Durham Won Second Game But lost Round to St Mary's

After a sternly contested battle Durham captured the second semi-final game from St Mary's here Wednesday afternoon, by 5 to 4, scoring the winning goal only two minutes before full time. As St Mary's defeated Durham 12 to 5 in their first game last week, the result gives St Mary's the round by a 6 goal majority, and puts Durham out of the running, after their most brilliant lacrosse effort.

Yesterday's game saw (left) Murphy lacrosse throughout and was witnessed by a crowd almost equal to that at the Orlilla game here. There were over 1000 paid adult admissions, the gate being \$523.

Durham commenced with a handicap of 7 goals, and when after 5 min. strenuous play they scored, prospects for gaining looked auspicious. Only about 4 min. however did the blues hold the lead, St Mary's scoring twice in the first period and thus quashed Durham's hopes for the round.

St Mary's made it 3 to 1 early in the second, but Durham came right back with two and a second time tied the score. Both teams were playing sterling lacrosse and visitors were in the lead before half time. St Mary's 4, Durham 3.

It looked blue for the blues even winning the game. Play had been very even but Durham was gradually showing superiority except in shooting. Time after time, especially in first and last periods, the locals shot high or wide. The visitors benched their regular goal keeper and played Stevens a junior and he justified the change. He stopped all kinds of hot ones and but for his stellar work, Durham might have been third round winners. By actual count Durham had over 3 shots on goal to 1 for St Mary's, but Stevens got almost all of them.

The only goal of the third period was scored by Jim McLachlan and again Durham was tied. Durham had the visiting greens with their backs to the wall in the last period, but the latter put up a clever defence, on a couple of occasions the entire Durham team, goalkeeper Mercer and all joining in the attack. Tuer of St Mary's was temporarily laid out with a body check and with only 2 minutes to play, Nick Burnside took the accurate pass when directly in front of the nets and scored the winning and only goal of the last period. Durham 5, St Mary's 4.

On the play here Durham should have won by a wider margin, but the breaks of the game were not in their favor. The team had an off day more or less, in St. Mary's, and many of the boys and their supporters are not convinced that St Mary's have the superior line-up. In the two last games, Len and Bill and Mulvey Cowan, all old Durhamites, they have a dangerous and active home, while Stewart at point and Stevens in goal put up a wonderful defence. Both teams played cleanly and our best wishes are with the St. Mary's boys in their final contests with Oshawa.

Durham boys have made a wonderful record this season. Out of 12 games played - 6 district and 6 semi final, they have lost only one, and have scored 157 goals to the opposition. To the 5 Markdaleites connected with the team, much credit is also due, as they have consistently upheld their end, and been a large factor in the team's success.

U. F. O. Convention

On Monday next the U. F. O. forces of South Grey will hold a Convention and no doubt the chief item of business will be the selection of a candidate to represent them in the coming election. This will be a task of importance, as well as of some difficulty, for their phenomenal success at the last election will no doubt lead some to think the time is opportune to "have a try" to enter public life. The success at last election, the success of the Drury government and the growth of the agrarian movement especially in the west, is all calculated to tempt ambition, and therein lies a danger for multiplicity of candidates may awaken jealousies that would destroy harmonious and united action. To illustrate what we mean we give a list of names that we have heard mentioned as possible candidates, though it may be the owners of some of these names may be living in blissful unconsciousness of the honor and some of their friends would thrust upon them. Here is the list, arranged alphabetically, so as to preclude anything savoring of favoritism on our part.

1. Aitchison, R. L. of Sullivan. 2. Binnie, Thos. H. of Glenelg. 3. Brigham, Robt. of Bentinck. 4. Calder, Neil, of Egremont. 5. Goodfellow, Jos. of Preton. 6. Hunter, W. H. of Egremont. 7. Leonard, Dr., of Hanover. 8. Murray, Mich. E. of Normanby. 9. McDonald, J. L., Priceville vicinity. 10. McPhail, Miss Agnes of Preton. 11. Neal - of Osprey. 12. Nichol, Thos. of Glenelg. 13. Shaw, Harry of Arnesses. 14. Short, Wm. of Preton. 15. Whiteford, John of Normanby.

From this list surely a good candidate can be chosen. We are not able to give a similar list of aspirants for the Liberal or Conservative parties, but no doubt they will emerge in time.

A wedding was solemnized in Toronto on Wednesday, Sept. 14th, that is of interest to Review readers, particularly those of Edge Hill district. At 4.30 p. m. on that date, Miss Margaret Ann Ritchie, elder daughter of Mr and Mrs Thos. Ritchie, and Mr Arthur Atkinson, son of Mr John Atkinson of Manitoulin Island, were united in wedlock by Rev. Jas. Wilson, pastor Dufferin Ave. Pres Church, Toronto. The young couple returned that evening to the bride's home at Edge Hill where they will spend a few days before leaving next week for Manitoulin Id. where their home will be. The best wishes of the community, including those of the Review, go out to the happy couple for a prosperous voyage through life.

Division Court

More than usual stir accompanied the Division Court held here on Tuesday last. Judge Sutherland presided and handed out chunks of law which met with more or less favor by at least one of the sides. In the case of Kress vs. Trafford, judgment was given for the plaintiff, the defendant appearing. The claim was for furniture, unpaid for, which had been attached, and it was ordered to be sold to meet judgment and costs.

The defendant in Kress v. Long appeared on a judgment summons. The case was adjourned to November court, the Judge urging the defendant to make payments monthly to meet the claim.

McLean v. McArthur, a claim for wages, which defendant averred was not contracted for. Judgment for the defendant.

Small v. Arnill, a claim for balance of wages alleged to be due. The defendant put in a counter claim for goods delivered to plaintiff's parents. Plaintiff claimed that there was to be a rising scale of wages if his services were satisfactory at end of first month. Defendant denied any such arrangement. Judgment for defendant against plaintiff's father for \$93.20 and costs.

Baxter v. Lawrence, a claim for \$200 alleged balance of wages. Defendant put in a counter claim of \$320 for board, lodging and nursing care. A payment of \$111 had been made on wages which plaintiff said was only \$100. Defendants counsel produced the original check with plaintiff's endorsement; the check read \$111. The value put upon his work was denied strongly by defendant. Proof was produced and admitted by plaintiff that he had applied for disability allowance from a company he was insured in and had since actually got it. Judgment was given for defendant, the action of plaintiff dismissed, but the defendant's claim was also disallowed. The plaintiff was ordered to pay costs and a counsel fee of \$15.00.
