Ford
Plain Facts about Milk Routes

A team of horses costs about \$400, double harness \$100, a wagon \$75, making a total of \$575. A Ford Truck costs \$750 at Ford, Ont.

Government experiments have proved that the cost of feeding a horse is 8.7 cents per working hour, or 17.4 cents per team per hour. One team, if collecting milk, could not cover more than 30 miles a day. The cost for twelve hours would be \$2.09, or about seven cents a mile. The cost for gas and oil for a Ford Truck is only 4½ cents a mile. The Ford Truck soon pays for itself in the reduced cost of operation.

A Ford Truck will cover at least 60 miles a day collecting milk or 250 miles on long hauls. It enables you to operate at a lower cost per mile and to cover twice as much territory as with horses.

Ford One-Ton Truck (Chassis only) \$750 f. o. b. Ford, Ont.

PRICEVILLE

Priceville Methodist Circuit Notes
 Evangelist G. M. Sharp and party, concluded a ten day appointment of the Priceville Methodist circuit, on July 6th, at the Salem appointment. Through the time was limited the results accomplished were most encouraging. A great inspiration was brought to the circuit and to the neighboring churches. Mr Sharp's work is genuine. Five of the neighboring ministers visited and assisted. Dr Murray of Flesherton, conducted the song services and was much appreciated. Among the ninety five taking a stand for Christ during the revival, at least ten different churches represented. The interest shown by the Gospel Band organization at the close of the campaign, gives promise of splendid things to come.

Rev. E. J. McEwan of Durham Baptist church preached at the three appointments on Sunday, July 11th, and was welcomed and very much appreciated in all the services.

Rev. Henry Berry, a former pastor will preach at each of the appointments on Sunday, July 25, and will continue to have charge of the circuit until the return of the pastor.
