PROMPT RELIEF for the acid-distressed stomach, try two or three KI-MOIDS after meals, dissolved on the tongue—keep your stomach sweet—try KI-moids—the new aid to digestion. MADE BY SCOTT & BOWNE, MARKERS OF SCOTT'S EMULSION

PRICEVILLE AND VICINITY

Successful Garden Party Notwithstanding the fact that afternoon and evening a heavy shower threatened, there was a large turnout at the Priceville Presbyterian Garden Party on the Show grounds Tuesday night. Lunch was served in the hall adjoining the grounds.

The opening attractions were good baseball and football games. Fisherton won the baseball from Ceylon 7 to 5 in five innings. Ceylon almost tying the count by an attempted steal home, making the final put out. The Fisherton battery was Buchanan and Graham with Waring catching; A. Muir pitched for Ceylon with G. Muir, catcher. J. Pattison was umpire.

Swinton Park defeated Priceville 1-0 in football and they will again meet at Swinton Thursday. The winners from goal out were R. Ferris, W. Knox, P. Harrison, W. Stewart, L. McLean, W. J. McLeod; Forwards—Bert Knox, Arch Ferguson, Jack Webster, G. McLeod, L. Kimmell.

All then proceeded to the church where a brief program was given, with Editor Ramage in the chair. Much enjoyed solos were rendered by Mr. Wm. Ramage and Miss McDonald of Orono Sound, while the latter's sister also supplied a pleasing instrumental. The chairman made a few remarks regarding early times in Priceville and the pastor, Rev. C. S. Jones also spoke, referring to the football team's handicaps and asking co-operation and assistance. He announced the proceeds as \$133.00—"God Save the King" opened and closed the program.

Property for Sale. That splendid residence property in upper town, belonging to the late Mrs. Wilson, will be sold on reasonable terms. It contains 1 acre, more or less; comfortable residence, 7 rooms; hard and soft water; good bearing orchard; garden; fine location. Apply on premises or to Thos. Ritchie, or Duncan Smellie, Executors.

at the close of this session. How is it they in authority only allow the messengers attending during the session \$2 a day and board themselves, Sundays included? But then they expect its an outing for those attending as messengers to get away from home for a few weeks even if they are paying more than their indemnity for their keep during the time they are there.

Monday, 5th July, Fine and warm. Yesterday, Sunday, some were wearing their overcoats going to church. Rev. Mr. McLean of Stayner and Mr. Jones are exchanging next Sunday. Mr. McLean is a good highlander and said to be a good speaker. Rev. Mr. McEwen and McCarty are to exchange next Sunday. We don't mean to say Mr. McEwen is going to turn Methodist but it's a good christian spirit not to be selfish.

Mrs. Burnet and daughter, (nee May Hooper) are at present enjoying their holidays at Mrs. Burnet's old home at her brother's, Mr. Angus Hooper of Top Cliff, S. Lunenburg. Mrs. Burnet's home is in Michigan and memories of the past will be green to her when a small girl going to Top Cliff school. Her aged mother will be pleased to have daughter and granddaughter with her for a while.

A relatives picnic was held at Eugenia Falls from this and other parts on July 1st. Those represented were McCuaig of Top Cliff; McCannell's of Bruce Co.; McLeod's of Swinton Park and Collingwood; McQueen's of Stayner; McMillan's of Swinton Park; Hineck, Ceylon and others, being some 60 relatives and connections in all. All enjoyed a good time.

Mr. Walker of Toronto spent a few days with old friends in Priceville. Mrs. Morrison from the West is spending a while with her mother, Mrs. John McMillan, S. Line, Artemesia.

Miss Lizzie McCuaig, teacher at Bunesan school, left this morning to take a course in Agriculture at Guelph College. David Nichol has given his fine farm a grand appearance by putting a woven wire fence to all the front. Look out Dave when the Assessor comes again.

Miss Mary Aldorn, Principal of the public school, Kinross, Sask. is visiting at her father's, Mr. Wm. Aldorn for five or six weeks. Mr. and Mrs. Loeckie McKinnon, Dalmenad, Alta., are down east on a visit to their numerous relatives in and around Priceville. Mrs. McCormick is able to be up and attending on herself. She was one of the good and faithful attendants at the Presbyterian church with her husband, while in health and strength but now the infirmities of age are telling on her and she is obliged to stay at her home on Sundays.

SWINTON PARK Evangelistic services that have been conducted in Salem Church for the last ten days, have ceased on Tuesday. Mr. Sarrpe, the speaker, has done good work as he is an able speaker. A few car loads from here motored to Owen Sound on Dominion Day and report a good time.

Mr. B. Martin lost a valuable mare on Sunday. The Pathmasters are busy at present fixing up the roads and a good deal of gravel is taken out of Mr. Richardson's pit.

Mr. R. J. Watson has Mr. Alex. McLean employed moving his large barn from Mr. W. A. Richardson's farm to the one he purchased last spring. Mr. G. Wright saw a large bear crossing his farm. It is as dangerous as an animal as some of the loxers here, it is just as well to keep going East.

Mr. and Mrs. R. B. Knox, Mr. and Mrs. W. J. Knox motored to Lucknow on July 1st to visit with relatives there. Messrs. Ed. Haw, Ed. Wright and Wm. Stewart made a business trip to Holstein on Saturday night.

If You Have High Blood Pressure You Must Be Careful When the Blood Pressure is much above normal there is always the danger of rupture of a blood vessel, most frequently in the Brain and producing a stroke, or in the Kidneys, producing Bright's Disease. One should guard against over-exertion or excitement and take HACKING'S HEART AND NERVE REMEDY to dissolve the Uric Acid deposits that form in the Veins and Arteries, making them hard and brittle. This remedy is a wonder; it builds up the entire system by Purifying the Blood, Strengthening the Heart and by producing a normal and healthy condition of the Nerves.

Mixed Scrap Iron Wanted For all such brought to my yard here, I will pay 50c to 1.00 per 100 lbs. It is Dangerous to Use Counterfeit Parts for the Ford

By allowing your garage man to use imitation parts in repairing your car you not only invite repeated repair bills and more serious breakdowns, but you actually endanger your own life and the lives of others. Cheap and inferior parts used in connection with the steering control are liable to cause accidents of a very serious nature.

You Risk Your Life When You Use Imitation Spindles

In a recent test the tensile strength of the genuine Ford Vanadium Steel spindle arm was found to be over 100% more than that of the counterfeit machine steel part. The arms were submitted to shock, and the counterfeit arm broke at a pulling force equivalent to 11,425 pounds applied to a cross section. The same pulling force applied to a corresponding cross section of a genuine Ford spindle arm did not even change its original size or shape. In order to separate the genuine spindle arm it was necessary to apply a pulling force of 25,000 pounds.

The spindle arm is one of the vital parts entering into the control of a car, and by using spurious parts in such places, Ford owners are risking lives and property.

You are merely protecting yourself and avoiding repeated repair bills when you demand genuine Ford parts.

Only Genuine Ford Parts Can be Used with Safety

C. Smith & Sons, Dealers, Durham

Genuine Ford Springs versus Imitation Springs

Genuine Ford front and rear springs are made of Vanadium spring steel having a tensile strength of 210,000 pounds per square inch, and an elastic limit of 200,000 pounds. Every genuine Ford spring is tested in the factory. Front springs are subjected to a pressure of 1,850 pounds. In the fatigue test the average genuine spring will stand 60,000 strokes before breaking. Rear springs are subjected to a pressure of 2000 pounds and the average genuine spring will absorb 40,000 strokes before breaking.

Imitation springs are generally made of carbon steel having a tensile strength of only 130,000 pounds per square inch and an elastic limit of only 115,000 pounds. In ordinary service they soon flatten out.
