FIVE COUNTY COURT CASES

Two Criminal Cases and Three Civil Suits to be Heard

There are five cases, two criminal and three civil to be tried at the General Sessions of the Peace, Tuesday of this week at the County Court House, Owen Sound, before His Honor Judge Sutherland.

The first criminal case is that of Rex vs. Roy Campbell. The young man was sent up for trial in October on a charge of breaking and entering a garage in Dundalk. His brother Melville was given a preliminary hearing on the same charge but the case was dismissed.

The other criminal case is Rex vs. Weaver. This case had been tried several times and is concerned with the defendant's handling of the County Road funds. There are still two counts to be decided in this case.

Two of the three civil cases are concerning auto accidents. Harbottle vs. Conn is the first. Mrs. Harbottle is suing for damages received when Conn's car frightened her horse and she was thrown out of the buggy, breaking her arm. Wright, Telford & Birnie are appearing for Harbottle while Middlebro and Spereman appear for the defendant.

Smith vs. Smith is also to be tried. This is a case of an accident which occurred on the Owen Sound-Guelph road about Sept. 30th. The cars collided on the road and both were badly damaged. Wright, Telford & Birnie appear for the plaintiff and Nicol Jeffrey of Guelph for the defendant.

Later—As defence was not ready to proceed in Smith vs. Smith case, adjournment was granted till March.

There is a case of slander to be tried. This is a case of Troop vs. Horsburg. Wright, Telford & Birnie appear for the plaintiff and Clark & Moon for the defendant.

WITHEROW—MUTCH On Wednesday, Dec. 6th, at 1 p.m. a quiet but pretty wedding was solemnized at the home of Mr. and Mrs. Peter Mutch, when their daughter Clara, was united in marriage to Mr. Charles Witherow of Normanby. The bride, who was attended, wore a navy blue tailored suit with navy blue plush hat and silver trimmings. She was given away by her father, while Miss B. Witherow, sister of the groom, played the wedding march. The ceremony was performed by the bride's pastor, Rev. G. S. Scott of Holstein.

After the ceremony all partook of a dainty luncheon. The bride and groom left on the afternoon train for Toronto and on their return will take up farming on the groom's farm in Normanby.

The best wishes of the community go with them, including those of the Review, for a happy and prosperous life.

SUPERLATIVE VALUE

How a combination of three papers in one, such as the Family Herald and Weekly Star of Montreal, can be produced and delivered to subscribers at the low price of two dollars a year remains an unsolved mystery to the reading public. In each issue of this seventy two page weekly, there is a complete farm journal, a home magazine containing seven days' reading for every member of the family, and a weekly digest of world news.

If this were not enough, we now read an announcement by the publishers of the Family Herald that for a limited period they are offering each new subscriber a choice of five valuable books, cost free. Present subscribers who send in one new subscription to the Family Herald in addition to their own renewal, also qualify for a book. Any one of the following books may be selected: (1) "The New Farmers' Manual," compiled and published by the Family Herald and Weekly Star, without question the best book of reference ever offered to the Canadian Farmer. (2) "The Family Herald Cook Book" complete, scientific but non-technical. (3) "100 of the Best Songs" (4) "100 Singing Games" (5) "Album of these valuable books will not be sold for cash at any price, but can be obtained only at a reward for new subscriptions at the rate of two dollars per year. The supply is said to be limited, but the publishers guarantee delivery provided the new subscription is received by December 31st.

Death of Mr. Wm. Hay

The sad news reached relatives in Durham this Thursday morning, that Mr. Wm. Hay of Dromore had passed away from some form of heart trouble. The news came as a painful surprise, for arrangements had been made to have him and family spend Christmas with his son Peter in Durham. "What shadows we are and what shadows we pursue."

Deceased was in his 72nd year and was born in or near Aberdeen, Scotland. He came to Canada about 50 years ago, reaching Mt. Forest and spending some years there. Here he made the acquaintance of the Small family of Egremont, and the second eldest daughter of that home (Bella) became his wife. Soon we find them domiciled in Dromore, where he has been ever since. The union was a happy one and to them were born 10 children, of whom eight survive: William John, Willow View, Sask.; Charles, Winnipeg; Kate, Mrs. And. Bryce, Sask.; Andrew, at home; Peter, in Durham; Janet, Mrs. Walker, Cobourg; Maggie, Mrs. Morrison, and Miss Georgina, Toronto.

Deceased was an intelligent industrious man, was long a trusted employee of Mr. Robert Renwick, the well known saw miller.

He was a member of the Presbyterian church, was of a kindly, sociable disposition and Dromore and neighborhood will miss the cheery greeting of him that's gone.

He was looking forward with pleasure to meeting his son William John from the West whom he has not seen for 12 years, but death has interfered. Funeral arrangements not known at this writing.

NORTH EGREMONT

The meeting of the Men's Club at Dromore on Thursday evening last, was favored with an address on insurance by Mr. A. W. H. Lauder of Durham, representative of the Great West Life Insurance Company of Canada, who certainly is well posted and capable of giving information and advice in matters pertaining thereto. He was listened to with wrapt attention throughout, and discussion was had thereafter by some of the members. Songs were sung by Messrs Chas. Bosley and W. Ramage, after which a debate, "Resolved that the drift of the rural population to the cities, is due more to the economic rather than the social conditions." The affirmative was taken by Messrs the Rev. W. Burnett and W. H. Hunter, the negative by Dr. T. H. Sneath and Chas. McInnis. The three judges decided in favor of the former by a small margin. Discussion of the question was added to by Messrs R. Renwick, J. A. Ferguson and others after which lunch was served. A large attendance was present.

Mr. and Mrs. W. Ramage were honored with a visit from the Swinton Park choir on Friday evening last, whose visit of this sociable and courteous aggregation was much appreciated, more especially since two of the esteemed young ladies, pursuing the negative, i.e., getting married this coming Saturday. We voice the sentiments of all who know them in wishing them long life, prosperity and happiness.

Rev. S. Banks Nelson will deliver a lecture on "Ireland Today" at the next meeting of the Men's Club when a full house is expected.

Miss Nellie Bunston having gone to Toronto for a short season, we with others miss her cheery disposition.

Mr. and Mrs. Alex. Darroch, Harriston, visited the latter's old home here at W. Ramage's from Saturday to Monday.

Mr. Jas. Mather, Hampden attended Amos Church on Sunday last while on a visit to Mrs. Mather's people.

Mr. W. H. Hunter has been elected as delegate to the E. F. Convention in Toronto which meets this week.

Big Moonshine Industry Seized

About the biggest haul in the moonshine game probably ever made in Bruce, was staged by Inspector White and assisted by Prov. Constables Blood and Shaw and Chief Farrell of Kincardine on Saturday evening last on the farm of Harry Quinn, North Line, Kincardine Twp., where two moon stills, all connected up and sitting on coal oil stoves in readiness for operation, were located in the attic of the house, while no less than 19 barrels of mash, or a total of 650 gallons, all apparently ready for distilling on a gigantic scale, together with five empty barrels presumably for holding the moonshine, were discovered by the officers on the premises. The sleuths also found a gallon or two of swamp whiskey alleged to have been left over from a previous stilling, and which after drawing off a sample for court purposes, they unhesitatingly dumped out, where old Mother Earth alone might drink it up.

The ceremony of destroying the mixture, officially known as mash and the wreckage of over one hundred dollars' worth of barrels, was then proceeded with and the lusty manner in which Prov. Constable Shaw, who is an ex-blacksmith, swung the axe in demolishing those kegs elicited the admiration of all the on-lookers present. It was a gala performance and even the moon which lit up the scene, is stated to have been full that night. The stuff destroyed is estimated to have been sufficient, after distillation for the 1920-21 season, to furnish for the 1920-21 season for trial before Magistrate McNair on Friday afternoon next at 2 o'clock. As the officers also found two bottles of whiskey on Saturday in the Queen's Hotel, Kincardine.

Lamb Improvement Work The official list of the Ontario Provincial Winter Fair gives an account of the sale of 92 Grey County lambs on Aug. 1st, 1922. Briefly the report is as follows:— 10 lambs for 13 1/2c per pound; 15 for 13c per pound and 72 for 12 1/2c per pound when the prevailing prices on the market for the lambs marketed were from 11c to 11 1/2c per pound. The advance was thus 1c to 4c per pound.

The main reasons for the increase were of pure bred sires, docking and castrating. The lambs were well fitted and of the proper weight. If every lamb marketed in Grey County had been bred right, fed right, handled right and marketed at the right weight, the extra money secured would have gone a long way in paying the farmers taxes in Grey County at the present time. Let every farmer get busy and properly take care of his sheep. They are the most profitable animals on the farm to-day.

Wool Prospects In a letter recently sent out by the Canadian Cooperative Wool Growers' it is claimed prospects were never better. The supply of wool on hand is being quickly used and Sir Arthur Goldfinch, one of the best authorities on the woolen trade, declares that all classes of wool will be scarce. He forecasts a big demand for cross bred wools. It is this type which is produced in Canada. Stay with the sheep. They will pay big dividends.

Short Courses Beginning on Jan. 2nd and finishing on Feb. 23rd, Short Courses in Agriculture, Domestic Science and Home Nursing will be held at Holstein and Clarksburg. If possible a few three days judging courses will be held in conjunction with several Agricultural Societies. These are staged in order that the greatest number of young men will be given an opportunity to learn the fundamentals of stock judging.

BORN DICKSON—On Dec. 6th, to Mr. and Mrs. J. S. Dickson, O S R, a daughter.

SUBSCRIPTION TIME At this season of the year it is customary with newspaper men to make an appeal to all those who are in arrears for subscriptions to bring their accounts up to date. We have already sent out a number of statements, and the response has been very encouraging, still there are those on our lists who usually require two or more "dunners" before they come through. It is to those we make an especial appeal at this time. It is not only disagreeable business this continual dunning, but it is costly. May we ask you this time to make an especial effort to pay without even a first notice, and thus save us a lot of worry and expense. This is a reasonable business proposition, and for this reason we expect that when you give the matter due consideration, you will send along the amount due. DO IT NOW.
