TOWN TOPICS

HELP WANTED.—Apply at once, at the Middaugh House.

Lost.—Between Review Office and 2nd con., Glenora, on Sunday, Sept. 3rd, a man's fawn brush wool muffer. Finder please leave at Review Office.

The Misses Truax are having their first showing of the newest styles in fall millinery on Sept. 14th and following days.

ROB ROY GRAIN PRICES.—We are paying 35 cents for Oats, 18c to 50c for Barley, 70c to 75c for Buckwheat and 95c to \$1.00 for Peas at our Elevator this week.

Rob Roy Mills Limited
Ground Screenings per ton, \$20. Sacks included; \$19.00 without sacks. Whole screenings per ton without sacks, \$18, in any quantity. Special prices in 5 ton lots or over, at Rob Roy Mills.

A ten cent afternoon tea will be held at the home of Mrs. (Rev.) E. Cameron, George St., on Tuesday next, Sept. 19th, both afternoon and evening. Ice cream and cake served. Proceeds in aid of hospital kitchen.

The Chesley Enterprise came to hand last week as a 6 col. all-home print paper. It is replete with local news and "Mac's" personality, and we congratulate Brer. McDonald on the neat appearance as well of his remodelled family journal.

The spire of the Baptist Church in Blenheim was struck by lightning on Monday morning and its whole length of 25 or 40 feet is a complete wreck. It was the highest spire in the town and on high ground, it could be seen for miles around. Rev. W. W. Wylie formerly of Durham, is pastor of the church.

Stationed at Aytou.
His Lordship Bishop Dowling of the Roman Catholic diocese of Hamilton, has announced the appointment of Rev. Father McNeil, of St. Mary's Cathedral, Hamilton, to the parish of Aytou, in succession to the Very Rev. Dean Halm, who has been transferred to Hanover, owing to the retirement, through ill-health, of the Very Rev. Dean Lehman.

Cost Campbell nearly \$100 More.
Melville Campbell of Owen Sound, who made the sensational auto drive through Mount Forest and up the Garafaxa four weeks ago, after paying his \$1000 fine for breach of the Ontario Temperance Act, was liberated from jail and disappeared from Owen Sound. Road Constable Balmer followed him to Kitchener, then to Toronto, then back to Owen Sound, where he was again arrested and brought to Mount Forest where he was tried before Police Magistrate Hellyer. A fine of \$50 and \$24.80 costs was imposed for reckless driving.

Entertained High School Students.
The High School students, numbering nearly 150, had a "whale of a time" at a reception tendered them in the Baptist church by that congregation on Monday night. The teaching staff and quite a number of the congregation were also present. There was a bright program, among the numbers on which were recitations and duets by Durham's juvenile entertainers, the Cameron children, and a duet by Misses Esther McComb and Emily Smith. Rev. Mr. Cameron had delivered an apt and practical sermon to the students the previous night. He stated he remembered the entertainments provided by all the churches in Kincardine for the students in his high school days, and when in a town with a High School, he desired a similar reception for them, at which they became better acquainted with the citizens of the town. An amusing contest was held the girls trimming some fancy tissue paper hats on the boys' heads. Miss Abbott, new H.S. teacher, proved the best milliner, her creation adorning Irvin Sharp winning 1st prize while Florence Kerr, who beautified Don. Graham's head, captured 2nd. Refreshments of ice cream cake and fruit were served in the schoolroom at the close. The students warmly appreciated the hospitality of the congregation and pastor.

Come and see the latest styles in Fall Millinery at Misses Truax.

WHEAT WANTED.—Highest price paid for any quantity, at the Peoples Mills Durham

FEED OATS.—Western feed oats 50c per bus, any quantity, without sacks, at Rob Roy Mills. Special price in large lots.

FOUND.—A small parcel containing men's wear. Apply, proving property to D. Hamilton, R. R. 4, Durham, or at Review Office.

The Wingham Times says:—"According to Sir Adam Beck, the Hydro municipalities all recognize the fairness of the present system of fixing power rates. These include Toronto, Toronto, Toronto and Toronto."

Strayed.—On Sept. 7th, one all red two year old heifer without horns, due to calve. Information as to her whereabouts will be thankfully received. Lorne Livingstone, R. R. 2, Holland Centre

Friday last before Police Magistrate Creasor and Laidlaw, Mr. Johnson Allen was freed from the charge of selling liquor contrary to the provisions of the O. T. A. Inspector Beckett prosecuted. The case was based on an affidavit made by Mr. McEwen in a trial at Brantford where he was fined \$500, and in his affidavit there, he swore he got two bottles from Allen. Now in Durham he denies the whole story in the face of his affidavit, which he states was made in a moment of spite and was not true. In view of this denial the accused of course was a free man, there being no other evidence whatever against him.

Should Boost Peddler's Licence.
Two claps were canvassing the town Tuesday selling suit lengths, for which privilege one of them only, parted with the small license fee of \$2.00. This is the amount fixed by town by-law for peddler's or transient license by the day, but it is much too low to be any protection to our merchants who reside here, pay business taxes and otherwise contribute to the welfare of the town. \$10 would be a reasonable sum for this license, but at any rate the Council should amend this by-law by having the fee increased, at next meeting.

Auto Crash at Varney Crossing.
A collision of two Chevrolet cars took place on the railroad crossing at Varney station about 7 p.m. Sunday, and while both cars were rendered more or less hors de combat, it is fortunate no one in either car was injured. John McFayden of Glenora was driving north and keeping well to the right of the road when Peter McLean of town, going south, unfortunately met him just at the track, where there is scarcely room for two cars to pass. The crash was heard some distance. McLean's car was swung around facing east, and but for the board fence holding it (some of which were knocked off) the car would have dropped down a ten foot bank. It had two wheels almost demolished, a spring broken and fenders twisted. McFayden's car had fenders and running board shaved off one side, tire burst, lamp broken and axle bent. Mrs. T. Turnbull, one of the occupants of the latter car, received a shaking up, being thrown violently forward, but luckily there were no other casualties. The cars are now undergoing repairs in local garages.

A Radio Store stocked with all good standard radio parts and supplies is opening September 16th in Owen Sound. This store will be in a position to supply you with any style of set, complete, or any parts, for you to construct your own set, and will also be in a position to instruct you in different methods of wiring these parts, so as to achieve the best results, or will do the wiring for you. It is a mistake to think that radio is an extravagant idea—just the reverse—if you are properly instructed as to what to buy.

Any information regarding radio, costs of sets or parts can be obtained by addressing Frank Slater, Coulson House, (opposite the City Hall), Owen Sound, who is opening this up-to-the-minute Radio Shop.

South Grey Show

Weather to day, Wednesday, threatened a little but on the whole behaved well for the first day of the Show. Some very good exhibits appear in the Hall, fruit and flowers being excellent. Here's hoping Thursday gives us good Show weather. Partial prize list on page 5.

Some reading matter may be left out this week as we go to press earlier than usual to enable us to take in the second and important day of the Show.

Memorial Monument Unveiling

Sunday, 23rd September, at 2 p.m., has been selected as the date of the unveiling of the fine monument, erected to commemorate those of our community who made the supreme sacrifice in the great war, 1914-1918. Friday of last week Contractor Corbett of Mount Forest, put the finishing touch to the memorial by hoisting to its position the bronze statue of the soldier.

We are sure the community will be gratified that at last a fitting memorial has been secured to show to future generations the love and respect to the memory of those who died in and for a just cause, borne by their contemporaries. There were differences and difficulties at the inception of the movement for a memorial, these have now been smoothed away, and all will rejoice that they have been overcome.

The top of the figure is 18 feet, 6 inches from the ground. The soldier figure is slightly above life size and is an admirable representation of a soldier "standing at ease," rifle grounded, plainly saying, "The work is done, the victory won." The expression of the countenance is pleasing and appropriate.

The plinth or base of the monument is of granite in two overlying tiers. On the four faces of the top base are inscribed the names of famous battles in which the Canadians distinguished themselves. The die is square, of a beautiful marble, and on the front face are the names of 31 soldiers whose lives went in the war. Between the die and statue is an artistic coping. It is a worthy memento and reflects the greatest credit on the Corbett firm, who did the work.

The article on an inside page under this heading is a timely article for any one wishing to know the law on the subject. Fanny Crosby's verses on Books of the Bible on same page, is a profitable piece of memorization for young people. On Sunday School lesson page is an article on "The Child's Food," full of splendid advice, and much other interesting matter on all pages.

Grey County is Fourth.

According to a report recently issued by the Dominion Live Stock Branch with respect to live stock shipments from various counties to the stock yards for the year 1921, Bruce County leads all other counties in Ontario by shipping almost 29,000 head, an increase of almost 12,000 over the previous year. Wellington and Huron rank second and third, respectively by shipping 21,000 head, and Grey fourth with slightly over 23,000 to her credit.

Eugenia Hydro Association Meets.

A meeting of the Eugenia Hydro-Electric Association Executive was held in the Public Library, Durham, on Monday, Sept. 11th. Mr. Wergast, Secretary of the Inquiry Commission appointed by the government to investigate into the expenditures of the various Ontario Hydro-Electric undertakings, was present, and gave the meeting some valuable information and assistance. The Association appointed a delegation to go to Toronto and appear before the Inquiry Commission and Ontario Hydro-Electric Commission on Tuesday, Sept. 26th, to discuss the various problems of the municipalities taking power from Eugenia.

Good Papers at Institute.

A well-attended and interesting meeting of the Durham Women's Institute was held last Thursday at Mrs. David Hamilton's fine home, about forty being present. After the preliminary business had been attended to, a thoughtful paper on "The moral and physical harm of fault-finding" was read by Mrs. Andrew Derby. Miss Eliza Patterson gave an amusing reading and Miss Elizabeth Scott then delivered her very instructive talk on "Our Wild Birds." It is a pity more of our teachers cannot teach their boys and girls how interesting and useful birds are not only to the farmer but to every person. Some community singing in rounds was a pleasant interlude, after which Mrs. McIlraith gave a good account of the County Convention at Kemble. A dainty tea was then served by Mrs. Hamilton and willing helpers, which brought the meeting to a close.

Mrs. Moorhead is a visitor this week with Toronto friends.

Mr. John McGowan was in Kitchener this week on a business trip. Misses Truax returned last week from the Toronto Millinery openings.

Miss Marjorie Rocks, of Toronto, is a guest this week at her uncle's, Mr. David Leith.

Mrs. Hugh Firth is spending a month in Toronto, taking treatment for her health.

Mrs. Jas. Eccles and son Bert of Holstein, were visitors this week at Mr. Robt. Isaac's.

Mrs. Henry of Shallow Lake, is here waiting on her mother, Mrs. McEekin, in her illness.

Mrs. Wm. Keddy spent the past couple of weeks attending the millinery openings in Toronto.

Mr. J. F. Giles is visiting his daughter in London this week and taking in the Western Fair.

Mr. and Mrs. Frank Adams of Egrement, visited at his brother's, J. C. Adams, the beginning of the week.

Mr. and Mrs. Thos. Brown recently took a motor trip visiting friends and relatives at Doon, Burgessville and Guelph.

Miss Annie Smith returned Wednesday after spending a week with her cousins, the McKinnon family in Toronto.

Mr. and Mrs. Alex. McLoughlin of London have returned after spending a week with her parents, Mr. and Mrs. E. W. Limin.

Mrs. Irvine and sister-in-law from Holland Centre, visited for a few days with her grandmother, Mrs. Dunsmoor, Sr.

Mr. and Mrs. A. A. Catton, Mr. and Mrs. Ralph Catton, left Wednesday on a week's touring trip to Grimsby and through the Niagara peninsula.

Miss A. Gun came home last week from a five weeks' stay in Manitoulin Island, where she finds the bracing atmosphere is very invigorating.

Mrs. (Rev.) E. Cameron wishes to meet all the ladies of the town and young people at her ten cent tea next Tuesday afternoon or evening, in aid of the hospital kitchen.

Mr. and Mrs. Roy Pearce and little daughter Ottile, of Stratford, returned this week after a couple of weeks' holiday at her parents, Mr. and Mrs. E. W. Limin.

Miss Barbara Knisley left Monday for Dobbinton to attend the wedding of her friend Miss Grant and Rev. Mr. Farrell of Port Elgin which takes place this Wednesday.

Mr. David McEeken from the Soo, is here visiting his mother who is ill, and other relatives. He is foreman of the street repair department for the Council there and is a very busy man. His son is in the Council.

Mr. James Isaac, M. A., Ph. D., leaves Thursday for Boulder, Colorado where he has accepted the position of Professor of Ancient History on the staff of the University there. Boulder is the State University, it is long established, and has a staff of 100 professors, with over 1000 students in attendance.

Oldenburg—Johnston Nuptials

A pretty house wedding was solemnized in Kitchener on Wednesday Sept. 6th, at three o'clock, when Lyla May Johnston, only daughter of Mr. and Mrs. W. Johnston, formerly of Durham, became the bride of Walter Oldenburg, of Kitchener. The ceremony was performed under an arch of autumn leaves and gladioli, with white bells.

The bride wore a gown of pussy willow crepe trimmed with silk net and seed pearls, with veil caught up with orange blossoms, and carried a bouquet of bridal roses. She was attended by Miss Lizzie Marshall, who wore pale green crepe de chene and carried pink roses. Mr. Wilford Good acted as best man. Little Margaret and Shirley Kiddener of London cousins of the bride, made dainty flower girls in their frocks of white silk. Rev. Pessot was the officiating clergyman.

The groom's gift to the bride was a dinner set, to the bridesmaid a gold locket and brooch set with pearls, to the best man, a pair of gold cuff links and to the flower girls, rings set with pearls. The bride and groom received many costly and useful presents besides several checks, showing the esteem in which they were held.

Following the marriage, the guests which included the relatives and friends of the bride and groom, sat down to a wedding dinner. The table was tastefully decorated with white streamers and pink and white asters. Mr. and Mrs. Oldenburg left on Thursday morning by motor for London, Detroit and other points west. On their return they will reside in Kitchener.

Mrs. R. Marshall has added to the beauty of her property front by having the recently erected retaining wall plastered and blocked off. Every little helps.

PERSONAL MENTION

Dr. Cecil Wolfe, of Toronto, spent over the week end with his parents here.

Miss Vaddie Caldwell is visiting for a couple of weeks with relatives at Arkeil, near Guelph.

Mr. and Mrs. C. Ramage, Miss Alice and Peter, visited with Chesley and Sullivan friends on Sunday.

Mrs. Geo. S. Burnett and Mrs. Wm. Clark visited last week with Toronto friends and took in the Exhibition.

Mr. and Mrs. Jucksch and Mr. and Mrs. Musgrove of Meaford, parents of Mr. and Mrs. Geo. J. Jucksch here, visited with them over the week end.

Misses Merron McArthur and Hazel Younz, two recent graduates of Durham High School, will leave Monday next for Stratford to attend Normal School the ensuing term.

Mr. and Mrs. John Burgess, Mrs. A. McKinnon, Mr. and Mrs. M. Knechtel, visited with Mr. and Mrs. J. H. Robertson, Chesley, and at Southampton the beginning of the week.

Mr. and Mrs. Wm. M. Watson and daughter of Detroit, visited at his father's Mr. Jas. Watson, and brother R. R.'s of Normanby over the week end, and gave the Review a welcome call.

Miss Alice Ramage left on Monday to attend the Journalistic course at Toronto University for a week, and will also attend the Press Conference for women. Mrs. D. C. Campbell, Dornoch, is also taking the course.

Miss Lina Dowman, of Southampton, entertained a number of friends to a dinner party at Hillcrest Lodge Southampton, on Thursday evening last. She left on Friday morning for Rochester, N. Y., where she will complete her training as a nurse, visiting on route with Mr. and Mrs. C. M. Bowman in Toronto.

Born

POWER FARMING

With the Fordson Tractor

THE Fordson Tractor is taking care of every power job; it is taking the drudgery out of farm work and solving the labor problem. Power farming with the Fordson reduces the cost of preparing land to almost one-half what it would be with horses, and saves a third to a half of the farmer's time. What machinery does for the factory, the Fordson Tractor is accomplishing on the farm—it is increasing production at lower costs and making farm life attractive.

Power Farming with the Fordson means to you the facilities for plowing more acres than you ever dared to put in crop with horses. You can do it with the certainty that the Fordson will enable you to harvest the extra crops in less time, with greater efficiency and at lower cost than with any other form of power.

The Fordson and Plowing—The Fordson plows 6 to 8 acres in a 10 hour day, handling two plows in average soil. Some Fordson owners have done 10 acres in 10 hours. It requires only an average of 1½ to 2 gallons of kerosene to the acre.

Light Weight—Weights only 2700 pounds. Heavy enough to grip the ground, light enough not to pack the land or sink in soft earth. Compact in design, it can make short quick turns at the end of furrow.

Belt Work—The Fordson will not only do your fall plowing more quickly, more efficiently and at lowest cost, but it forms a wonderful power plant for running the threshers, silo filler, electric light, grinder, hay baler, etc.; it has 22 horse power at the pulley, dependable, smooth power produced economically from low priced kerosene.

Repairs Always Available—We keep all necessary parts. Our mechanics are always ready to come at your phone call to make repairs should anything happen your Tractor. Farmers everywhere have caught the vision of the wonderful future for the individual and the nation in power farming. Let us demonstrate the superiority of the Fordson as the most efficient means of putting it in practice on your farm.
