

Service For The Thrifty

Thrifty is a habit that should be cultivated not merely to make provision for the future, but because of a desire for advancement and full achievement, and for the sturdy independence, the happiness and the contentment that it brings.

The Bank of Montreal co-operates with the thrifty by means of a Savings Department in every one of its Branches throughout Canada. In this Department a Savings Account may be started with any sum from One Dollar upwards. Interest at highest current rates is paid on all savings deposits.

McDonald-Ferguson Nuptials

At the parsonage in Mount Forest by Rev. Mr. Loveday, on the afternoon of April 12, 1922, one of the most happy occurrences in human life took place by which Mr John J. McDonald, eldest son of Mr and Mrs Donald McDonald of the 19th con., Proton and Miss Lydia Ferguson second daughter of Mr and Mrs John A. Ferguson, con. 11 Egremont, were united in the holy bonds of matrimony.

James McDonald, brother of the groom and Miss Margaret Ferguson, sister of the bride performed the important duties of best man and bridesmaid. After the ceremony they called on the bride's grandmother and uncle, who live in town, and then proceeded to the bride's parents where nearly all the members of both families, about twenty greeted them with showers of congratulations, good wishes and other things.

After which they partook of a wedding supper, provided for the occasion with the customary wedding cake, conspicuous by its presence and many other things delicious, palatable and edible, but of which Solomon, a very wise man said to partake of sparingly.

With music, dancing, games, social chat, and pleasant conversation, an altogether enjoyable time came to an end about 11 a. m. The happy couple will in the near future take up house-keeping on lot 2 con. 18 Proton, which the groom purchased some time ago from Dougald Ferguson, and which by the way was located on by the bride's great grandfather many years ago when Proton was all bush. May they enjoy long life and contentment.

NORTH EGREMONT

Mr and Mrs Thos Atchison are now comfortably settled on their new farm, the old Jas. Boyse or later the Johnstoe Henderson place. For some 18 years, eight of which he married life, he had worked for Mr Robt. Taylor and in all that time they had never a "word" on either side which certainly speaks volumes for employer and employee. Their daughter Nellie was home for Easter holidays and brightened up the home for a few days. It is now some seven years or perhaps more since she accepted a position as stenographer and has held that position ever since in the same office.

A special Easter service was held in Amos Church on Sunday evening last, by the Rev. W. J. Barnett, the choir contributing a couple of selections.

May we take it as a tribute to home grown seed, or shall we say northern grown, the fact of Mr Jos. A. Dixon, (by whom the seed was grown in both cases) taking 1st place in the Granary Judging in connection with the standing 1st crop competition. The theory of getting seed from a distance, as being beneficial, is somewhat rudely discounted by the above result.

SOUTH BEND

Mr Will Cowan's baby broke its arm last week by tripping over some play things on the floor. We hope he will soon be alright again.

Mr Henry Cowan's baby has been ill with pneumonia, also Mr Wesley Holliday's little daughter is ailing. We hope both will soon be well again.

Mr Vernon Rawn, who had the misfortune to break his ankle by slipping on the side walk at Dundalk a month ago was able to come home last week but it will be several weeks yet before he will be able to walk unaided.

Miss Squiers, teacher is spending the Easter holiday at her home at Milverton and other places.

The Easter services at Letter Breen church were good. The choir had special music for the occasion and the floral display was beautiful.

The Sunday School has opened up after being closed for three months and the superintendent, Mr E. H. Holliday is anxious for every family to attend.

Another thunder storm and heavy rain on Monday made the land, which was nearly dry enough to go on to work, as wet as ever, but likely it will soon clear up now and then for the rush for seeding.

Our April showers will surely bring May flowers.

Last night's electric storm wrought havoc at A. Drimble's barn, killing and injuring some live stock. The barn was slightly damaged.

Miss Mildred Rogers, Toronto, and Miss Hilda Whyte, Guelph O. A. C., spent the Easter holidays at their homes here.

Mr and Mrs F. Watson, Toronto are also guests of their parents Mr and Mrs W. H. Rogers.

Our teachers are enjoying their vacations at their respective homes. Miss Hood at Listowel and Miss Treleven at Conn.

Best wishes to Mr and Mrs McDonald (nee Lydia Ferguson) for a long and happy married life.

Our community extends sympathy to Mr Dyce and family in their very great sorrow, the loss of a kind loving wife and mother.

BLYTH'S CORNERS

The weather continues somewhat wet and cold and as we are approaching night onto the 20th April, it looks as though the farmers will be forced to adopt day-light saving, not for the novelty of the thing but from their necessity.

Our popular teacher, Mrs Seeley, is spending the Easter vacation at her home near Cayton.

Mrs Jas Marshall has been quite seriously ill and confined to her bed for the past few days. We did not hear what the trouble was but guess it's the flu.

The roads are drying up nicely and if our Township officials had gumption enough to have the drains split log even, &c, here and there, where a fellow could get one handy, a willing worker with a team could do as much work on the roads as half a dozen could do later, eh Dicks?

As announced, the U. F. O. held their regular monthly meeting on Saturday night last in Varney. Our right-on-the-job representative, Geo. M. Leeson, was present with enough books and pamphlets of facts and figures to keep any meeting interested for a week or more.

However as the time was very limited he had to confine his talk to a few of the most important items. A very noticeable feature of the Drury Gov't is notwithstanding the slanders, lies and misrepresentations hurled against it by both the old political parties, they are able on every score to kick the bottom out of the bluff. This was again evident when the charge of the Fisherton Advance of the Gov't losing over \$80,000 on the Walkerton Quarry was shown as the facts and figures given showed the very opposite—a net investment of over \$100,000.

Another undertaking of the Gov't was proven by figures, as a great boon to the country, was the erecting of fruit storage buildings in various parts of the Province for the storing of apples and fruits of all dimensions where it has been proven that fruit can be kept as sound and sweet as need not go into detail to show what the decided boon this will be to the country as the Gov't will store fruit of any description for any one by paying storage fees and when the owner finds the market profitable he can sell his fruit either singly or co-operatively which is the more up-to-date and better method of selling now-a-days.

Ontario fruit, particularly apples, are greatly in demand in English markets and apples which have just netted the Ontario grower \$1.50 to \$2 in his orchard, have on arrival when in good condition, sold as high as \$18 and \$20 per barrel in the European markets.

However under the old system of shipping whole shipments have been known to be worthless upon arrival. With the new method of storing, the fruit of all kinds can be shipped as the market demands and much greater interest will be taken in looking after the orchards when the farmers are assured of getting three or four times for their apples, the price being paid previously.

Time forbids us giving a fuller or talk by Mr Leeson, but just on the side an encouraging little bit of information was thrown out which will be of interest to any fond of fishing in our silvery streams.

Any stream into which fish spawn is put in, cannot be barred by any one on fishing as long as he or she keeps in from towns, have in the past put up a stake up on every little stream but if the angle is careful to keep always in the stream, their bluff can be laughed at.

Notice Re Accounts As I have disposed of my grocery business and am leaving town, all accounts must be settled on or before April 22nd 1922. After that date they will be placed in the hands of a collector and collection charges added. ROBT. G. LINSAY, Durham
