PRICEVILLE AND VICINITY

PRICEVILLE AND GLENELG

As was seen in some of last week's local papers, the death took place of an old resident of the Township of Glenelg, in the person of Donald McArthur, who did on Monday, 21st of May, after a painful and lingering illness from that dreaded disease, cancer, which he bore patiently for three years. Mr. McArthur was 81 years of age, born in the Isle of Mull, Scotland in 1839, came to Canada in the year 1849 with his father and mother's family. The family moved to the township of Bentinck from where they landed in the Township of Vaughan in 1850, and from thence to the Durham Road, Glenelg in 1852 to lots 41 and 42 south of G. R. Here the subject of our sketch spent his youthful days cleaning up the farm. Donald was always an obliging fellow and ready to help anyone in need of his assistance. Personally no one could know his harmless manner better than the writer who was reared on the opposite side of the road on lots 41 and 42, N.B.R. when we were strong and healthy young men. The labors of his hands are to be seen in the old and dilapidated cedar barn on the old homestead which he drew from the swamp lot, part of lot 47, west. Thus the aged veterans are passing away fast, one by one, but the workmanship of their hands are yet visible in many instances. Mr. McArthur was tenderly cared for by his nephew and sisters, Mr. John and the Misses Livingstone and the mother.

The funeral on Wednesday of last week was fairly well attended. Owing to circumstances we were unable to attend the funeral. Rev. Mr. Jones officiated. The remains were laid to rest beside his father and mother in the old cemetery, who predeceased him nearly fifty years ago.

Respective of the many complaints made by the people of the present age of the unfavorable condition of the weather during seeding time, there is a change now during the past week, which was dry and warm, though for some nights there was frost. We notice the fruit trees coming in blossom, an indication that we are to have fruit again this year.

The pasture fields are all covered with dandelions and the pasture is getting good. Cattles will find quite a change from being stabled so long.

The meadow fields are promising to give a good crop by their appearance so far. Those having tall wheat are lucky if their crop has a healthy appearance. Early sown grain is quite green looking and must be a few weeks harvested before what is sown this week.

This is Monday, the 28th May and a beautiful summer day it is. The smartly is tormenting the cattle badly and the mosquito has not arrived yet. But we fancy we can hear her humming at the close of day. It was said by some one in rhyme the farmer's life is the life for me, I own it, I love it dearly, and every hour full of glee, I love it cheerfully its Sunday or Monday the farmer has certain virtues of mercy to perform. The dumb animals don't know any difference between Sunday and the rest of the week, only by some milkers. The milking is a little later generally on Sunday and this should not be for those in the habit of going to church must get a move on early so as to be dressed in time to arrive a few minutes before eleven. Some church goers are in the habit of being a little too late in entering the meeting house and causing a disturbance while looking for a pew. We heard a minister giving a gentle hint in a calm manner, "Please," he said, "hear in mind that the service commences at 11 o'clock sharp." By this manner of speaking he didn't offend anyone in particular for all took the hint alike.

It's a busy time we are having at the present by way of the approaching election. We see the good old party, the Liberals, who in years gone by, used to carry South Grey sweeping, are out of business at this election and it's who is who by the other two parties. We remember on June 5th, 1881, the late J. H. Hunter defeated a Mr. Fahey, the conservative candidate, by over 700 of a majority. But the good old Liberals of that time have passed away and the younger generation have deviated from their path in politics. In justice to Mr. Leeson, the U. F. O. convention is too long in choosing a candidate.

Court of Revision in the Township Hall, Glenelg, next Saturday, 2nd June.

From the Swinton Park correspondent, we see Rev. Mr. Jones in spite of the heavy rain all day Sunday week, attended his place at church there, finding only two or three hearers. Mr. Jones is always faithful to his calling, but he had assurances of the promises that where two or three are gathered together, the blessing of the Almighty was there to bless them and do them good.

We have passed over 8 days of beautiful weather which afforded opportunity to those behind to finish seeding where land was low and wet. It is said it is better late than never by good faith in the Great Provider, there may be good results at harvest time.

We had the pleasure of spending a while Sunday evening at the new arrivals at the Moffat farm—the Robinson family of Edge Hill and enjoyed the time in joining with the youth in singing some of the good old hymns. As Mr. Robinson's family are good musicians we forgot for a time but

that it was our youthful days of long ago, but only in a different manner. In our youthful days, no musical instrument was used but the old vocal organ.

PRICEVILLE

Fine warm weather set in over the week end. It will take a few days the beginning of this week to finish delayed seeding operations on a number of farms.

Mr D. S. McDonald was at Priceville last Wednesday attending the funeral of his uncle, Donald McArthur. The late Mr McArthur was for many years a familiar figure around Hopeville and was of a very quiet disposition. Over a year ago he went to make his home with his sister, Mrs. Livingstone, Priceville.

The McEachnie families and Mr and Mrs Jas. Sturock, attended the funeral of their aunt, the late Mrs McLean at Swinton Park on Friday.

Mr and Mrs John Ferris and daughter, spent the beginning of the week with friends at New England.

Proton Township Sunday School Convention is to be held this afternoon and evening (Monday) in Beulah Chapel. Refreshments will be served in Hockridge's Hall. Good addresses by Rev's Jones and Andrews.

Miss S. A. Armstrong and Rev. Andrews will assist with the musical part of the program. Owing to the extremely busy season as every man and horse are working on the land, the attendance may not be as large as it should, yet everyone realizes the great need and the noble work done by the Sunday School in training the young people.

LOVERS' VALLEY

After the recent snow storm all were glad to see the warm weather once more. Mother Nature is beginning to dress the trees and the earth in their various spring colors, while the frogs in full Pandean chorus help the lover of music to pass away the lengthening evenings, not mentioning those friendly mosquitos who are making their yearly visit.
