ONCE upon a time there was a peasant who said it was too cold to go out into the woods to chop logs for the fire, so he conceived the idea of chopping up the furniture. In a short time he had disposed of the chair and table,—then being cold once more, he took out the window frames and burned them, and after the window frames, the doors.

These being burned he was colder than ever, thereupon he started to tear down the house and burn it piece by piece, until at the end he had neither house nor heat.

The folly of this peasant is not unlike that of the person who for frivolous reasons sells his Victory Bonds which, by painstaking thrift and sacrifice, he acquired as protection for a rainy day. He is disposing of a sheltering roof and knocking out the door that might serve later to keep away the wolf.

A severe electrical storm passed over here on Friday, rain fell in torrents but no hail here. Some grain was broken down. The lightning played a costly prank at Mr P. Mutch's when an animal was killed in the stable.

No sign of where the current entered could be found. The only mark on the animal was a ring in his nose being burned.

The Women's Institute held a most enjoyable picnic at the home of their honorary President, Mrs Wm. Rogers on Thursday, July 22nd at which about 60 persons were present to enjoy the afternoon's program and sports.

The President called the company to order on the beautiful lawn and the following program was rendered: Piano instrumental, Miss Foulds of Glendon; violin and piano by Miss Bertha Bilton and Mrs Thos Brown; a paper on "Duties of Officers" read by Miss Rita Roberts; recitation by Mrs Atchison of Dromore; solos by Miss Mabel Brown of Regina.

A short talk by Mrs Bradwin of Glendon about their Institute and its work. Visitors from Dromore and Glendon were present and heartily welcomed. After the program numerous games were enjoyed such as tug-of-war, spoon race, &c. Refreshments were then served after which captains were chosen for two sides and a splendid game of football by the ladies followed.

An amusing part of the football game was the ladies losing their shoes kicking at the ball. One of the spectators remarked that so many of their shoes in the air at once darkened the sun. The score was 2-2. Every one present declared the picnic a decided success in every way. A vote of thanks was extended to Mrs Rife as President and also to Mrs Rogers for the very enjoyable afternoon. God Save the King was sung in closing.

A very pleasant afternoon was spent with Mrs Rogers last Thursday, when Holstein W. I. had the pleasure of entertaining Glendon W. I., ending with a tug of war and football by the ladies. But Holstein will report as we forbear.

The game was delayed on account of the lateness of some of the Orchard players, it starting when it should have been over. Be on time boys as these are League games and people want to see the game in daylight.

VEOIL

Heavy rains prevailed last week—a severe electrical storm coming Friday morning. Although it was not so incessant and terrifying as the one in N. York where for three hours the sky was a white sheet of flame with accompaniment of unceasing thunder, still we hope we shall not have one so bad again.

We had not heard of anything very serious resulting from it except at Mr Mutch's, where one of his cattle, which was in the stable, was killed. The word to Inspector Jackson, of Harrison, who, upon arrival, was satisfied that lightning had struck it when he saw how discolored was the ring in the animal's nose—with the exception of the part inside it had been of a blue color.

Care was not taken of the beef-ring on the 12th when the animal was as far as the ring was concerned as the perfectly healthy looking animal turned out to be tubercular.

A very pleasant afternoon was spent with Mrs Rogers last Thursday, when Holstein W. I. had the pleasure of entertaining Glendon W. I., ending with a tug of war and football by the ladies. But Holstein will report as we forbear.

Madames Whyte and Sim accompanied Mrs and Miss Allingham on a pleasant joy-ride to Rverview on Monday. Farmers were busy all along the way in the various stages of haying—one farmer had 90 acres of hay and none in the barn. Crops were verdant but not so good as in our own vicinity.

NORTH EGREMONT

It seemeth but a short while but yet five years have elapsed, on Wednesday of this week, since we experienced the great sorrow in the death of our oldest daughter Mary. True many have been called upon to mourn since then, the loss of ones near and dear to them, but yet in the midst of it all, God's faithfulness and loving kindness is new to us all every morning.

Mr Gillies McKelvey of New Liskeard, one of Canada's returned soldiers, is at present on a visit at his grandparents here, Mr Joseph Moore.

Miss Effie Habie contributed a solo very sweetly at C. E. meeting on Sunday evening last. Mr R. The possibility of it having been brought to Ireland by St. Patrick and hid there in a bog or cave, as thought by some writers was an interesting feature.
