NORTH EGREMONT

On Friday evening last the neighbors all turned out en masse to join in a presentation to Mr and Mrs. J. M. Lawrence and daughter Cora, and to show their appreciation and good will to the family. The address being read by Miss Miriam Hornsby after the meeting was called to order by Mr Crawford Harrison, who acted as chairman very efficiently. Replies to the address were made by Mr and Mrs. Lawrence and daughter and their kindness and appreciation of them of the neighborhood. Mrs. Alfred Tucker voiced the sentiments of the Ladies' Aid Society, Mrs. A. Hann on behalf of the choir, and Mr Harrison on behalf of the choir, and Mr Hooper for the neighbors, all breathing out pleasure of past acquaintance and willing co-operation in all good work, and expressing regret at the prospective removal. The presentation consisted of an eight day mantel clock to Mrs. Lawrence, and a camera to Cora. A pleasant time was spent thereafter in music and conversation. The young people engaged in the terpsichorean art thereafter. Lunch was served, and all departed their way home, satisfied with the night's enjoyment.

To Mr and Mrs John M Lawrence and Miss Cora Lawrence Dear Friends:

We are met together this evening on the occasion of your departure from our vicinity to your new home near Durham. We are very sorry to lose you as neighbors and friends, but we are also pleased that you are not going far but that our intercourse may continue to some extent.

Mrs. Lawrence, we have always found in you a ready friend, one in whom we could repose our trust, one of whom we need fear ask no favor. We shall miss your help in our church and especially in our Ladies' Aid Society of which you have formerly been President for some time.

Mr Lawrence we regret to lose you as a very obliging neighbor. Our choir will miss your help. Cora, as also the young people will miss your bright face and cheerful ways among them.

As a mark of our esteem we ask you to accept these gifts, not for their small value but as a remembrance of our friends here. Be assured that our very best wishes for your happiness and prosperity will follow you to your new home.

Signed on behalf of your friends and neighbors, Mrs. A. Hann Mrs. G. Hargrave Mrs. A. Tucker Mrs. Thos Sproule

We welcome Mr and Mrs Thomas to our midst, who have taken up residence at the Lake. Mr. Thomas is a capable judge of poultry, and an enthusiast in the raising and breeding of the same, while Mrs Thomas is an acquisition to the locality in a musical way, on the piano and by voice.

Mr and Mrs Reuben Watson had the pleasure of welcoming a young son on Friday last.

The Women's Institute of Dromore will hold their regular monthly meeting at the Hall on the first Wednesday of December. Papers will be given by Mrs Burnett on contentment, a Christmas reading by Mrs Thos. Brown, and a report of the Provincial Convention by Mrs J. R. Wilson, who attended as a delegate. Roll call will be answered with Christmas Suggestions.

The annual winding up meeting of Tartan beef ring, which closed this week, will be held on Tuesday evening next, Dec. 5th. Come prepared with change and come early.

The Teachers' Touring Trip Through Britain and War Zone

The following interesting story was told to the teachers of South Grey at the recent convention in Markdale by Miss Mildred Leeson, and next to going oneself is to read her glowing account of the trip.—Ed.

Early in 1920, acting on the advice of Hon. R.H. Grant, I wrote an application to D. Jas. L. Hughes to be included in the party which he was then planning to take on a vacation trip to Europe. Dr. Hughes' list was already full when my letter reached him, so he held my application until he began making arrangements for his 1922 tour. Then he notified me and asked me to take a friend with me to share my trunk and stateroom.

Miss Allie Edge of Durham accompanied me and we left Toronto on June 30 with about 120 other members of the 'Hughes' party. On reaching Montreal we were taken in motor coaches to the dock and went on board the Canadian Pacific Steamship Metagama for breakfast.

The day was not very clear so that we missed much on our way down the St. Lawrence but one thing we saw in every town and village on both shores was the church which seemed to be the centre of each. Three Rivers was the first large place we passed. We stopped at Quebec and got some extra passengers, some mail and deck chairs and had a good view of the old town, Wolfe's Cove, Montmercy Falls and Quebec Bridge.

Early Sunday morning we passed Father Point, then for most of the day we were along the Gaspé peninsula, with the line of the Shick-Shocks forming a background.

The fog thickened as we proceeded and for several days was very dense so that we went rather slowly through the Gulf of St. Lawrence and Cabot Strait. Then one, grand clear morning we were awakened about four o'clock to see some ice bergs about four miles away. The same day we saw other great bergs with tall points like cathedral spires glistening in the sunlight. A good-sized whale came alongside and others sent up their spouts at a respectful distance.

Of the five hundred and four cabin passengers, over ninety per cent were ladies. There were a large number of American tourists on board and they celebrated the 4th of July with a grand parade and patriotic songs in the forenoon and a truly American concert at night. Dr. Hughes lectured on Robert Burns one evening and Dr. Coleman on Mountain Building another evening and every day and night there was music in the air.

The weather was fairly decent until we were off the coast of Ireland, then for a day or two we rolled and pitched considerably, for the wind blew a gale and the waves ran high. We got a glimpse of the North East coast as we went through the North Channel.

That of the W. M. S., and Allie Harrison on behalf of the choir, and Mr Hooper for the neighbors, all breathing out pleasure of past acquaintance and willing co-operation in all good work, and expressing regret at the prospective removal. The presentation consisted of an eight day mantel clock to Mrs. Lawrence, and a camera to Cora. A pleasant time was spent thereafter in music and conversation. London was our next stopping place and for 10 days we were busy seeing the sights of the world's metropolises. We took side trips to Rochester, Windsor, Stoke Porges, Oxford and Stratford-on-Avon. In London our headquarters was the Palace Court Hotel in Pembroke Square. Part of our party stayed there and the rest of us were in 12 nearby private hotels. We went to Palace Court every day for mail and for our instructions for the next day if any trip was to be taken by the whole party. On Sunday morning we attended service in Westminster Abbey and in the evening at St. Paul's Cathedral and in both we saw many tributes to Britain's honored dead. We visited Madame Tussaud's famous wax work collection, the Tower of London whose 'keep' was built by William the Conqueror, the British Museum, the Wallace collection of Art, the Royal Exchange, Kew Gardens, the Zoological Gardens, the Parliament Buildings and the University of London.

Interested in all the large centres which we visited.

Our next trip was to Edinburgh. Municipal cars met us at the station and conveyed us to our stopping place on the lower slopes of Lake Lochhart. That evening we climbed to the top of the Craig which is one of the four isolated peaks of the Pentlands within the city. The other three peaks are Castle Hill, Calton Hill and Arthur's Seat. From the top of Craig Lochhart we got our best view of the city, the Firth of Forth and the famous Forth Bridge. In the morning we were taken for a drive through Princess St., by the Castle and Holyrood Palace, past St. Margaret's Loch and along the Queen's Drive which winds around Arthur's Seat. Our drive ended at the studio of Mr. Harry Gamble, a noted sculptor and he showed us his studio and many finished models and one large unfinished one, somewhat representing the Winged Victory of Olympia. There were shopping expeditions of course and we went in small parties to see the places we were most interested in.

1922 Xmas Seals Department of Agriculture

The National Sanitarium Association is to be congratulated on the handsome Xmas Seals—now on sale in aid of the Muskoka Hospital for Cerebral Palsies. Designed as shown above, worked out in gold and red with a touch of green and black, the seal is very attractive, and should be widely used for decorative purposes on Christmas packages, letters, etc. The Hospital is in need of funds to carry on its work. Why not buy these seals in lieu of others? Not only will you get good value in return, but your money will be made to serve a greater end, for it will go to help someone in distress. For sale by school children, Banks, or direct from Xmas Seal Department, Gage Institute, Toronto, Ont.
