## R. J. ARNILL, Holstein

# HOLSTEIN LEADER

## LOCAL AND PERSONAL

The Misses Drumm, Toronto, spent Sunday with their parents returning Monday a. m.

Miss Lizzie Brown is visiting her mother and other friends.

The James family (Indians) who spent two or three weeks in the village left Saturday morning.

The regular meeting of the Reading Circle met on Tuesday eve at the home of Miss Ross.

Mrs Seaman Sr., is visiting her mother in Clifford at present.

Nurse Fettes is attending Mrs Mickleborough at present.

It is reported the management of the telephone will change hands on May 1.

Mrs D. Grier has returned after spending some weeks with her daughter, Mrs Ezra Halliday, Glen Eden.

Mrs Thos. Allan, Durham, visited Mr and Mrs D. Allan and other friends this week.

Mr and Mrs Jno. Williamson, Palmerton, spent over last week end with Mr and Mrs D. Allan.

Cablemen are repairing the telephone wires which were damaged by a recent storm.

Mr Gordon Scott of Guelph spent over the week end at the manse.

F. Allingham spent a few days with his family last and this week.

It was rather a blue outlook for the cream gatherers starting out Monday morning; E. Smith with team and Coburn Bros. with truck. However Smith emptied once and Coburn twice the first day. A good beginning under adverse conditions.

By reports the sleet and rain did considerable damage in different parts but apart from some slight damages to telephone systems, nothing to report.

Some time ago it appeared as though an early seeding was assured. It will yet be about the usual time. Some sowing was done before the sleet storm.

Egremont may well be proud of its Referendum vote. With 779 majority, it has the largest of any municipality in Grey County and Holstein poll with 241 majority is the largest of any township poll in the County. No. 6 poll had the largest percentage favoring the Referendum in the township with 115 yes to 5 no, or 23 to 1. The vote will be found on this page.

### Holstein on the Football Map.

Holstein this summer will participate in League football for the first time having been grouped with Mt. Forest in the Intermediate Western Football Assn. The two teams compose Group 10, and a double schedule will be drawn up on April 25 in Mt. Forest. There are 34 teams entered in the Int. series and we predict our boys will make a creditable showing in their first league contests.

Rob Roy Flour—Pure Manitoba Patent Flour \$5.00 per sack, at the mills. Clansman Pastry flour \$1.25 for two 4 lb sacks, delivered.

R. S. McGowan Phone 83

## Postponed Concert at Dromore on Friday, April 22nd

Miss M. B. Reid's popular concert postponed in March owing to wet weather, will be given in Russell Hall, Dromore, Friday, April 22nd. The program consists of recitations, songs, drills, club swinging and the funny play entitled "From Pumpkin Ridge." Don't miss this. It is a real treat. Admission 35c and 15c. Program starts at 8 p. m. sharp.

## NORTH EGREMONT

We are highly gratified at the vote of our good old township on Monday last in spite of the fulminations and abusive language of Prof. Leacock and Messrs Hellmuth and Flynn. A majority of nearly 800 will scarcely be equalled in the County.

Mr W. L. Dixon, with characteristic zeal for a good cause, though severely indisposed got Mr Thos. Harrison to draw him to the poll and recorded his vote against the great evil.

Mrs Albert Bell was also happy to vote, though sworn, which may be taken as a tribute to her youthful appearance.

Mr Thos. Harrison had the misfortune to have his right hand drawn into a cutting box last week and had part of the index finger taken off, the two next fingers broken and his arm badly lacerated below the elbow.

## SACKETT'S CORNER

Mr George Lane is digging the cellar for his new house.

Everybody has started plowing in our burg.

Sorry to report Alex. McDonald is bothered with heart trouble. He has let his farms out on shares as hired help is scarce: one place to Stanley Williams and the other to J. Wilson.

Winter was again with us last Saturday and Sunday, but made only a brief call.

## Treat your Grain for Smut

Disease causes a yearly financial loss to Ontario farmers due to smut at least \$2,730,000. It is claimed that at least \$1,800,000, is the loss in oats alone. Yet it is known by careful management, that at least 75 per cent of that loss could be eliminated by treating the seed grain with formalin. Loose smut of oats, stinking smut of wheat and the covered smut of barley, can be prevented. Why won't more farmers use the treatment? It pays every year. The cost is practically nothing yet the benefits derived are worth while.

## How to treat—Easily done

Take one pint of Formalin, put it into 40 gallons of water. Thoroughly mix the solution. Heap the grain on an old oil cloth or canvas on the floor. Sprinkle the Formalin solution over the grain by means of a watering can and turn the heap over with a shovel. Turn the seed over till every grain is dampened. Cover the pile with a canvas or sacking and leave for three or four hours. At the end of that time spread out thinly to dry. If the grain is shoveled over two or three times it will dry quicker. Forty gallons is enough to treat 50 to 40 bushels of seed. If less than that amount is required for seed use less Formalin and water but be sure that the proportion is the same.

## Work unpopular

Herd work is the only sure road to any kind of success. You never find a man who is unafraid of hurting his muscles, in the bread line. "Much food is in the tillage of the poor, but there is much that is destroyed for want of judgement." We are just now feeling the effects of the distaste that has grown on people for what they call "mere grubbing". There never was a time in the history of the world when work was so unpopular. The "bleeding" disease is epidemic and the wonder is if anything will waken people up other than an empty stomach or a bare back. The gospel of work is needed to-day as much as the gospel of salvation. They are practically the one thing. There will be no prosperity in this or any country until men and women get down to doing an honest day's work and forget all about the high pay they got during the war. But work is not alone sufficient. We need to cut out waste. Lack of judgment and scandalous profligacy have been throwing earnings to the winds. The head of the scavenging department in one of our large cities said recently that there is five times as much waste to be found to-day that there was during the war.—Solomon in Shoe and Leather Journal.

## Residences For Sale

Brick residence on Countess St., 9 rooms, all modern conveniences; desirable location.  
Double stone residence on Garafraza Street, Upper Town. For further particulars apply to Mrs W H Lader, Durham.

## Referendum Vote, S.-E. Grey

Incomplete figures below give a 'Yes' majority of 3600 for prohibiting importation of liquor. Complete returns will likely put the majority over 4000

### A SUNDAY INCIDENT IN WALKERTON.

At a time when the local preachers were, or should have been, on the home stretch on their morning sermons last Sunday the fire bell rang, and the congregations were suddenly swept from thinking of an eternal blaze that can't be quenched to a home fire that needed extinction right in their midst. Although the congregations seemed deeply interested in both fires, yet if we are to judge by the way some people got up and walked out, together with the restless stirring of the others who remained, the competition between the pulpit and the bell showed somewhat to the advantage of the brass tross, thus demonstrating that man is more alarmed over some concrete physical blaze here than over the great abstract conflagration of hereafter. Not even a Billy Sunday can make them hit the "sawdust trail" like a fire bell will for the door on the Sabbath. Many people, including some preachers, don't believe there is a hell fire, and while it is a beautiful thought, yet like Rachel crying for her children and won't be comforted, we would feel more satisfied to know that Satan was dead and his kingdom flooded over with water.—Walkerton Herald-Times.

### The National Way to Western Canada

With the approaching Spring season, many are contemplating the journey to Western Canada to their farm interests there and to these the service afforded via the Canadian National Railways has a particular appeal.

The National, leaving Toronto 11.00 p. m. daily, carries through Tourist sleeping and Colonist Cars, Toronto to Winnipeg, with connection at the latter point for Manitoba, Saskatchewan, Alberta and British Columbia points. The Tourist Cars on these trains are of exceptionally fine design, of steel construction, electric lighted, and include the many little conveniences heretofore embodied in standard sleeping Cars only. In fact, the only difference between the two cars is in the upholstery, which in the Tourist Car is of leather, rather than plush. On these cars, therefore, the traveller is afforded the maximum of comfort and convenience at moderate Tourist sleeping Car rates.

Alternative train from Toronto leaves 8.45 p. m., routing via Sudbury, Port Arthur, and Fort William.

For full particulars, apply to nearest Canadian National or Grand Trunk Agent, or write General Passenger Department, Toronto.

### Why Some Towns are Dend

The town that never has anything to do in a public way is on the road to the cemetery, says an exchange. The citizen who will do nothing for his town is helping to dig the grave. The man that curses the town furnishes the coffin. The man who says he has no time from his business to give to municipal matters is making the shroud. The man who will not advertise is drying the hearse. The man who is so stingy as to be forever howling hard times preaches the funeral sermon, sings the doxology, and thus the town lies buried from all sorrow and care, and the mayor should never leave town without a crepe band on his hat.

# Do You Use Motor Oil?

Late last fall we were fortunate enough to buy a quantity of POLARINE Motor Oil and since then the price has been steadily increasing. In order to give our customers a chance to secure a season's supply at less than to-day's wholesale price, we are offering for a short time only—

## Polarine Motor Oil

in Light, Medium and Heavy at  
**\$1.20 a gal. or 5 gals. for 5.50**

Get yours before it is too late.

Highest Prices Paid for all Produce.

## Go to Reformatory

Does a light-fingered Gent.

John Deline, the notorious individual who was caught near Dornoch last week and brought to the County Gaol, where he had begun to serve a two months term for B. O. T. A. was tried last week before Police Magistrate Cressor on two charges of theft preferred against him by local citizens, and was convicted on each charge.

Deline was given not less than one year nor more than eighteen months in the Ontario Reformatory on each charge terms to run concurrently. The first conviction was for the theft of a gold watch chain and locket valued at \$75 from Mr. J. R. Crowe. The second conviction was for the theft of gold coin from Mrs. Caroline McDonald. Deline was also acquitted on another charge of theft of \$23 from a Mrs. Thompson.

Deline previously had a bad police record. In Ohio in 1917 he was given not less than one year nor more 16 years in the Ohio State Penitentiary for burglary. The name Deline used at that time was "Jacob Deline."

# DURHAM HIGH SCHOOL

The School is thoroughly equipped to take up the following courses:

1. Junior matriculation
2. Entrance to the Normal Schools
3. Senior Matriculation

Each member of the staff is a University graduate and an experienced teacher.

Intending pupils should prepare to enter at the beginning of the fall term. Information as to courses may be obtained from the Principal.

The School has a creditable record in the past which it hopes to maintain in the future.

Durham is an attractive and healthy town and good accommodation can be obtained at reasonable rates.

H. R. KOCH, Chairman

ALEX. CAMPBELL, Principal
