Death of Infant Son  
Mr. and Mrs. Chas. McAulay, Upper Town, are mourning the death of their infant son, three weeks old last Thursday. The infant had been a weakling from birth and despite the most tender care and attention, this little bud returned to its Maker. The funeral was held on Friday and was conducted by Rev. W. H. Smith.

Premier Drury Here in June  
Mr. M. E. Murray, Sec'y of South East Grey E. F. O. is authority for the statement that Premier Drury will be the leading speaker at a monster E. F. O. picnic to be held somewhere in Gleneg (being the most central township) on Wednesday, June 13th. The Premier will also address a big garden party to be held in Aytun on the evening of that date.

A Generous Gift  
At their last regular monthly meeting the Durham Branch Women's Institute generously donated another \$50 to the Red Cross Memorial Hospital here. This makes their contribution \$100 towards this worthy object and entitles them to have a Hospital Bed named in honor of "Durham Branch Women's Institute" who deserve much credit for their many acts of helpfulness in behalf of "Home and Country."

Two Crippled by Same Machine  
While running the shaper in the Furniture Factory last week, Thos. Whitmore had the top of his first finger on right hand sliced off by a knife. Tom is considered an expert on this some what dangerous machine and he had been running it quite a long while. Percy Daniel replaced him and had been at work only an hour or two, when he lost tops of first and second fingers of left hand, by contact with a saw at same machine. Both are now temporarily laid off for three or four weeks, while the injured digits heal over.

Grey's Loss in the Steel Smash  
A list of the shareholders in the insolvent L. R. Steel Co. in Grey County, was published in the Owen Sound Sun Times last week and totalled at most \$30,000. This is not nearly so much as at first reported. Durhams was fortunate in having no investors in the concern. The nearest shareholders are Hugh McLean, Bentinck, and J. A. Magee, Principal of Hanover School, each of whom held \$200 stock or 1 share only. Owen Sound, Meaford and Dundalk lost most heavily in this vicinity, though rural residents in North Grey were also strong investors. Miss Elsie McCookery of Rochester, N. Y., and sister to Mr. Jno McCookery of town, was so unfortunate as to lose \$1000 in this Company.

May be Two Ag. Rep's in Grey  
Taking effect April 1st, several changes in Provincial Agricultural Representatives took place. Among them are F. S. Thomas, O. A. C. graduate of 1922, who has been acting as assistant in Grey Co., transferred to Pt. Arthur and C. M. Meek, formerly assistant in Bruce, given charge of Carleton Place. Mr. Meek is a brother-in-law of Berdader Curvey. Several other changes are being contemplated in this branch of the Department of Agriculture. It is expected that Bruce Co. will be split in half and two Agricultural Representatives given the work. The same thing, it is hoped, will take place before long in all the larger counties of Western Ontario, including Huron, Middlesex, Bruce and Grey, where the work has been too heavy for one man. All these counties are large and contain little poor land.

A Popular Resort  
Albert Kress now has his radio outfit working in first-class shape, installed in the rear of the Furniture store. Last week and this up till 11 and 2 a. m. it has been a favorite resort for the young people, listening in to concerts given in Pittsburgh, St. Louis, Schenectady, Newark, etc. Four persons can listen in at the same time.

Taken to Guelph Asylum  
Heavily manacled to a guard, "Scoble" Dan McDonald, who was declared insane by a jury some time ago when he was charged with the killing of George Kay of Kincardine, was taken from Walkerton jail to Guelph, where he will be incarcerated in the asylum. The unfortunate man's blank expressions and idiotic smiles, aroused sympathy from those who witnessed his departure.

Chatsworth Central Burned Down  
Fire broke out about eight o'clock Tuesday morning in the Chatsworth Telephone exchange and spread rapidly. By 10 o'clock the building was practically destroyed and J. A. Sudden's store and stock in same building was badly damaged. A phone has been installed in Chatsworth and connection is now possible but subscribers will not have use of their phones until a new exchange is opened. The work will be rushed.

New Motor Bus  
The familiar horse-drawn bus was not again to be seen on our streets until next winter's snows fly. Mr. Geo. McMeekin, the owner, has purchased a fine motor bus, and put his team out to pasture for the summer. It is a Ford chassis with a McLaughlin body, and will accommodate as many passengers, if not more, than the former bus. The seats fold against the side giving ample floor space for carrying express or freight, as "Riley" is using it as a truck as well.

Men's Class  
Next Sunday we will talk about "Newspapers." The newspaper editor occupies a strange position. His enterprises depend upon indirect taxation levied by his advertisers upon his readers; the patronage of the advertiser depends upon an effective group of customers. What is news? What is the publisher's responsibility for the truth of news and ads? How can the reader influence the policy of a paper? The newspaper has a mighty power to mould public opinion, to change and express it. Papers may overthrow governments, carry or defeat great social reforms and radically change the welfare of the whole people. Religion then ought to make its influence felt in every newspaper office and have a larger program for carrying the message of salvation, through the papers, to the multitude who are outside the church. The right relation of religion to the newspaper is vital to the church's progress. This meeting will probably be the last for this season and we hope there will be a full attendance.

Rules of the Durham Hydro System  
The following are extracts from the rules and regulations of the Durham Hydro Electric System: (1) No prompt payment discount will be allowed unless the bill is paid on or before the last discount day. This rule will be impartially enforced. (2) When a consumer is 15 days in arrears for one month's service, the service will be discontinued and will not be given again until payment is made in full, including a charge of \$1.00 for the cost of reconnection. Such discontinuance of service does not relieve the customer of liability for arrears, which if not paid, will be placed on the tax roll for collection as provided for in the Public Utilities Act, R. S. O. 1914, C. 204, S. 72, whether the consumer is an owner or a tenant.

## Public School Overcrowded; New Teacher to be Engaged

There is no danger of Durham losing ground in population, if the influx to the Public School maintains its record of this year. No less than 32 youngsters who came Monday to commence their school careers, had to be sent home for lack of accommodation. About 15 others, it is said, are ready to start also, and were held back because of insufficient staff and room. They were all instructed to return May 1st when the School Board will be prepared for them. Fortunately another room—used as a teachers' room at present—is available in the school and this will be furnished. A blackboard has already been purchased, seats and desks are being ordered, and another Primary teacher advertised for. By May 1st everything will be in running order, and the children will have two months' tuition before midsummer.

The present Primary teacher, Miss Gertrude Cole, already has a full room with 54 on the roll. There is little opportunity for any promotions at present, as all the higher rooms are well filled.

Hanover school is similarly crowded and could accommodate only 29 of the influx Monday. They have no vacant rooms and must wait until their new High School is built and the classes removed to it, before the Public School can obtain all the room it demands.

## Formed a Durham Business Men's Association

A meeting of the business men of the town was called in the Veteran Star Theatre on Monday night, the main object being to discuss and devise means to improve trade conditions in the town. There was quite a representative gathering of the merchants and other business men, and as many problems arise which can best be solved by co-operation, it was decided to form the Durham Business Men's Association. An organization being proceeded with, the following officers were elected:

President—T. M. McFadden  
Sec'y-Treas.—J. H. Harding  
Managing Committee—J. S. McElraith, J. Levine, J. A. McLachlan, J. McKechnie, Jr.

An important topic of discussion was the fees charged to peddlars—\$2 per day and to transient traders—\$25 for 2 months. It was the unanimous opinion that these were much too low to protect merchants who are here permanently, and contribute largely to town funds in business and property taxes. The Committee were authorized to interview the Council at next meeting with the view of having these licenses well increased at once, and also to arrange for the oiling of the streets again this spring. The Association will convene every week or two and may soon have some interesting announcements to make to the public.

## Saugeen Presbytery.

This body met in Palmerston on Tuesday with a fair attendance of clergy present, but not so many laymen. The day was notable from the presence of Rev. Dr. Laird, Toronto, Treasurer of the Presbyterian Church in Canada, who gave an exhaustive address in the afternoon on the Mission work of the Church, its needs, expansion etc., and the great necessity of Presbyterians measuring up to the requirements, so as to obviate taking a backward step.

He gave an explanation of how the large amount of money passing through his hands had been used, serupulously as it was intended. His intention was to give concrete knowledge and the people when they know the way, will follow it. With a visioned plan of expenditure put into operation the \$150,000 required for 1923 would be reached and the debt which had been burdening them since 1919 be overthrown in part. In 1919 the Home Mission Board had a surplus, but the years following brought a deficit of over \$100,000.

The Home Mission Board for 1922 would require \$740,000 to do the same work as in 1921. We can't go on borrowing. At present Mission Fields are closed and new and promising openings had to be refused.

Marshall, was married to Mr. William Kennedy of Shelburne, and son of Mr. and Mrs. John Kennedy, Riverview. The bride wore a three piece travelling suit of navy tricotine with hat to match and also wore the groom's gift, a string of pearls. Her corsage bouquet was of Ophelia roses and lily of the valley.

The ceremony was performed by Rev. E. A. Earchman, a friend of the bride's family, the bride being given in marriage by her brother-in-law, Mr. Ivan Edwards. After the ceremony a buffet luncheon was served at the home of the bride's sister, Mrs. Ivan Edwards, 1216 Ossington Ave. Mr. and Mrs. Kennedy left later for a short honeymoon and on their return they will reside in Shelburne.
