Buessan Picnic

Last Friday opened with heavy rain and the prospects for a picnic that day seemed remote. A telephone message from Mr. Burnaby to Mr. Geo. Binnie asked if he should come, Mr. Binnie, optimistic, said come on, and he did and brought with him a fine brand of weather and also unexpectedly, Mr. Beniah Bowman, of Manitoulin, Minister of Lands and forests. Mr. G. W. Leeson M. P. was chairman and with two such lights on the platform on one of Ontario's most beautiful afternoons, there was no trouble about a program.
Mr. Burnaby is a live wire in U. F. O. ranks and either in his political activities or in his commercial undertakings can tell a good story. He has a fine platform manner and even Mackenzie King's opponent in North York at next election will have his work cut out for him.
Mr. Bowman made a good speech, dealing of course with Northern Ontario, its specialties, its opportunities and prospects. He left a good impression, and the success of the day in all respects has left a fine flavor for another year.
The Vandeleur nine were too strong for Glendon Centre in baseball winning 15 to 2. A crowd of about 400 was present and all enjoyed the day's speaking and sports. Gross receipts were about \$300 in all.

Queer Verdict by Jury.
One of the oddest verdicts rendered in a good many years, perhaps in all the history of Courts in Owen Sound, was

Sweet Clover Market Higher

The demand for white Blossom Sweet Clover Seed has been greater than we expected and our customers are now asking for seed for next year's requirements. So strong has been the demand this last month we thought it too good news to keep so we pass it on to our friends.
Our American customers can import Sweet Clover into the United States free of duty and we have the whole of Canada and United States to sell our crop. The demand for sweet clover has increased each year and this year's consumption was enormous

MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as *the* smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—*more tobacco for the money.*
