Next Sunday evening in the Presbyterian church Mr Smith will begin a new series of sermons on the doctrine of "Divine Election." What a man believes makes all the difference in the world. Doctrinal preaching is the most original these days.

ACETYLENE EXPLOSION.—The acetylene gas plant of the North Mornington Presbyterian Church, seven miles north of Milverton, blew up at the close of the evening service on Sunday night. The pastor, Rev Mr Atkinson, and caretaker Lamont were severely injured. The building was damaged to the extent of several thousand dollars. Rev. John Little was formerly a pastor of this church.

The curlers were out for the first practice of the season on Monday and kept both sides of the rink busy all afternoon. A number of the veterans received a good limbering up, while a number of younger men were also making initial steps at "skipping the stones." No doubt attempts will be made to capture some silverware again this year, and we hope with energy rewarded.

NEW TOWNSHIP TREASURER—At last meeting of Genesee Council, Mr Wm J. Ritchie was appointed Treasurer of the Township, succeeding his father-in-law, Mr Dan Edge, who resigned on moving to Durham. Mr Ritchie has been an auditor of the township for the last sixteen years, so will be well qualified for his new office which he assumes on Feb 1st. A new Auditor will be appointed at the first meeting of new council to work with Mr R. T. Edwards who now has twenty-five years' experience.

Tanlac is appetizing, invigorating and strengthening. Try it and be convinced. Macfarlane's Drug Store.

Clearing Sale of Winter Millinery—Trimmed Hats at \$3.00, Ready-to-wear from \$1 to \$2 each. Misses Truax.

William Hill who purchased the frame shed from Mr A. A. Catton on the rear of the latter's lot on George St., has the structure raised on skids. He purposes swinging it about and renovating it for a residence.

The old year of 1921 died hard in one of the worst storms of the season. The new year was ushered in by the thermometer dropping to the level of four degrees below zero, followed by a heavy fall of snow.

License Inspector Matt Beckett who was offered the inspectorship over seven Ontario counties by the Attorney-General's department, has declined the promotion and will continue to act within the confines of Grey county.

Tanlac Vegetable Pills are sold on a positive guarantee to give perfect satisfaction. Try them tonight and you will be delighted to find the results you have obtained. Macfarlane's Drug Store.

Canadian Greys' I. O. D. E. will hold their monthly business meeting on Tuesday evening Jan. 10th at the Public Library. Nomination for officers for the coming year will be on at this meeting and all members are requested to attend.

WELCOMED BACK TO GLENELG—Several people from E. Hill went out to welcome Mr. and Mrs. Herb Greenwood back to the community last Thursday evening. After several years spent in North Dakota, Mr and Mrs Greenwood resolved to return to their native east and resume Canadian citizenship again. They are now residing on the property owned by his father, Thos. Greenwood, on the Durham road immediately east of town.

Men's Bible Class

Next Sunday afternoon the subject will be "EVERYBODY'S WORLD"

Kerwood Eden uses the phrase as a title of a book and the phrase is suggestive. Almost all nations were in the war "to make the world safe for democracy." Men were found to organize the world for war. Can the world be re-organized socially, economically, politically and religiously, to strengthen the weak, feed the oppressed, enrich the poor and uplift the fallen. The doors of the world are open. Who will enter in and how to make the kingdoms of this world the kingdom of our Lord.

Several Changes in Township Rulers.

BENTINCK

A merry race was staged for the Reeveship between Herb Hunt, the former deputy and F. Schmitt a former member of council, Hunt winning by 50 majority. Herb has served two terms each as Councillor and Deputy, and has well earned promotion to the big chair. He will be Bentinck's sole representative at the county council and has the honor of being the first Reeve elected in No 2 division, the south east quarter of the township.

The feature of the Council contest was the big vote polled by D. J. McDonald, who in his first try, came within one vote of heading the poll. Jas. Hewitson, who is an old and experienced Councillor holds this distinction, McDonald is 1 vote less, and Jas. Turnbull another experienced Councillor came just 20 behind. Turnbull was loyally supported at home, getting every vote polled at Hutton Hill and the highest in Allan Park, his two home wards. Bailey another new face at the Board, captured fourth place.

GLENELG

The old war horse of Genesee municipal life, Mr Arch McCuaig, did the "come-back" defeating Reeve Weir by 80 majority. He may well be proud of the vote accorded him in No 2, his home ward, where he took almost 90 per cent. Tp. Hall and Markdale wards also gave him substantial leads, while the two western wards supported the former Reeve.

Junior Hockey News

The Junior Northern League schedule for this district has been drawn up as follows:

- Jan. 6—Durham at Harriston
- 12—Hanover at Durham
- 17—Harriston at Hanover
- 24—Harriston at Durham
- 26—Hanover at Harriston
- 31—Durham at Hanover.

Durham Juniors played an exhibition game in Shelburne Tuesday and lost to that fast team by 5 to 2. Only for some loose playing in the second period when Shelburne ran in 3 straight goals the game would have finished about a tie, as Durham held them even in first and last periods. Matthews of Shelburne is reported a whirlwind on skates.

Our Juniors feel hopeful of taking the first game in Harriston Friday, and a win here also next Thursday in the first home game over Hanover, would give them a grand chance for district honors.

BORN

WILTON—In Egremont, on Friday, Dec. 30, to Mr and Mrs J. J. Wilton, a son.

INNERS—In Upper Town, Durham, on Tuesday, 3rd Jan., to Mr and Mrs Arthur Innes, a daughter.

GIBBONS—On Dec 27, to Mr and Mrs Jas. Gibbons, a daughter. (Helen Marie).

been near the top, but this year he reached the top rung with 202 votes, 28 more than J. J. Black who comes second. His home ward No. 1 gave him magnificent support 145 polled. Thos. Brodie, a new man from North Genesee, secured third place and Mal Black of the former council was fourth. The latter beat out Alb. Livingston, who was a good man in Council the past two years, by only one vote.

HARDWARE PLUMBING AND HEATING

"Lampolene"

Can Save You Money in Light! Heat! Power!

WHAT IS LAMPOLENE?

Lampolene is the highest grade of American Coal Oil produced and differs from ordinary Coal Oil for many important reasons

For Night Time—"Lampolene" gives more light than ordinary Coal-oil and gives a bright, clear, soft light to read and work by. It does not char the wick, is smokeless if properly used; hence the disagreeable work of cleaning "smoky" lamp chimneys is practically a thing of the past. If you wish to save your eyesight better begin to use "Lampolene" at once.

For Chilly Time—The little Coal-Oil Heater filled with "Lampolene" becomes a cheery, comfortable and warm companion. That "offensive odor" so injurious to health, is done away with.

For Cooking Time—"Lampolene" does not choke the burners, atmosphere or individuals, and the room will remain almost as sweet as the summer air when used in the oil stove.

For Power Time—The Tractor or the Engine of the oil-burning type develops its highest possible efficiency when "Lampolene" is used for fuel, being of a much higher test. Motors have more "pep," more "go," and power than with ordinary coal-oil.

For Incubator Time—There are practically no poisonous fumes from "Lampolene" to clog egg-shell pores, like the low test coal-oil, and this uniform heat insures a chick from practically every hatchable egg.

For Brooder Time—"Lampolene" gives a uniform heat, next to mother warmth, and there are no poisonous fumes to kill the little chicks like from a low grade oil. Therefore "Lampolene" is the Poultryman's best friend.

For All Times and for All Purposes—Where the best Coal-oil is needed, use "Lampolene." It is of a much higher test than the ordinary coal oil, thus getting the highest possible efficiency from lamps, heaters, oil stoves, engines, tractors, incubators, brooders, &c.

Buy your coal-oil the economical way, by the barrel and save money. Ask our dealer for prices.

Yours for better Light, Heat and Power.
