## BLYTH'S CORNERS

The big thaw on Sunday last made a bad job of the sleighing, but many were glad to see the rain as many wells were scarce of water.

Knock Co. will take up a voluntary contribution for the starving Russians on Sunday next, Feb 25. As conditions in that unfortunate nation are simply appalling, it behooves every one, young and old to make a special effort to alleviate the terrible suffering.

Mr Jake Stewart's sale on Thursday last was quite a success and the prices paid were fairly reasonable. Cows sold around the \$60 mark and young cattle around \$30. Horses were somewhat more draggy while the pigs soared at very high prices. Jake, we understand, purposed going to Toronto where he intends going into other business more to his liking than farming. We are sorry to lose Mr Stewart but wish them every success in their new place of abode.

A number of the young people of the neighborhood took in the dancing party at the home of Mr and Mrs Jake Stewart on Monday night and judging by the lateness of the hour the bells jingled by homewards, they must have enjoyed themselves.

Friday of last week was a red number for the U F O at Varny. It being the regular monthly meeting quite a large representation of the members were present in the afternoon and considerable business transacted. Mr Jas Lawson, U F O livestock shipper was present and gave an instructive talk along the line of co-operative shipping. He touched on the necessity of the members being loyal to the co-operation scheme of shipping as this enabled him to ship every week at a moderate expense in freight.

But it was in the evening when both old and young flung their troubles and difficulties on the junk pile and hied to the comfortable little Orange Hall where an enjoyable few hours were spent while a number after number was given of an interesting and varied program.

Your scribe occupied the chair and called on the Rocky Saugeen orchestra, composed of four violinists led by Mr. Robt Lawson, and an accompanist on the organ. To say they discoursed sweet music is putting it mild and were generous with their contributions to the delight of the audience.

A duet by Jessie and Mary Bell was excellently rendered; a recitation by Dorothy Bogie, a little tot, was wonderful and amusing. Mrs Ralph Catten delighted the audience by instrumental music on organ and mouth organ; a solo by Miss W. Blyth accompanied by Miss Janelle Kerr was excellent; Mrs Harold Barber gave a humorous reading; solo by Robt McArthur; a duet by Misses Margaret Mead and Florence Kerr was excellently rendered—they're sweet singers.

G M. Leeson, M. P. P. arrived from Toronto on the night train and gave an interesting address on the doings of the House during the week. Music by the famous Varney choir was fine; a solo by Mr Earl Mead was also fine; dancing by 4 girls was a pleasing number, tripping time to the sweet strains of the violin played by Mr R. Lawson.

A play entitled "A Perplexing Situation" followed. The scene, a mother and three daughters discussing what they were to wear at an important event. The father comes in and tries to talk sweet clover with another party but cannot succeed for the awful chatter of the women. He flies off and the mother makes a wager that a woman could not hold her tongue for one hour of her life. The wager is taken up, as a precautionary measure the girls shut the mother up, and in the long run won the bet, but it was plainly visible that the strain was very great. The play was exceedingly well acted up and amusing, at the finish was roundly applauded and cheered. The actors, the two sweet singing Misses Bells, and the 4 dancers all belong to No. 9 school and reflect much credit on their splendid talent.

At the close the National anthem was sung and a bumper lunch was served. The whole affair was free and a most enjoyable evening was spent. We omitted to state a neat little address by Mr Thos McNice. Although taken on short notice it is hard to catch Tom napping. He spoke on the advantages of co-operation selling and buying.

## YEOVIL

On Tuesday evening Miss Mary Mutch underwent a successful operation for appendicitis. Dr's Groves, Mair, Sneath and Narse Connolly were in attendance. We hope she will soon be quite strong again.

Miss Treleven expects to spend the week end near Goldstone with her sister, who was also operated on last week.

Mr V. Alles has returned home from visiting his sister, Mrs Sparling in Chatham.

On Friday Mrs Whyte, John and Thomas Bunston, attended the funeral in Arthur of their brother-in-law the late Wm Langdon. Mrs Whyte spent the few previous days with her sister.

The electrical storm Sunday made the phones ring. Dr Groves drove from Ferguson that afternoon arriving at his destination here about 9 p.m.

Rev Mr West expects to close the special meetings to morrow evening Wednesday instead of Thursday as reported last week.
