dependent Wealth in West-  
ern Canada.

paths of fortune in Western are many and diversified. One in for cattle, another in sheep, still another distributes his indulges simultaneously in the. The results appear to be, and if the follower of one richer than another it is in purity of wealth beyond bounds. The story that follows faithfully be called a sheep ro-

T. Heninger is a large sheep in Southern Alberta, and on large ranches, known as the Ranch, King's Lake Ranch, and Ranch, located southeast of the, he has clearly demonstrated that can be done by personal and assiduity coupled with climate and fodder. Mr. Heninger a most insignificant before the early chapters of his life having much in common with first commences which developed into ranching for the west. But sheep have a increasing and the size of the flock at the present time the hills and coulees of the che, may be estimated from that last spring it was in the addition of seven lambs, and that the wool coated amounted to about

A slighty wagon, sheep breeders and farmers there is a tremendous mowing lambs in the first few their existence, and this motto has been, "Save the sheep will take care of

"Upon this policy he has the herd he now owns. A the ranches in the spring it be somewhat startled to abundance's mud antics as it rough and furious way over even coulees. An ambulance stated "wild and woolly" is not unusual spectacle, but "slighty wagon," as soldiers to call it, has saved the hundreds of lambs each season.

treatment, Dr. Carrell, himself, being in the hospital. Miss Wood remained with this hospital until March, 1918, when she sailed for Palestine with the American Red Cross Commission to Palestine, which was sent out under Colonel John Finley. Her duty to the Commission was that of surgical nurse, and she acted in this capacity in the American Red Cross Hospital at Jerusalem. She remained in the East until the spring of 1919, when she sailed for Paris.

"Only the quick work of Miss Emma Wood and Miss Frances McQuade, its managers, saved from total destruction the Canadian Hospital for Tubercular children at Yedi Koule, Constantinople, built by Canadian funds, when the building was recently damaged by fire.

The workers were aroused early in the morning by the smell of smoke. Miss Wood gave the alarm and the fire was finally located in the store room. Courageously entering the room, the workers removed six cans of gasoline. The blaze was finally extinguished after it had caused a loss of two hundred dollars."

Miss Wood's home is at 221 College Avenue, Sarnia, Ontario. Miss McQuade is a native of Charleston, West Virginia.

Miss Wood is a graduate of the Training School for Nurses, John Hopkins Hospital, Baltimore, Md. Since graduating she has had quite a varied experience. A year was spent in Pittsburgh, Pa., in connection with

## CASUALTIES IN 5 DAYS OF IRISH REBELLION TOTAL 63 KILLED, 67 WOUNDED

Sixty-Seven Persons Wounded—Casualties Include Crown Forces, Sinn Feiners and Civilians—Sensational Rescue of Prisoners.

A despatch from London says:—In the five days from Saturday last to Wednesday, inclusive, the casualties reported in Ireland, comprising the Crown forces, Sinn Feiners and civilians, total 63 killed and 67 wounded.

For every man executed vengeance is anticipated, and as the Government has in custody many men liable to the death penalty, and is said to mean to carry out executions, the piling up of deaths on each side is considered here as inevitable.

No big outbreak is thought probable, but the daily guerrilla warfare against the troops and police and the individual shooting of policemen and men suspected of having dealings with them are considered not likely to be seriously checked by any Government measures yet taken.

A sensational rescue of Irish prisoners took place Wednesday evening in County Roscommon. A military party was proceeding toward Long-

### Canada and Armenia.

Canadians are especially interested in their own workers in the disturbed area of the Cross Roads of the Near East. The following has been received at the headquarters of Armenian Relief:

"Only the quick work of Miss Emma Wood and Miss Frances McQuade, its managers, saved from total destruction the Canadian Hospital for Tubercular children at Yedi Koule, Constantinople, built by Canadian funds, when the building was recently damaged by fire.

The workers were aroused early in the morning by the smell of smoke. Miss Wood gave the alarm and the fire was finally located in the store room. Courageously entering the room, the workers removed six cans of gasoline. The blaze was finally extinguished after it had caused a loss of two hundred dollars."

Miss Wood's home is at 221 College Avenue, Sarnia, Ontario. Miss McQuade is a native of Charleston, West Virginia.

treatment. Dr. Carrell, himself, being in the hospital. Miss Wood remained with this hospital until March, 1918, when she sailed for Palestine with the American Red Cross Commission to Palestine, which was sent out under Colonel John Finley. Her duty to the Commission was that of surgical nurse, and she acted in this capacity in the American Red Cross Hospital at Jerusalem. She remained in the East until the spring of 1919, when she sailed for Paris.

In France a couple of months was spent in Red Cross duties, and then Miss Wood, with other nurses, left for Poland to help in the fight against typhus in that country. She remained in Poland five months and during this time had a very harrowing experience in the Polish town of Bielsko. At the end of the five months she returned to France, sailed for America, and arrived back in Sarnia in the middle of December, 1919.

After a rest of three months, she engaged with the Near East for service in the Caucasus and, with others, sailed for Constantinople in March, 1920. The journey was made into the Caucasus, but on account of conditions there, the nurses were taken back to Constantinople last summer. At this time, arrangements were being made to open up the Canadian Hospital for Tubercular Children at Yedi Koule, and Miss Wood was appointed Superintendent of the hospital. She is still the acting Superintendent at Yedi Koule, and from the tone of her letters, one would infer that she is very much in love with her work.

Send contributions to Mr. D. A. Cameron, Manager, Toronto Branch, Canadian Bank of Commerce, King Street West, Toronto.

### Floating Safes For Mail Steamers

A despatch from The Hague says:—The Dutch Indian mail steamers have just been equipped with floating safes large enough to contain all of the ship's valuables and registered mail.

They look something like a cross between a floating buoy and a submarine, and are equipped to ring bells, shoot off skyrockets, flash light and blow horns. The safe, if cast overboard in event its ship went down, would go floating about the seas attracting attention to itself until its clockwork machinery, set for thirty days, ran down.

### Wheat Arrives in Fine Condition Via Panama

A despatch from London says:—Messrs. Dewar and Webb of London, the consignees of the big wheat shipment received from the prairie provinces via Vancouver and the Panama Canal, which arrived in London last week, have reported that never was any shipment landed in better condition, and that the millers on the Corn Exchange have said that the wheat was about the finest which had ever been received from Canada.

In the fall of 1917 she entered the War Demonstration Hospital, New York City, which at that time was a branch of the Rockefeller Foundation. At this hospital she was fortunate in becoming familiar with the Garel-Dakin method of wound

healing, which she resided.

healing, which she resided.

When the Empress of Russia arrived at Vancouver from the Orient, she was met half way between Victoria and Vancouver by a Government sea plane which scanned the path of the liner for miles around in order to detect any small craft that might be used by smugglers, to pick up drugs thrown overboard.

They are here seen getting in form for the famous Oxford-Cambridge annual races.

### TO FORM A NEW PROVINCE OF CANADA

#### Commons Resolution Would Divide British Columbia.

A despatch from Ottawa says:—The formation of a new Province of Canada consisting of "all that portion of British Columbia which lies to the north of the 52nd parallel of north latitude and including the Yukon Territory, subject to the approval of a majority of the electors of all the territory mentioned and determined by a plebiscite," is being moved in the House of Commons by Col. C. W. Peck, V.C., and seconded by Dr. A. Thompson, Yukon. Col. Peck's resolution reads:

"(1) Whereas, it has been the policy of Canada to establish new Provinces as the country develops, as was done by the creation of the Provinces of Manitoba, Saskatchewan and Alberta; and

"(2) Whereas, the natural resources of northern British Columbia and those of the Yukon are of a similar character; and

"(3) Whereas, these resources are being developed and as a result the population of this territory is rapidly increasing; and

"(4) Whereas, it is fully expected that the census to be taken this year will show sufficient population to warrant the erection of another Province; and,

"(5) Whereas, the building of the Grand Trunk Pacific created a natural political division—

"(6) Resolved, that a new Province be formed consisting of all that portion of British Columbia which lies to the north of the 52nd parallel of north latitude, and including the Yukon Territory, subject to the approval of a majority of the electors of all the territory mentioned as determined by a plebiscite."

### Widows' Pensions Budget Lower in Britain

A despatch from London says:—British war widows are re-married so rapidly that the Chancellor expects to be able to reduce pensions appropriations in this year's budget by £10,000,000 sterling. This, however, is only one of the factors contributing to the anticipated reductions, but it is

stated that thousands of women made widows by the war have again become wives and thus have automatically taken their names off the pension list.

The pensions granted to widows of soldiers who died in active service are withdrawn when the widows remarry.

Good seeds are uniformly bright colored, whereas seeds that have been exposed to moisture or that are dead are duller and darker in color.
