

Saskatchewan—

A Province of Inherent Wealth

Saskatchewan has played an important part in gaining for Canada her place amongst the great wheat producing countries of the world. In 1915, 56% of Canada's bumper crop was reaped in that Province. This year, estimates say that 136,000,000 bushels of the Dominion's total of 289,000,000 bushels, will be produced there.

The value of this Province's 1920 wheat and oat crop alone is estimated at \$400,000,000. This large natural wealth constitutes one of the reasons that Saskatchewan bonds rank high in investment circles.

We offer, in \$500 and \$1,000 denominations, \$3,000,000 of this Province's 6% Gold Bonds at 96.62 yielding 6.30%.

PRICEVILLE AND VICINITY

PRICEVILLE AND LIMITS

A heavy thunderstorm and rain on Monday caused a little delay to those engaged in threshing. However they finished their days work by working late hours. The rain was needed, as some wells were going dry.

Angus McLachlan, who met with an unfortunate accident by having his foot badly cut a month ago, had one of his toes amputated, lately by Dr. McFarlane. This will cause him to be laid up for some time yet.

The citizens would like to know what's the delay in getting the hydro lights in operation. We see a heap of poles which we expect will be placed this week.

The days last week were very warm and after the showers, it's cooler today, Tuesday.

Lots of sweet clover lying where it

grew yet and the heavy rain put a damper on having it threshed, for a few days.

Remember our big Exhibition here 7th and 8th of October. As usual, 'twill be a good one.

A Young Hardwareman Proposes Poetically

Dear Bell, I love you Mower each day,
Of all the girls you are my Pick
And if I ever have my way,
You may be sure I'll steel you quick.

When first I saw your golden locks,
The Keys of which I hold in part,
I hoped I could with Tackle blocks
Draw you more closely to my heart.

Could I in my Repeating Arms
But clasp you, little maid divine
I'd Bolt you there with all your charms
And Rivet your sweet lips to mine.

I'd Chain your heart's door fast and fair
And Nail the Hinges on with bliss;
I really love you on the Square,
You'll find no Greater love than this.

So now I'll screw my courage up
And Axe you if my name will fit
If so, you're just the needed cup
Of Punch to Brace me up a Bit.

So come to-night and we will, Pile
The papers, dearest little Plumb,
I'll meet you at the outer stile—
Just Wire me if you Can Nut come.

Full many a flower is born to blush unseen,
Full many a Ford may do the same I ween,
If higher jumps the price of gasoline.

Let the Homes of Canada Reflect the Nation's Prosperity

CANADIANS have every reason to feel optimistic and courageous today, to live happily and to enjoy the refinements and comforts of a progressive and prosperous nation.

As a Toronto "Globe" editorial so truly stated:—

"In the topsy-turvy world of to-day, few nations have a better outlook than Canada, the well-being of which is based firmly upon the fertility of her boundless fields."

Improvement of Homes

One of the most impressive evidences of the progressive and prosperous condition of the Canadian nation is the great interest that is developing in the beautifying and improving of our homes. More care and more thought are being given to the furnishings. Greater consideration is shown for beauty and harmony. An atmosphere of cheerfulness, brightness and attractiveness is carried throughout the home.

The Influence of Furniture

It is really surprising how readily an ordinary, uninteresting house can be transformed into a real home, in which it is a pleasure to live, by the magic of beautiful, yet not necessarily expensive, furniture.

Nothing that you can buy will give you and your family so many years of happiness, comfort and solid satisfaction as beautiful furniture.

Beautiful furniture brings an atmosphere of cheerfulness and brightness into every room. It delights the eye. It gives comfort and rest to the body. It brings contentment to the mind and has a refining influence on character. It gladdens the heart. It is the pride of the owner.

The Designs of To-Day

During the last decade there has been a wonderful improvement in the appearance of furniture.

Modern furniture designers have received their inspirations from the "Period Designs" of the old masters, but have not copied their work, because some of the old masterpieces were either too frail or too cumbersome for utility.

While the average family might not care to furnish their homes with the original work of the old masters, the modern adaptations of them, as produced by Canadian furniture craftsmen, ideally meet the present-day demands for furniture that combines beauty with comfort and utility.

Moderately Priced Suites

This beautiful, modern, well-made Canadian furniture is obtainable in moderately priced sets and individual pieces, as well as in the more elaborate and expensive suites.

The individual earnings of Canadians are greater than those of almost any other race. The new era commencing with the close of the war is proving to be the most progressive and prosperous in the history of the Dominion, and Canadians can well afford to brighten up their homes with better furniture.
