HOLSTEIN LEADER

LOCAL AND PERSONAL

Mrs. James and Lorne Smith are now in charge of the Smith's garage here, and are making home extensive improvements.

Miss Agnes Mark, Mt. Forest is visiting her sisters Mrs. Thos. McMillan and Mrs. Conrad Schenk.

Mr. and Mrs. A. R. Hershey spent over the week end with Londona friend Dr. Main visited for a few days at his old home in Clifton returning on Wednesday.

Mrs. R. Irwin visited last week end in Fergus. Her sister accompanied her home.

Mrs. W. J. Freeman, Teeswater is assisting in taking care of her father, Mr. Ed. Johnston, who we regret is quite poorly.

Mrs. Petrie entertained a number of ladies on Friday afternoon and Miss Alma Caras a number of girl friends on Thursday afternoon of last week for their guests Mrs. J. D. and Miss Margaret Main, Waterford.

Mrs. Fred Hobson (nee Lizale Swanson), after spending two months visiting in Ottawa, Toronto, Kitchener, Mt. Forest and her brother George Swanson and other friends returned to her home in Brandon last Saturday.

Rev. W. Hunt and family are spending their vacation with his mother and friends.

Miss Anna Rice was home for a week and left on Monday a. m. for Oshawa.

Rev. Mr. Johnston occupied the Presbyterian pulpit in Mr. Scott's absence.

Come and hear the illustrated lecture in the Presbyterian Church on Friday night by an officer of the Bible Society entitled "Strangers within our gates".

Mr. McMillan who is doing considerable work with his motor hearse besides his own trade, for Messrs. Kress Durham and Lewis Mt. Forest conducted a funeral at Conn on Monday.

Word reached the village of the death in Saskatoon, of Mr. James Leask so well and favorably known in the township of Egremont aged 87 years.

The request from the Board of Trade re cleaning up has had considerable effect, yet there is some could yet be done. It will be cheaper to do it ourselves than wait to see some one else at it some fine morning and it added to our taxes. We fancy they will be high enough with out a frontage tax.

Threshing is progressing rapidly. H. Lamont to the north and W. Morrison south. 2000 bushels have been deposited in the dam and a request forwarded asking for their protection for two years.

The Late William Main

On Saturday, Aug. 6th, the grave closed over the remains of Wm. Main, who died at his home in East Vancouver on the 3rd inst at the age of 72. He was a member of a well known Egremont family, and will be remembered still by not a few though for nine years he had lived in Vancouver and for at least fifteen years before that in Sask. Besides his wife there remain as chief mourners, sons John in Alberta, Thos. and Robert in Sask., daughters, Mrs. Lewis of Orchard, Mrs. Geddes of Kitecoty, Alberta and Mrs. Capeland of Vancouver.

Deceased was a Forester and his brethren gave Foresteric funeral amid every token of respect. Rev. J. Fallis and William Vance also conducted services and interment took place in Ocean View Cemetery.

YEOVIL

Mrs. Wilson and daughter Mrs. Barrie of Galt have been visiting the former's sisters, Mrs. Mutch and Mrs. A. Drimmie.

Mrs. Annie McCaw and daughter Lella of Avonlea, Sask, spent part of last week with various friends here.

G. Alles and family, R. Sim and family and Mrs. A. Haas motored to Owen Sound last Thursday.

Miss Hilda Whyte returned home from Guelph, the summer school term at the O. A. C. being over.

Miss Tena Wilson is home from Toronto on her summer vacation.

Master Walton Sinclair of Hopeville is spending part of the holidays with his grandparents and cousin Stella.

Earl Bauston was on one of the western excursionists last week.

Glad to hear of the improvement in Geo. Drimmie's ankle which was sprained when the trip rope attached to the hay fork broke causing him to fall backwards on the edge of a plank.

Notice

Any person or persons found tampering with or destroying insulators or other property on the transmission power line will be prosecuted.

NORTH EGREMONT

We are very sorry to report the death of the little child of Mr and Mrs Farr Lawrence born on Sunday last. The sympathy of the whole community goes out to the sorrowing parents in this, their second loss. We are reminded of Longfellow's lines: 'There is no flock howe'er detained but one dead lamb is there.' He will gather the gems for his kingdom as precious jewels."

The choir at Amos church was augmented on Sunday last by the presence of Miss Nellie Atchison, home on her holidays from Toronto and returns on her holidays from Toronto and home on her holidays from Toronto.

Mr Harvey Groat and his fair young bride were in attendance at Amos yesterday and received a wealth of congratulations and best wishes from many acquaintances.

Mrs. A. H. Hooper generously conveyed in his auto, Rev. W. J. Barnett to his appointment at Knox Normanby, on Sunday last, while the latter's horse is undergoing treatment.

Congratulations are due Robt. and Mrs. Keith, (nee Olivine Wilson), on the birth of a bouncing baby boy on Friday last. Also on same day to the Rev. Barnett and his wife, a nice young girl. All doing well on latest reports.

Mr Wm Hunter Sr met with a severe shaking up on Saturday last owing to his team running away. We are told that there is nothing serious expected however. Mr Hunter, like his son, has had some remarkable narrow escapes, once by a falling tree in Normanby. Falling on the broad of his back in the snow, he had time to raise his feet in the air, the next instant they came down on top of the tree. This is one instance related to us recently.

A pleasant time was spent at the home of Mr and Mrs John Renton by the Dromore choir and their friends on Friday evening last, the visit home of Miss Ella, hospital superintendent, occasioning the visit. Mrs. Renton's sister, Mrs. Brooks and daughter Luella of Buffalo, were present and were heartily greeted by those present.

Mr Byron Weir, wife and children left on Saturday for their New Ontario home, going by Sarnia and Port Arthur.

Mrs. Dixon, wife of the evangelist, took the service at Ebenezer on Sunday and was appreciated.

Mrs. W. Hastie has returned from her trip west to British Columbia where she has been visiting her brother John.

Summer days, Holiday time, so often spoiled by hay fever or summer asthma. RAZ-MAH stops both. And for rheumatism, Templeton's rheumatic Capsules are safe and sure. Sold by S. MacBeth.

APPROVED BY THE GOVERNMENT

The Northern Business College, Owen Sound, has been notified that it is approved by the Minister of Education for Ontario, as a school for adolescents---and at the present writing it is the first and only Business College in Ontario with the Government approval---Why?---Only one reason---in a class by itself---for over 40 years it has been giving superior instruction in practical studies, doing more in and out of school for its students than any other school in Ontario

Ontario Gov't Approves

Parliament Buildings, Toronto. Mr G. D. Fleming, Northern Business College, Owen Sound, Ont.

I have been instructed by the Minister of Education for the Province of Ontario to advise you that your school, the Northern Business College, is approved by the Government as a home for Adolescent students. It is doing excellent work--has splendid building, decidedly above the average equipment and staff and a very worthy record.

A Real Gift

\$1.00 for a lunch lasts 5 hours
\$1.00 for a hat lasts five months
\$1.00 for an automobile lasts 5 years
\$1.00 for a Northern Business College training lasts a lifetime.

Your Individuality

Your instruction is individual. You can advance as rapidly as you can learn. If you have been out of school a long time, have any deficiencies, they are not exposed to the other students. Gives the student a chance to establish his individuality, his personality, his knack to do something better than anyone else. That's the Northern Business College method of instruction.

The Approved School

- (1) No Entrance Examination
(2) Good board. Young ladies \$5.50 and \$7 per week. Young men \$6 to \$7 per week.
(3) We will meet you at the depot and arrange board if desired.
(4) Only school in Ontario in charge of a Chartered Accountant and assisted by staff of Specialists.
(5) 40 successful years
(6) Individual instruction
(7) Enter any day
(8) Our own school building
(9) Write, reserving your place, telling when you wish to start.
(10) Winner of 25 first and special prizes at leading exhibitions, including World's Fair, England, World's Fair, Chicago, and Toronto Exhibition. Only school in Canada holding awards.

The People Approve

This school has been successful because its graduates have been successful. Here are a few extracts from recent letters.

"Proof Positive," a book full of letters from last years class will be sent for the asking.

"You secured my present excellent position."--Etta Brown, formerly of Paisley.

"The very best"--D. Currie in business at Echo Bay, formerly of Soo.

"Cannot be surpassed if equalled"--Mac Barber, Aymer, Ont.

"Cannot recommend too highly."--T. Mather, formerly of Strathbridge, Ont.

"Your placing of students is a feature"--Dora Thede, Kitchener, formerly of Port Elgin.

"I accepted the excellent position you procured for me."--Elsie Walker, Espanola.

"Every young farmer should have your course."--J. A. Swanson

Far Back and Rusty

Thousands of our cleverest young men and women are "stalled" because their early education has been neglected.

Our Preparatory Dept. gives you the second chance. Individual instruction, no embarrassment in being classed with youngsters--you advance as rapidly as you can learn--matters not if you have never been to school a day.

Personal instruction in reading--all grades--writing, spelling, arithmetic, measurements, composition and letter writing--Students last year 14 to 50 years of age.

"Proud to think what I accomplished. Your system of personal instruction is excellent. H R Henry, Brethour, Ont.

ADOLESCENTS

The new regulations of the Ontario Government that all children from 14 to 16 years of age shall attend school come into effect Sept. 1st, 1921. Realizing the wonderful resources and opportunities of this Canada of ours and of the great advantage a better education will be to help realize these opportunities the new rules for additional school attendance have been put into force.

The average parent is not against giving his children more education--but he does insist that it be in absolutely the most practical subjects; studies that will be useful in the every day business problems--on the farm, in the shop and factory.

The Minister of Education, conversant with the educational institutions of the Province and of our 40 years in giving practical courses--along just the lines required by adolescents--that is, students 14 to 16 who, under the new regulations, have to attend school, may, if they wish, attend the Northern Business College.

At this writing the Northern Business College is the first and only Business College in the Province to be approved by the Government. This can be taken as an indication of the high standard of efficiency of this school.

There are two classes of adolescent students.

Part Time Students

(1) Part Time Students--(a) Those from 14 to 16 years of age who are required to help at home.

(b) Those from 14 to 16 years of age who have to maintain themselves or someone dependent upon them.

These part time students on written applications will be granted special home or employment permits and will attend only 400 hours per year. We have special courses for these in all business or public school subjects--(Equivalent to our 2 months' course.)

Full Time Students

(2) Full Time Students--Those not required at home--or to work to support themselves or others will attend the full school year.

Our courses particularly appeal to adolescents. We have no Entrance examinations--we teach individually--your difficulties are solved are absolutely practical--the standard for the farmer, merchant, banker and manufacturer for over forty years.

If you wish further information regarding the Adolescent Act--or what it would be best to take in educational studies--feel free to write phone or call on us.

The Training for Business

The training to be a dentist is taken at a dental college. The proper training for business is taken at the Northern Business College. Practical subjects, expert staff, proper building equipment and environment.

Bookkeeping, Commercial Law, Writing, Spelling, Arithmetic, Mensuration, Letter writing, Rapid Calculation, Shorthand, Typewriting, and in addition personality development--Most important that every young man and woman should make the best of his natural talents and abilities. The use of Duan's, Bradstreet's, Goad's Plans, Practical Work, the operation and use of Adding Machines, Burroughs, Dalton, American, Monarch and Remington, Wahl Billing Machines; all Rotary Neostyles, Burroughs Electric Bookkeeping Machine, Burroughs Calculator, Detection of Forgery and Counterfeit Money, Salesmanship, Bill of lading, etc. Just what you require to make a better business man or woman. No other school in Canada has either the equipment or the staff qualified to teach this work.

Farmers' Special Course

"Farming was once only a means to live; to-day it is the country's most important industry and must be carried on business lines to be successful. The most fertile land and most bounteous crops cannot permanently offset inferior or poor business methods."--D. C. Macarow, General Manager of the Merchants Bank of Canada.

Our Farmer's Course--40 year old--is the best preparation for the young man on the farm. Can be taken during the slack fall and winter months. Just enough bookkeeping to keep his farm books and records. Find out how each branch pays, a knowledge of lien notes, deeds, mortgages, wills, etc., letter writing, arithmetic and measurements, writing, spelling, enough personality development to make the most out of his own abilities and personality, public speaking in the business proposition and help him to take his place in the community's activities.

Discouraged at School--Failed in Examination

Each year there are many students who have failed in examinations who attended our classes.

(1) Failed Lower School, Normal Entrance, Matriculation. With your splendid general education as a foundation, with diligent effort in our Courses of study, there should be no reason why you should not, in short time, qualify for a better position than had you passed. In the teaching profession which is at present overflooded, salaries are always according to the scale, and your ability, initiative, and personality are never considered.

(2) Failed Entrance or High School Inter-term Examinations do not wish to return to the same work, or cannot afford to spend another year going over the work you are recommended to consider the advantage of a commercial education. If you ultimately intend entering business plan to enter our classes now and make the necessary thorough preparation. Delaying a month or a year is that much time wasted.

Fall Term Opens September 1st
