The paper says: "Among her predominant characteristics were love for her fellow men and a desire to be doing good. With her service was a joy and particularly to render service to others. Her life was a benediction to all with whom she came in contact, the influence of her saintly character giving a lasting impress."

100 per cent on Entrance

Out of 20 pupils writing on their Entrance examination for Durham School, 20 were successful and 9 of these obtained honors, or over 75 per cent of total marks. This is a grand record and we congratulate Principal John A. Graham and the scholars on the showing. The list appears in another column. There were 12 honors in all at Durham centre and the result is the more creditable when compared with Hanover centre where only 5 took honors. Markdale centre with 5 or Dundalk with only 1. Miss Margaret McKenzie at Aberdeen, passed her only pupil writing with honors.

The High School results for Forms I and II are also announced in detail on page 4. Principal Danard and staff have made a creditable showing, especially in Form II or Lower School results where 25 out of 37 writing have passed in all subjects and several of the remaining 11 have only one subject to write off to secure full standing. Clara McCrae and Cecil Wiggins lead the Lower School lists, each with 5 or 6 class honors, subjects and 1 second. In Form I many failed in Can. History, but 6 secured all 4 subjects, but most of those failing have only one subject to write off to complete. Kathleen McLean leads Form I with three first class honor subjects and 1 credit, while John McDonald, son of Alex. McDonald of Crawford, is second with 2 first class honors, 1 second and 1 credit. We congratulate teachers and pupils on the standing secured and may those who dropped in one or two subjects "clean up" on those next year, along with higher exams.

Big Red Cross Celebration Wednesday, Aug. 7th

All roads will lead to Durham for Monster Red Cross Celebration to be held on Civic Holiday, Monday, Aug. 7th. The committee in charge have provided a grand program of entertainment for both afternoon and evening, and the public are assured of "something doing" all the time.

The two big games in the afternoon are a football match between Holstein and Markdale and a lacrosse match Durham vs. Elora. Both pairs are evenly matched and the games will be contested like semi-final meets. Glenelg and Bentinck teams will engage in a game of soccer. Angus McArthur and Jack Grierson are captains and two cups worth \$75.00 will be donated to winners of this and of the Football game.

An interesting feature will be a water contest between members of the local fire brigade in which two teams, each with a line of hose, will strive to gain a certain line. Henderson's Kiltie Band of London, will provide music afternoon and evening. Another feature is a baby contest, 18 mos. old or under.

The funeral took place Tuesday a. m. to St. John's R. C. Cemetery Glenelg.

Mr and Mrs Bert Ritchie, Rocky Sauguen, on Sunday last were called upon to lose by the hand of death, their little daughter Joy Marie, age about two and a half years. Some six weeks ago a slight spot was noticed in the little girl's foot, but nothing serious was thought of it, but as this spot developed medical aid was summoned and was pronounced blood poisoning. Every attention was given the little sufferer but of no avail and to those left behind are left only cherished memories of a little angel who ran among them. Two other young brothers are left to the parents. The funeral on Tuesday to Durham cemetery was attended by the whole neighborhood who showed their sympathy in a practical way. Mrs Ritchie, mother of the deceased little girl is in a critical condition herself and unable to attend the funeral.

Open an account with what you feel you can spare now and add to it regularly as "pay day" comes around. POWER FARMING

With the Fordson Tractor

THERE is no power farming job that the Fordson cannot do better, cheaper and faster than it can be done by any other source of power. At those frequent times of crisis on the farm when quick action means everything—the full significance of Fordson reliability in a pinch is appreciated. Twenty-four hours each day, every working day in the year, it will give maximum service.

The time to buy a Fordson is now. Look ahead. Get this power-farming vision. Be ready for the spring-time problems that come so suddenly. Have your Fordson on the land to solve them.

Then during the fall and winter your Fordson will more than pay for your investment by handling every kind of drawbar and belt work such as ploughing, silo filling, threshing, pumping, baling hay, manure spreading, road work, hauling wood, and supply power for farm lighting plant and electrical appliances in the house.

The Fordson has a drawbar pull of 1800 lbs. at 2 1/2 miles per hour and 2500 lbs. at 1 1/2 miles per hour. It has a road speed of 12 to 14 miles per hour and can be used with success for heavy road hauling.

Should parts or repairs be demanded in a hurry, we with our expertise will be at hand to see that you get service prompt and efficient.

It will pay you to buy the Fordson now and replace several horses. Come and talk it over with us. Let us demonstrate on your farm the Fordson on both the drawbar and in the house.
