

Jasper Park Lodge—
An Ideal Stepping Off Point

With the advent of reduced fares to Alberta and British Columbia points, many who have long anticipated seeing the Canadian Rockies and Pacific Coast will make the journey this year. To them, and to the individual travelling "Across Canada" for purely business reasons, the "National Way" and the Canadian National Railway's premier train, the "Continental Limited" strongly appeals as most strongly, the route connecting as it does the great urban centres of Canada, and traversing regions of outstanding interest. The various Canadian National hostleries en route suggest excellent stop off points and are noted for the excellence of their service. To their number this year is added Jasper Park Lodge on Lac Beauvert.

Jasper Park, Alberta, in the Canadian Rockies, is the largest of Canada's National Parks. Its area of 4,100 sq miles offering unlimited holiday possibilities to the tourist and sportsman. Dolly Varden trout, beautiful transparent lakes, a new unspoiled Alpine wonderland of snow-crowded peaks and verdant valleys gladdens the eye. In this delightful setting on Lake Beauvert, three miles from Jasper station (with which it is

connected by motor car service) is Jasper Park Lodge, operated by the Canadian National Railways' Hotels Department, and now open for the reception of guests.

Of artistic log construction, the Lodge comprises a large comfortable lounge building, surrounded by Dining Hall and separate sleeping buildings, each containing sitting rooms, with all modern conveniences, running water in each room, baths, etc. In conjunction with the Lodge is a dancing pavilion where good music assures to the guests a delightful evening's diversion.

From the Lodge a magnificent view greets the eye. Mount Edith Cavell, so called in memory of the martyred Canadian nurse, stands out in bold relief, its glistening slopes making it to appear as "a sheet suspended from the heavens." The picturesque valley of the Athabasca is flanked by Pyramid Mountain, the richness of its varied color effects presenting a very striking contrast. Whistlers' Mountain, Colon Range, Roche Bonhomme, are but a few of the mighty peaks that meet the gaze. Riding, is of course the popular pastime and ponies are available for this exhilarating sport. Within easy reach of the Lodge, afoot or by motor car, are numerous points of interest. Malgine Canon and Gorge, one of the most interesting attractions in the Park, is but six miles distant. Easily accessible streams will tempt the fisherman

PRICEVILLE A N D VICINITY

The amateur photographer will revel in Nature's bounteousness. Animal, bird and plant life is found in wonderful variety. Seventy different species of birds, seven hundred different species of plants and flowers have been accounted for, and within the confines of the Park (which is a bird and game preserve) are big horn mountain sheep and goat; bear, reindeer, brown and black; caribou and moose, elk, beaver, otter, marten and deer.

For those more venturesome who would explore the more difficult and extended trails, guides, ponies, pack-horses and complete outfits can be obtained at the Lodge, from which point also parties set out on hunting expeditions beyond the confines of the Park.

This delightful region is fully described in a new booklet entitled "Jasper Park Lodge", copies of which may be obtained from the nearest Grand Trunk or Canadian National Agent.

Rev. R. J. and Mrs. McCarty on Thursday of the Paragon on Thursday of last week. On the evening previous a large delegation from the

Women's Institute and other friends gathered at the Paragon. Mr. Wm. Mather was placed in the chair, Mrs. D. McLachlan spoke for a few minutes, expressing the loss they felt at the removal of such an active and beloved member as Mrs. McCarty had been; also the Pastor had been elected every good move, and he dedicated himself to a host of friends in both church congregations here. The chairman read a nicely worded address and the women presented the worthy pair with a full of love and mock. The reply was full of love and good feeling for the people of Priceville and vicinity. The address will likely be published in some of the local papers.

McCuaig, assembled at the home of her sister, Miss Will Brown on Thursday night to say farewell to her before she left for her next school at Castor, Alberta. This took the form of a presentation and at a proper time Mr. George Binna, chairman called upon Miss McCuaig to come forward, while Miss Ada Brown read the address and Misses Hazel Beaton, Margaret McFarlane and Marie McArthur presented her with a handsome silver mesh bag, ivory mirror, hat brush, drinking cup and bottle of perfume. Miss McCuaig in a few words thanked them for the gifts, and good wishes which followed her.

Short addresses were then made by Mr. John Gray, Thos. Binna and Archie McCuaig, and with this, this function was drawn to a close.

The ladies then served lunch, and then the young people enjoyed themselves with a dance.

A vote of thanks is tendered to Mr. and Mrs. Will Brown for the warm hospitality in offering their home.

The following was the address: Dear Miss McCuaig:

It was with sincere regret that we learned that you had decided to sever your connection with S. S. No. 1. You came to us, not as a stranger, but as a friend; one whom we had learned to esteem during your previous term in our school, and the past three years have served only to deepen our esteem and love.

You have been painstaking in your work, always patient with our mistakes and willing to assist us over any obstacles which lay in the paths of learning. Not only in our studies have you aided us, but you have so walked among us that your life has been an example to us; and parents feel that they are losing one in whom their confidence was not misplaced when they entrusted to you, the training of young minds.

We ask you to accept this gift as a slight token of our appreciation of your work here. May success and prosperity attend you, in whatever sphere your lot may be cast, and in your new field of labor, know that you are followed by the good wishes of your many friends here. Signed Ada Brown, Archie McArthur, Margaret Smith, Frank McArthur, Angus McArthur, Archie Beaton, George Binna.

Miss A. MacPhail true to the Word

In the campaign Miss MacPhail repeatedly declared she would not accept the \$4000 indemnity. True to her word she last week returned \$1410 of her indemnity to the Minister of Finance.

It was estimated that she had saved \$2600 in income tax on the amount.

"I am quite convinced that \$2,500 is not enough for a man who devoted himself to serving his country," Miss MacPhail explained. "What I did object to was the time when the indemnity was increased and the circumstances. Our men were overseas, and the great cry was economy."

"That was why I could not accept the \$4000. If I had known the procedure in time I should have put forward my bill for a decrease in the indemnity. As it was I saw I would never get through so I withdrew it rather than risk the remarks that I was playing to the gallery. I did not want to touch it."

"I have no condemnation for anyone else, but I do think there is no use of Sir Lomer Gouin or Mr. Fielding or Mr. Cramer, or any other man, no matter how great, preaching preaching economy unless we can give the people a lead in economy and show the sincerity of the idea. Anybody can use \$4000. A man with a family, away from home and business, probably needs it."

"But the sessional indemnity is not a salary; it is a mark of appreciation given by the country for service."

Miss MacPhail left this evening for her home at Flesherton, Ont. She is booked to speak at meetings in her riding every day except Sunday until July 19. Afterwards, she says, she is going to disappear for a rest.

Jobs Depend on the Safety of the Forests

DON'T
DON'T take any chances with fire in Ontario's forests.
DON'T throw away cigarette or cigar butts, pipe "hools" or burnt matches until they are out.
DON'T neglect to drown out your fire with lots of water.
DON'T build your camp fire against a rotten log or stump; nor on windy points; nor near moss patches; nor at the base of a tree.
Build it in a format firelog, or on a flat rock, or on a spot cleared down to the true soil below, or by the edge of the water.
DON'T forget that the upper part of ground in the forest consists of partially rotted wood which will burn.

RIVER DRIVERS, shanty men, pulp loggers, and all men who work in the lumber woods, on the river or at the mill—get this: Your job depends on keeping forest fires from burning up the bush.
Every time you leave a camp fire or a smudge burning you are taking chances on a forest fire that will do you out of a job. Every time you throw away a burning match or a cigarette, or drop the "heel" of your pipe on the ground, you are taking a chance. In summer time, moss, dead wood, dry leaves or the regular wood-fibre soil of the forest are all ready to burn. Millions of feet of timber and pulp are being burnt up that way every year.

Ontario's forests are not growing fast enough to keep up. Forest fires will do you out of a job if they keep on a few years more. Watch yourself.
