Old Widower: If that McPhail girl needed a husband as badly as I need a-a housekeeper, she wouldn't be trottin' off to Parliament, gosh bang it."

Hello Artemesia! If you feel sleepy the adjoining municipalities would be willing to place some of their men

around your council board for next year? Answer: "No, mind your own business: old Artemesia will elect her own citizens alone to fill her council board for 1922 and don't you forget it."

Two or three inches more snow would make nice winter roads.

Dept. of Agriculture News

As the year is drawing to a close, the time for making applications for Premiums is rapidly shortening. The Grey County Department of Agriculture, Markdale, is receiving some every week. To those who have purchased a Registered Ram for the first time the Federal Department of Agriculture, Ottawa, will give \$5.00 this year and \$5.00 next. All applications must be made before Dec. 31st.

In an endeavor to secure the co-operation of all the schools in Grey County, the Department of Agriculture, Markdale, sent a package of 20 letters to all the teachers in the schools which were not engaged in

Sechool Fair work during 1921. The request was made that these letters be distributed to the children.

The aim is to have the circulars distributed so that the people can read them and learn the facts of the school Fair Work. From past experience we know that the majority of schools once engaged in the work do not care to drop the Fair. The Department hopes for a large increase in 1922.

During January, the Department of Agriculture, Markdale, will conduct a four weeks course at Chatsworth and Dundalk. At these courses practical demonstrations on Stock and Seed Judging, Milk Testing, Weed Seed Identification and other things relating to Agriculture are given.

A Spring Day Up in Muskoka

A Spring day in Muskoka, with sky and water vividly blue; the smell of pine, the song of birds in the air. On a sunny slope a girl gathered trilliums with eager hands. She smiled at the questioning stranger. "I never picked wild flowers before," she said wistfully. "We lived in the city. Father died, and then—mother, of tuberculosis. I was all alone. I wasn't strong,—worked too hard,—and I got it. They brought me here to the Sanitarium on a stretcher."

"But, look at me now!" exultantly. The glow of health was in her cheeks. "It's the rest and care and good food and fresh air that saved me," and her eyes shone joyously.

Surely she was worth saving, this bonny, blue-eyed girl! Surely the Muskoka Hospital for Consumptives deserves her gratitude!

MACDONALD'S CUT BRIER

MACDONALD'S "BRIER" has become a Canadian institution. Smoked by the men who made history. In the bush, on the trail, in mining camps, prospectors' huts, factory yards, on trains, steamships, in the luxurious homes and downtown clubs of our Canadian cities—Macdonald's has always been recognized as the smoke.

MACDONALD'S CUT "BRIER"—the same tobacco but in new form—maintains every Macdonald tradition since 1858, and gives to smokers—more tobacco for the money.
