Election Announced

To Come Before Christmas

At London last week, Premier Meighen announced that an election would take place this fall, thus relieving the uncertainty that has prevailed for a long time.

There have been clamors long and loud for an election and now when it is in sight there is grumbling in some quarters, a trait of human nature. The most serious objection is that the census, having just been taken, a redistribution should first have been made to do justice to the growing west. The census figures will not be available till December, and to do it after that would make a winter election, and to hold another session and have an election next year would be dangerous for the government, for a few more by-elections might wipe out their diminishing majority altogether.

The constituencies will be as in 1911, and if the new parliament should run a course for five years, the prairie provinces would be under represented for 15 years, which is an injustice. However the present government have become so unrepresentative of public feeling since the war stopped, that injustices will be overlooked in the gladness of getting rid of it, for it is almost a certainty that they will be down and out after voting day.

The U. F. O. or Agrarian party as well as Grits and Tories are in the preliminary stages of preparation. Labor is now an important element and they are likely to throw in their lot with the Agrarian party though they have points of divergence. If this union takes place, another another blow will be given to the old partyism which was knocked out in the last Ontario election.

The Liberals expect a majority in the Maritime provinces, expect an almost solid Quebec, expect a sprinkling in Ontario and the west, sufficient to put them in the seats of the Mighty. The Conservatives will bank on the cities and on Ontario, but the outlook is less rosy than for either of the other groups.

South Grey is beginning to listen for the cooing call of the coming candidates, and it won't be long before at least two candidates will be in the field.

Sign No Liquor Petition

The Citizen's Liberty League have blank forms of petitions out asking for freedom to purchase liquor under government control. They make a specious appeal which will not commend itself to the thousands who voted against the use of alcoholic liquor as a beverage, but every good citizen should give the flat refusal to sign any of their petitions. They have twice been beaten at the polls and should be shown that a signature is not "as valid as a vote" as they claim.

DORNOCH

Mr Kelleher of Chesley and sister Catherine, Sundayed with Mr. and Mrs. D. Sweeney.

Mrs T. J. Ryan of Chicago and little daughter Jewel, are spending a few weeks with her mother, Mrs. Casey.

We are pleased to hear that the infant son (Austin) of Mr and Mrs Sweeney is doing well.

Mr Timothy Casey is very busy cutting corn.

Mr and Mrs Mills, Miss Burdgress and Mr Kenny of Toronto, visited on Sunday with Mr and Mrs Mike Casey.

Miss Gertrude Vasey Sundayed with Mr and Mrs J. Vasey.

ONE DRAWBACK—"Is your husband a good provider, Dinah?" "Yesum, he's a good provider all right, but I've allus skeered dat niggah's gwine er git caught at it."—O. E. R. Bulletin.

Stratford Won Final Game

The championship of the Junior North Wellington Baseball League went to Stratford last Thursday, when they came to Durham and defeated the Durham boys 13 to 7 in the second home and home game. After holding the home team to a 2 to 1 lead in Stratford Durham had strong hopes of retrieving the day here. With four runs in the opening innings, they started out like champions, but Durham was not the only team hitting. Stratford came right back in the second, and cracked out six runs, aided by errors of the local infield. This lead they gradually added to and Durham never surmounted.

In Stratford base hits were a scarce article, but here the batsmen had that game's experience, and neither pitcher's offerings were so difficult to solve. Durham was unfortunate in that their hits were frequently flies which were surely garnered in by the visitors fielders. Durham's outfield fielded their position equally well, Moorhead making a spectacular one-handed catch but the infield slipped up on several occasions, errors by 3rd baseman and catcher being responsible for 3 or 4 runs. Umpires F. Dennis of town and Russell Lavelle, Stratford, also assisted in the visitors run getting by their decisions, though the former did fair work except on one costly occasion when his verdict—a fair ball—allowed Stratford 2 runs. The visitors are a team of big rangy chaps whose experience was shown in steady team play, and it is to the Durham's credit that they advanced right into the finals in their first year of baseball. There was some discussion re protesting against pitcher Johnston of Stratford, who is over the age limit, but as the Durham boys are already "in the hole" financially and this would involve considerable expense, they took no action. There was a fair crowd present, but not what was expected. Score by innings:

Stratford	1 2 3 4 5 6 7 8 9	total
Durham	0 0 3 0 3 0 1 0 2	13
Durham	4 0 0 0 0 1 0 2	7

The Durham batting order was; Dow, 2nd; J. McLeod, s; Muir, c; Cl. McGirr, rf; G. Moorhead, lf; H. Mountain, 1st; D. McLeod, 3rd; T. Corbett, c; Buchanan, p

Department of Agriculture

During the past week final arrangements were made for the School Fairs. We hope to conduct a booth at most of the Fairs. The omission was one of the criticisms last year.

The entry tickets have been forwarded to the teachers. More can be secured the day of the School Fair if needed. Special invitations have been sent out to members of Parliament, Council and others.

The Dept. of Agriculture request a large number of entries from the children and extend a cordial invitation to everyone to be present. Everything is free. Come and help boost the fair and encourage the children.

SALE OF SHORTHORN BULLS

Mr J. J. Buchanan, Clarksburg, recently purchased from Mr Fred Curry his white Shorthorn bull, Matchless Duke, sired by Gainford Matchless, grand sire Gainford Marquis from a Marr Beauty cow bred by Geary Bros, Elora. She is prize winner at Can. National Exhibition.

Mr J. J. Buchanan is to be congratulated on his foresight in purchasing an animal of such excellent breeding. He has kept in Grey Co. one of the best sires ever owned in F. J. Curry's herd. Mr Curry is the President of the Grey Co. Shorthorn Breeders Assoc. ation.

CREAM TESTING WORK

Do the farmers of Ontario know just what has been done in the matter of the Cream and Milk Purchase Act? An inspector was around last week and handed the following information to the Dept. of Agriculture, Markdale. The regulations which are the most important are: Every person purchasing cream or milk on the basis of its butter fat content shall keep or cause to be kept until 10 o'clock of the following day on which the tests are made a sufficient quantity of the original unchurned sample of such milk or cream as is required for the purpose of a retest.

If the purchaser uses composite samples sufficient must be kept for 10 days for a retest.

Records must be kept of the reading of all tests.

The purchaser shall at the time of settlement be required to furnish each patron with a statement as to weight and test; and when payment is based on weight and test of each can or single delivery a detailed statement as to weights and tests of the various lots of cream being paid for shall be furnished at the time of settlement.

If a seal on a can has been broken in transit the receiver shall at once notify the seller or farmer of the same.

Notice

Any person or persons found tampering with or destroying insulators or other property on the transmission power line will be prosecuted. Also trespassing on or over any property belonging to the Durham Furniture Co. Ltd. will be prosecuted.

ROCKY SAUGEEN

School reopened on Tuesday with Miss Esther McLan teacher.

NEPONSET ROOFS

An Economical Roof for Factories or Farm Buildings

For re-roofing any factory or farm building, you just can't beat Neponset Paroid Roofing. It's the most economical roofing that money can buy. That's proved in its use by the railroads, by big farm owners of every kind of building, large or small. Time doesn't affect its weatherproof surface. The asphalt worked through and through it makes it proof against all weather.

NEPONSET PAROID ROOFING

It is tough, strong, pliable, easy to lay. It won't blister, crack or buckle from the heat or cold. It won't go bad in spots, because its quality is uniform. It has stood the twenty year test without renewal. It is fire-safe. Come and let us show you why it's just your kind of roofing and why you'll get lasting satisfaction out of it and full value out of every dollar invested in it. Colors, red, green, gray.
