BRATING OUT THE BELLOYS—The King Edward Hotel, Toronto, has put into commission the new Lawson tube system for delivering telegrams, mail and parcels direct to the several floors from the central office, thus replacing much bellboy service. The tube system is two miles in length packets making the through trip to the seventeenth floor—within two seconds, which would just see a bellboy away to a good start.

DURHAM HIGH SCHOOL

The School is thoroughly equipped to take up the following courses:

1. Junior Matriculation
2. Entrance to the Normal Schools
3. Senior Matriculation

Each member of the staff is a University graduate and an experienced teacher.

Intending pupils should prepare to enter at the beginning of the fall term. Information as to courses may be obtained from the Principal.

The School has a creditable record in the past which it hopes to maintain in the future.

Durham is an attractive and healthy town and good accommodations can be obtained at reasonable rates.

HOLSTEIN LEADER

LOCAL AND PERSONAL

is almost the same as last year. The Society is in good standing and a little balance over with which they have been decorating, painting and renewing the Hall. The Board are trying to arrange with Mr Cooper, county representative for a judging class about the 2nd week in March, on horses, cattle, sheep and hogs.

A committee was also appointed to try and establish a plowing match in connection with the Agricultural Society of which mention will be made later. They also decided to again enter the combined steeplechase and threshed grain competition. Two of our competitors won prizes at Toronto Exhibition this past year with Oats. They are to be congratulated as also the Society.

(Arrived too late for last week)

Mr B. Thorne was in Kitchener, last Saturday on business.

Mr Geo. Plume, Gorrie, and Mr J. Jonas, Listowel were week end visitors with Mr and Mrs Jas. Brooks.

Cavers Marshall son of Rev. Mr Marshall, formerly Methodist pastor here is to be congratulated on winning the first prize for an essay on "Fire protection in the home and factory" held in Milton Public School. He is in the senior fourth and his prize is a gold medal awarded by the Ontario Fire Protection League.

The Township Fathers met on Monday took the declaration of office and got fairly started during the day for the years work.

Skating rinks galore, one on either side of the street

Mr E. Thorne is opening up a blacksmith shop in his building, formerly used as a stable and garage. This will be three full fledged blacksmiths in our village.

Mr H. Dowling of Wainwright, Alberta, is at present visiting his mother and other friends.

The special evangelistic services organized by the Methodist Church, are still in progress, and growing in numbers and interest. In connection with these meetings, the Rev. A. P. Latter of Mt. Forest will conduct a White Service on Friday evening, the 13th inst. at 7.30 p. m. This will be of unusual interest and it is hoped there will be a large attendance. The Rev. T. L. and Mrs. Clark, of Delhi, Ont., expect to come and assist in the above service from the 15 to 22nd Jan. inclusive. Mrs. Clark is well known in Holstein, being formerly a Miss Shields and resident here, she will assist in the musical part of the services.

On Tuesday, Jan. 17th, there will be a Christian Stewardship Conference in the Methodist church afternoon and evening at which representatives from Durham, Drew, Conn. Mt. Forest and Holstein circuits are expected. The evening session will be conducted in line with the special series of meetings and will be open to the public. The Rev. S. W. Dean of Toronto, Ont. will be the chief speaker, and should be heard by all who can attend.

Do not miss this fine combination of meetings. We trust they will prove of much spiritual benefit to the church and community.

HOPEVILLE

Miss Mae McEachnie has been visiting a few weeks at the home of her brother, Mr E. McEachnie, Buffalo.

Rev. Bell has returned from spending a couple of weeks with his family in Toronto.

Nurse Fettes was visiting a few days last week at her sister's, Mrs. Neil McEachnie.

Miss Sephrona Armstrong is on a short visit to relatives in Toronto.

Mr John McEachnie and daughter of Montana, are on a visit to his brother, Mr Neil McEachnie and numerous other relatives in this part. His sister Miss Jessie McEachnie arrived home from Toronto Monday.

Mr Geo. H. Gilkes had the misfortune to step on a spike nail which penetrated his foot about an inch, causing much pain.

Hopeville Institute met at the home of Mr. Jas Scott Wednesday, Jan 11. 25 ladies were in attendance and after the usual business was transacted, Mrs Alex Russell gave a splendid paper on "New Year Resolutions for the Institute" which was very practical. Mrs W. F. McLean read a good report of W. I. convention held in Toronto in Nov. Tea was served and a pleasant social time spent.

Miss Mary Shand, Toronto, spent the first week of the year at her old home.

Mrs Robt Webster was visiting her daughter, Mrs John Mills a few days last week.

Mr and Mrs J. S. Blair were visiting at Robt Renwick's Jr. Dromore, recently.

We extend sympathy to Mrs D. S. McDonald who has suffered the loss by death of her mother, Mrs Mogk, Sperling, Man.

Mrs A. McEachnie and son John, with a few neighbors, combined business with pleasure last week—went to Fiesberton Woolen Mills and visited at Mr Douglas McPhail's.

For Sale—One cutter in good condition one set single harness, all mostly new. Also 12 school seats suitable for hall and other places. Terms cash, or monthly payments may be arranged. Apply to Mrs E. Dargavel, Dornoch

YEovil

We sympathize with Mrs W. J. Philp in the loss of her beloved mother, Mrs Mogk, who died at her home in Sperling, Man., on Saturday Jan. 7th. She had almost reached her 76th birthday but had not been strong for many years owing to heart trouble. She was able to go about as usual and the night previous to her demise did not retire until 10 o'clock. She slept soundly but they could not awaken her in the morning. She regained consciousness sufficiently to recognize her family, all of whom were with her except Mrs Philp and Mrs McDonald of them. She passed peacefully away that evening at 10 o'clock. On Tuesday, after a brief service in the home, she was taken to her church in Sperling and from thence to the cemetery where she was lovingly laid to rest. Much sympathy is extended to her bereft husband and family who mourn the loss of a loving wife and mother.

Mr and Mrs W. Philp visited Mrs McDonald at Hopeville last week.

Mrs Harvey Groat underwent a very complicated and critical operation in Kitchener Hospital last Wednesday. She suffered extremely for a few succeeding days but was much pleased to report good hopes for her complete recovery and restoration to good health. Harvey returned home last night (Mon) after spending a few days in Kitchener.

Miss Treleven has received the good news of the convalescence of her brother in Drayton. He has been seriously ill with pneumonia and typhoid fever.

George Swanston has been indisposed lately but we hope he will soon be quite well again.

Mrs Johns who has spent the past eighteen months with Miss K. Sim is at present with her daughter Mrs Thorn in Holstein.

Geo Plume from near Wingham recently visited Geo. Walmsley and other friends.

Wm. Lawrence has been busy hulling sweet clover in this vicinity.

Come and enjoy "An old fashioned Mother" a parable of the tragedy of a mother's love, given on Friday evening, Jan. 20th in Russell Hall, Dromore. Admission 35 and 25 cts.

A Canadian Record Hen

White Wyandotte lays 325 eggs in year

(Experimental Farm Notes)

"Lady Dot" a white wyandotte pullet, leg band No. D. 3 at the Dominion Experimental Station, Invermere, B. C., completed her yearly record on October 31st, producing 325 eggs during the preceding 365 days. She was hatched on March 25th, 1920 and commenced to lay in October. She was placed in a permanent laying house and trap-nested from Nov. 1st. The following is her monthly egg production for the year:

November	27 eggs
December	27
January	27
February	27
March	29
April	25
May	27
June	29
July	29
August	31
September	30
October	17

Total 325 eggs.

During the four winter months "Lady Dot" produced 108 eggs, which is more than many pullets do in a year. From Aug. 1st to Oct. 17th when she quit laying she laid 78 eggs in 78 days. Commencing on May 18th, and continuing until October the 17th a period of 158 days, she produced 150 eggs. "Lady Dot" did not go broody during the year but commenced to moult on Oct. 11th, and quit laying on the 17th. Unfortunately there is no trap nest record of her eggs prior to November 1st, 1920, otherwise her yearly record would have been more. As an individual she is, if anything small for the breed, but is the most active bird in the flock.

"Lady Dot" is from an Experimental farm flock that averaged 197.5 in their pullet year and the result of 6 years breeding and selection.

Offering for Ten Days

150 Bags Banner (all Manitoba flour) at \$3.75
100 Bags Jewel at 3.50
100 Bags Bran at 1.50
200 Bags Shorts at 1.40

Joseph Switzer Holsteins, R. R. No. 1

Worlds in the Making

Continued from Page 1

century, when Copernicus cautiously formulated his views, but "had the good sense to die" before the authorities got after him for heresy! Not so Galileo, who boldly taught the new theories and very soon was hauled up by the church and made to recant such a dangerous theory as a round revolving world! Though in an aside he is reported to have said after signing "all the same, it moves yet." The discovery of the telescope, the great discoveries of Sir Wm. Herschell and his sister, (—) were taken up in turn.

His illustrations to prove the insignificance of man's earthly abode were vivid. The world was as a snowflake compared with the immensity of the stellar spaces. He had a five passage on man in his spiritual conceptions, and in fact the lecture throughout was more than a lecture on astronomy, it was a thesis on the relation of man to nature and to nature's God and it was refreshing to find a scientific mind co-relating the mysteries of the universe, with Divine revelation all going to prove the truth of a saying of an eminent man that "an undevout astronomer is mad."

The moon with its 33000 craters of extinct volcanoes is dead. Our old earth is at present in its palmy days, but in about 5 million years will reach the same condition, so there's no immediate danger! He took an imaginary trip through space, visiting stars whose light takes thousands of years to reach us, while light from our sun comes in 8 minutes. It is impossible to use miles in speaking of distances among the stars, astronomers have adopted as a unit a "light year" meaning the enormous distance light would travel in a year.

Our earth as compared with other heavenly bodies was "a mere speck of cosmic dust" and the thought was calculated to make us humble. Our sun and solar system was part of the "Milky way" an aggregation of millions of stars, and what is well known as spiral nebulae is thought to be other milky ways at distances inconceivable and altogether separate from our milky way.

Prof. Carpenter abounds in energy and interlards his serious periods with flashes of humor or a story to illustrate. He is doing a great work if no more than encouraging men and women to "look up" occasionally to the star bespangled dome above us, and think, "We need more thinking and big talking and less of small talk" was one of his dictums.

Incidentally he had flattering things to say of Canada and of Canada's part in the war and condemned the few of his bumptious countrymen who boast

"SALADA"

TEA

Once tried, is never forsaken

Sealed packets only Black, Green or mixed

"We won the war." It was a fascinating lecture and one could wish for more of them.

Rev. Mr Hardy was chairman and told of the delightful ride he had with Prof. Carpenter from Fiesberton. He (Carpenter) had driven 20 miles in bad roads that morning to catch the train at Shelburne, but missed it, so he telephoned his dilemma and found his way to Fiesberton where he was met.

Miss Rita Irwin gave some fine musical numbers at the opening before the distraction of the fire across the way, (referred to elsewhere) had emptied the hall, and the meeting was closed with a hearty vote of thanks to the lecturer and "God Save the King."
