The Late N. C. Crockett

A copy of the Cavalier Republican North Dakota paper, has reached us, recording the death of the above. Mr. Crockett was married to Miss Jennie McDonald, who a good many years ago spent some years in Dur ham, and is a sister of Miss Lizzie McDonald, who for years kept the Aberdeen post office. Both the ladies cedar swamp and 16 acres hardwood mentioned are still kindly rememberbush; good No. 1 land of heavy clay ed by old friends in Bentinck, their loam, free from stone and in good native township, and in Glenelg and

The late Mr Crockett visited here twice about 22 years ago, and also in 1907. Besides his sorrowing wife a family of five sons and three daughters survive. Deceased was one of Mrs. A. W. Hunt, Durham, Ont., the substantial citizens of the place, and the paper says his death is distinct loss to the community. His funeral was a remarkable demonstration of love and respect, the Presbyterian Church's seating capacity being quite inadequate to hold ali Presbyterian and Methodist pastors united in the last service over one of the stalwarts of the community. Five sons and a son-in-law were pall-bear-

What Miss McPhail Weuld Abelish

Last week's Flesherton Advance has the following refreshing. bit of candor from our lady M. P. That a Farmer-Labor member should disparage the Departments of Agriculture and Labor is somewhat surprising, and we hope, as the Advance says, we will hear more about it. The article follows: "Miss Agnes McPhail, M. P., in her

address at the Town Hall here recently, gave voice to an opinion that will no doubt be classed by some as a bit of something in the nature of heresy, when she stated that in her opinion the Department of Agricu: ture and the Department of Labor were useless appendages to the government, and might well be abolished. She was brave to make such a statement as that, but as she quaintly remarked, "I do not think it will get into the public press."

Just why should it not get into the public press? If Miss McPhail has discovered that for years our governments have been running side shows that have been unremunerative why should not her voice be raised in protest? The cost of these Departments lies heavy on the country and a relief from the burdens of salaries and expenses would be welcome to the people of Canada.

These Departments in the first place were organized, not because of any crying necessity, but as a concession to labor and to the farmer If with Miss McPhail, the farmer and the laborer do not recognize any benefits accruing from these Departments, surely it is time to eliminate them from the list of expensive government fads. A great many editors and public men are in sympathy with Miss McPhail's views, but did not think the time opportune to put up a protest. Now that we have got it from one entitled to speak, perhaps we wil hear more about it. -----

COUNTY ROAD WORK WAS GIVEN ONLY MILD CRITICISM

The O. Sound Advertiser has this to say of the report and the discus-

A session of County Council without some criticism of the County Roads Committee would not be right: but this year there was, apparently, not much ground for complaint. There was a little breeze on Tuesday over alleged extravagance in some parts: but Chairman Calder met all criticisms and appeared to have the best of the argument.

After Reeve Calder gave the report of the Good Roads Committee, Ex-Warden Sing congratulated the Committee on their report. Mr Bothwell asked if the three crushers were being used in Proton Township when told that only one was in use last season he suggested that Syden-

Messrs A. McTavish and A. Mc-Cuaig took issue with the Good Roads Committee's Report and questioned the accuracy of the 41/2 miles of roac constructed at Priceville. Mr Mc-Cuaig thought there was only about two miles and he also believed that \$1000 a mile would have been saved if the work had been properly done and labor used to the best advantage.

Mr Calder withstood all the criticisms until the question narrowed it affords us pleasure in expressing down to some work in the village of

The Corbett Foundry and Machin- J. L. SMITH, M. B., M. C. P. S. . Co. got the contract for the Drury Bridge in Egremont and the Ford Bridge in Normanby for \$12, 339. dollars per mile. The tenders for the bridge north of Holstein were indefinite, says the report, and the letting was left in the Oh: - ver Jewellry store nd oppo hands of the chairman and County Road Superintendent. It was later let to Mr Hill of Mt. Forest for \$1850 and 50c for cubic yard of fill.

Between Hanover and Durham, Hunt Bros. of Mt Forest completed 14 culverts at a cost of \$1854 for work and \$946 for steel and cement and between Durham and Priceville 15 culverts at a cost of \$2322.49 for labor and \$1215.70 for steel and cement.

There are a few culverts to be built in Osprey and that will complete the culverts between Singhampton and Hanover.
