Death of Mrs. Wm. Hunt

Once more Death has invaded the happy family circle and has removed a beautiful spirit from our midst. On Oct. 8th, at her home in Holstein suddenly, Mary, the beloved wife of the late Wm. Hunt, passed peacefully away.

Mrs. Hunt was the eldest daughter of the late Geo. Davis, one of the sturdy pioneers of Normanby township, living in the village of Ayton. Her mother was Eliza Laughed, so that her rich inheritance of such heredity showed itself in the mingled strength and beauty of her character throughout life.

In the year 1864 she married the late Wm Hunt of Egremont, in which township they lived all their married life. Mr. and Mrs. Hunt were blessed with nine children, eight of which survive, only one boy William Henry, having died when he was four, nearly fifty years ago. The surviving members of the family are: Chas. W. of Mitchell; Emma Dickson, of Harrison, Idaho; George and Orme of Egremont; Annie, Mrs. Collins of Toronto; Lizzie, Mrs. Tyndall of Egremont; James Winfield of Burlington; Grace, Mrs. Seim of Bradford. She also leaves to mourn her death, one brother, Geo. Davis of Hamilton; Mrs. Wood of Thornbury; Mrs. Jenkins of Toronto and Mrs. Elliott of Port Colborne. These were all present at the funeral except Mrs. Wood.

The funeral on Wednesday was largely attended by neighbors and friends who had learned to love Mrs. Hunt, because of her pure and unselfish devotion to others. Rev. Mr. West, pastor of the Methodist church of which the deceased had been a life-long member, conducted the funeral service and in a very beautiful way spoke of the christian life that had been called to higher service with the Master whom she loved.

The pall bearers were her four sons and two sons-in-law, Wm. Collins of Toronto and O. M. Seim of Bradford. We gladly remember our friend and mother while there is another break in our immediate family circle nothing can hinder our spirits holding fellowship of the past and all the christian hopes of the future. To all her family and friends may there be given the blessing and benediction of this devoted life as we turn from the mortal and spend the rest of our days in activity and devotion as she did to the cause of God and the Church with such memories and such hopes. May God comfort those who mourn.

Card of Thanks

The family of the late Mrs. Wm. Hunt wish to extend their thanks and appreciation for all the sympathy and floral tributes received during their bereavement occasioned by the death of their mother.

home. Mrs. Fry said she never saw such a looking sight as I was and I told her I was Mrs. Green's chore-woman to look after the school. But I was glad to see Fry's buildings safe. It was certainly a miracle how they stood.

All my books are gone, my hat and a pair of rubbers but what's that? I don't care about them much at all. We're safe and the danger is all over. It has been raining to-day. It has been terrible all kinds of casualties! Oh, its horrible!

I am going to teach in a house near by.

Don't worry now for it is absolutely impossible for the like to happen again, but oh my, you can thank those boys for your daughter.

I'm afraid you'll be anxious because of the reports you'll hear. Every town around is gone. However everything's O. K. now and don't worry.

Be Your Own Boss.

High priced men require little supervision.

The laborer has a gang boss or a foreman over him: over the foreman is a superintendent: over the superintendent is a general manager: over the manager is the President.

The President gets the highest pay because he attends to his own bossing: the laborer gets the least because he most needs guidance, direction, bossing.

You do not have to be a boss over others in order to start learning how to become a boss. Take yourself in hand.

Be your own boss. Supervise, criticize your own work. Be your own timekeeper. Analyze your own progress. Think up new ideas for yourself.

Try to devise a better method of handling or systematizing your duties.

Study hard how to become an "efficiency engineer" concerning your own job.

It is usually not very hard to satisfy others with your work.

The hardest person to satisfy ought to be yourself.

You can see the parts which no foreman or chief clerk or manager or president can see.

You know where there are defects. You know when you skip a job.

You know when you injure, he it ever so mildly, your own topnotch efficiency by some unwise act of your own—too late hours it may be, or overeating at night, or one of a hundred forms of dissipation which no
