who has had marked success, both as an Institute officer and lecturer, will address the meeting. All ladies welcome.

SHEEP LOST.—Strayed from the premises of the undersigned on or about May 8th, four Leicester sheep—one yearling and 3 ewes. Reward for information leading to recovery.

Carl Harrison, R. R. 1, Varney

CHATS WORTH ELEVATOR SOLD.—The Rob Roy Milling Company have purchased the elevator at the C. P. R. station in Chatsworth from Wm Taylor. A gang of men is wrecking the building which will be brought to Durham.

QUARREL HELPED ARMY FUND.—Within the past few weeks there have been no fewer than three cases of "family jars" which required settlement by Magistrate Laidlaw. No information was laid against the offending parties, the trouble being mostly caused by the husband, and no sentence was therefore imposed. Magistrate Laidlaw played the role of peacemaker in each case and tears were dried. In one instance he told the quarrelsome pair that both would feel better if they donated to the Salvation Army Fund. Both complied with request and departed for their homes in peace.

SUBMIT TO ARBITRATION.—Reeves Calder of Durham, Hockridge of Proton, Boyd of Markdale and Warden Morrison were in Owen Sound on Wednesday meeting with the County Town officials in an effort to arrive at a settlement of Owen Sound's maintenance towards the county institutions, goal, Children's Shelter, etc., after it assumes cityhood. However they failed to come to an understanding, and the matter will be arbitrated upon Owen Sound was willing to continue paying one-eighth of the cost of upkeep, but no more. The County men contended the new city should assume its share according to population, which would be about one-fifth. The outside Reeves compromised to one-sixth being Owen Sound's share, and when the latter refused this offer, the committee decided they would arbitrate before going further.
