## Why Waste Money Daily!

Of all farm machines, the cream separator is the one on which you can take no chances, for the smallest of cream losses soon mount into dollars.

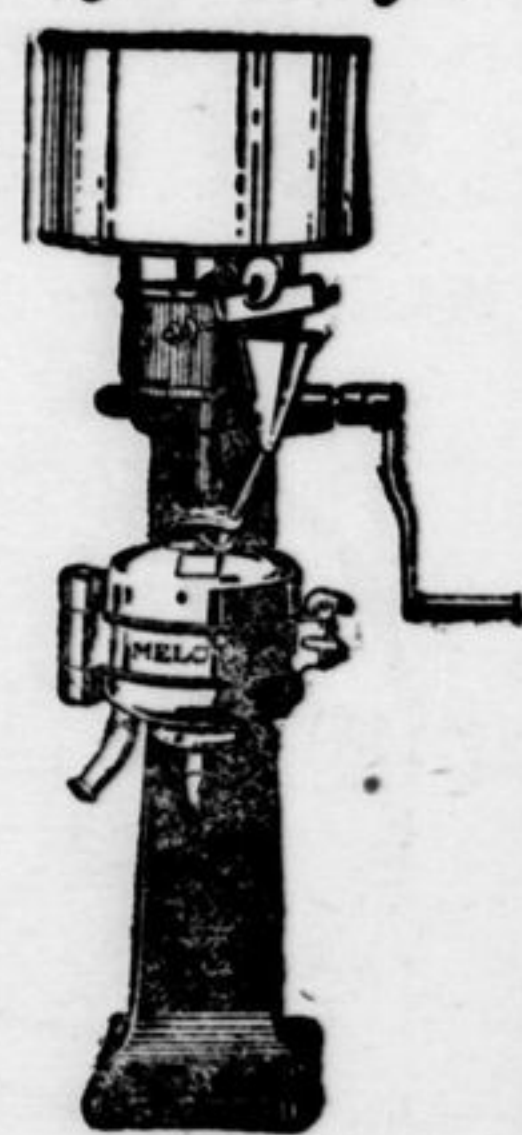

The Melotte has been the farmers' best friend for over 30 years. It is the machine with suspended bowl and enamelled bowl casing. Hanging naturally on a ball-bearing spindle, the bowl is perfectly balanced, and is guaranteed easier to turn and to wear longer than any other.

On account of the recent advance in raw materials, it is impossible to guarantee present low prices for any definite time.

Ten-year guarantee with every machine.

Write for free descriptive booklet. Don't delay.

### LOCAL AND PERSONAL

Do not miss the Garden Party, June 19th, in the Park. See bills for particulars.

The regular meeting of the Women's Institute will be held at the home of Miss Morrison, Thursday, June 21st, at 2.30 p. m. Come prepared to mark your ballot.

The medal given by the Women's Institute to the boy or girl taking highest marks writing in Holstein school, has been purchased and will be the bank on exhibition very soon.

The sewing class will start again on June 17th, in the Agricultural Hall, Holstein.

We are sorry to learn that Miss Margaret McKenzie, teacher in the Junior room at the school, has resigned, to take effect at midsummer.

We congratulate Mrs R. Irvin upon receiving her R. N. from the Provincial Dept. of Registration. Mrs. Irvin was an honor graduate of class 1906 of the training school for nurses, at Ferguson.

At a meeting held in Russell Hall, Dromore, June 6th, it was decided to re-organize the Egremont Football league for the coming season, three teams competing being Dromore, Holstein and Boothville. Mr. Wm. Hunter of Dromore, was elected President of the League and L. Woodyard, Holstein, Sec'y. The following is the schedule of games:

June 18 Boothville at Dromore  
June 21 Holstein at Boothville  
June 26 Dromore at Holstein  
June 29 Dromore at Boothville  
July 4 Boothville at Holstein  
July 10 Holstein at Dromore

**Death of Mrs. G. Snell**  
A copy of the Chauvin, Alta., Chronicle of May 20th, has reached us recording the death of Mrs. George Snell, formerly Miss Martha Spencer who was born near Holstein, July 9th, 1859, and still remembered by some of the older sort. She resided near Holstein till her 12th year, then went to Proton, living there till her marriage to Mr. Snell in 1879, after which she resided in Egremont till 1912 when she moved to Chauvin. She is survived by her aged husband and five children: John and George at Chauvin, Wesley in Holstein, Mrs. G. Snell at Cayton, Mrs. Anderson of Arland, Sask. Also four brothers and two sisters of whom two are in Ontario, Thomas in Dundalk and Mrs. R. Perry, Owen Sound. Deceased was a worthy and public spirited woman, judging by the encomiums bestowed on her. At her funeral there was the largest attendance ever seen in the district and wreaths and floral tributes were abundant.

### Holstein 1, Mildmay 0, First League Game Here

GROUP NO. 9	Won	Lost	Draw	Points
Holstein	1	0	0	2
Mildmay	1	1	0	2
Warkleton	0	1	0	0

REMAINDER OF SCHEDULE:  
June 15 Mildmay at Warkleton  
June 19 Warkleton at Holstein  
June 22 Holstein at Mildmay

Holstein journeyed to Warkleton Thursday, June 27th, but owing to a heavy rainfall the game was called off to be played at the end of the schedule.

Holstein wins from Mildmay 1-0, before a large crowd representing the country for 15 miles around.

LINE UP  
Holstein: Roy Pinder goal, Lauchie McArthur Backs, Bert Gibson Schmitt, C. McArthur H. Backs, Kimker, Jas Blyth Schurr, P. Whyte Elligg, N. Dickson Forwards, Doering, N. Dickson, Kautzman, B. Eccles Schetter, R. Pinder Weizer, C. Calder Deber.

The teams lined up at 7 o'clock on the new grounds behind the Park which are a credit to Holstein. The night was ideal, there being no wind and the sun being hidden by the trees of the Park. Holstein won the toss, giving Mildmay the kick off and the game was off. The play was very even, both goals being tried but saved well, the first period ending with Mildmay pressing the play.

The second half was mostly in favor of Holstein as the Mildmay goal was in danger on several occasions, but the powerful kicks of Pletsen saved the day. About half way through the second period, Dickson shot and the Mildmay back missed, but was saved in the meantime when Wendt, the goal keeper kicked it, hitting the full back and rebounding into the net. Pinder followed fast in putting ball and goal keeper into the net, giving Wendt no chance to save. Mildmay tried hard to even it up but the fast pace set by Holstein was telling on them. The period ended with the score 1-0 in favor of Holstein.

The game was clean and handled with entire satisfaction by R. Hornung of Palmerston sent by the executive of the W. F. A. at Kitchener. Come and see the Holstein-Warkleton game next Tuesday.

### BORN

LOVE—In Egremont, on June 11th, to Mr. and Mrs. Geo. Love, (nee Jennie McCannel) a daughter.

### ORCHARD

The exceedingly dry spell which we were to have from the middle of May till middle of June was broken last week when we had several days of rain. Even prophetic fall sometimes and this time we were glad as the showers were needed to give the later sowed grain a start.

Messrs Chas Lewis and Adam Kellar are the latest purchasers of cars in this vicinity. Mr Lewis helped himself to a fine Chevrolet white. Kellar decided not to go back on the old "stand-by" and so invested in the Ford. No use living on the Provincial highway and paying taxes towards it, sweep if a fellow can't get some good out of it in return.

A number from here attended Haver races last Thursday despite the rain. In the evening they were joined by a bigger bunch and all journeyed over to Warkleton where the Walkerton and Holstein Football teams were to play. Owing to the rain however, the game was postponed till later. Everyone is ready for tonight to see Mildmay "get their teeth into" the game.

We are pleased to report that Mrs. Nelson McGuire is recovering nicely from the accident she met with a couple of weeks ago.

Mrs Luttrell, Mr and Mrs Dan Ray of Chesley and Mr and Mrs Jos. Hawke and Mr Markham visited Mr and Mrs Bert Dickson the first of the week.

Mr and Mrs Jno. Dickson visited the latter's sister, Mrs Lane in Proton on Sunday.

Miss McGuire of Belgrave is visiting at the home of Nelson McGuire. The electric storm Tuesday last did considerable damage in this community. The mill was struck and caught fire but the fire was checked before any damage was done. Mr W. O. Pinder had one sheep killed and several trees in the neighborhood were struck.

### YEOVIL

Inspector Wright has completed his semi annual tour of our schools and expressed regret that our teachers are leaving us.

Mr and Mrs Baker, accompanied by Mr and Mrs Moyer, motored from Stouffville, and visited at Mr R. A. Nicholson's.

Mrs. Crosby, Harriston, was a recent visitor at Mr. F. Reid's.

J. D. Drimble and family spent the week end in Kitchener. Mr Drimble Sr. remained with his daughter, Mrs. V. Alles.

Geo. Barclay of Toronto, spent a few days at J. D. Drimble's.

We were sorry to hear of Mrs. Drimble's illness but hope she will soon be quite well.

Mr and Mrs and Earl Klopfer, Mt. Forest, also Mr., Mrs., and Gladys Rawn of South Bend, called at Mr. Bunston's on Sunday.

Walter Horsburgh from near Vaughan, visited his mother and brothers and attended the re-opening service.

Billy Long came up from Toronto for a week end visit with his brother George and other friends.

In the severe electrical storm last week, one of F. Reid's sheds were struck—dying later. The power lines and several fence posts along the road in front of A. Haas' were splintered. In a previous storm, Conolly's radio was temporarily put out of commission.

### SOUTH BEND

Mr. Norman Dowling went to Toronto last week and may remain for a time.

Miss Marguerite Kelly was in Wingham last week attending the wedding of her cousin, Miss May Morrison. She has visited her aunt here several times and is a bright, pleasant girl. We wish her much happiness with the man of her choice.

Mr. Everett Rawn has pulled up the locust hedge from the house to the road and put a wire fence in its place.

Mr and Mrs Wilfrid Dowling and family spent part of Sunday at his brothers here, accompanying them to the unveiling of the soldiers' monument at Salem. Quite a number from the Bend attended the ceremony.

The Holstein W. M. S. meeting at Mrs Geo. Hunt's last Tuesday, was fine. Besides their own members, several from the branches were there and a good program given. Among other visitors were Rev. W. Hunt who gave a nice talk and Mrs R. M. Sitzer, who had been a delegate from Mt. Forest to the branch meeting in Guelph last month and of which she gave a splendid report. At the close of the meeting, Mrs Hunt served a dainty lunch and all went home feeling well satisfied, both in mind and body and hope it will not be long until they can meet again. These occasional meetings in the homes seem to bring one in closer touch with this good work.

Road work is the order of the day this week. This is the time of year when the men of the neighborhood meet and have a good time spinning yarns, cracking jokes, etc.

Mr and Mrs Jas. McCall and child of Detroit, were guests of his cousin, Mr. N. McDougall on Sunday.

Mrs. Will Stevenson and little son, are spending a few days with her brother, George Rawn at Woodstock. The grass and grain are growing fine and we may have a bountiful harvest, even if we did have a late, cold spring.

### NORTH EAST NORMANBY

Mrs. John Marshall received word of the death of her aunt, Helen Morrison, wife of Mr Jas McAlpine, formerly of Thessalon, who died at the home of her daughter, Mrs (Rev.) Gordon Duncan, Montreal.

Mr. Elroy and Mr John Calder of Egremont, spent the week end at their uncle's, Mr John Marshall.

### DEATH OF JOHN CUSHNIE

There passed away in Mt. Forest recently, after a long illness that was borne with much christian patience, John Cushnie, in his 25th year, and Cushman of that town. Deceased young man served overseas and while on duty at Canal du Nord, received a shrapnel wound on the arm and from which he never really recovered.

He was born at Dromore, his mother being one of the well known Hastie family and his father a teacher there for some years. John had a brilliant educational career, graduating with the degree of B. A. in 1922. Some time was spent with a surveying party last fall, making alkali tests in Saskatchewan and later accepted a position on Arthur High School staff, but which he had to give up in December last, owing to failing health.

An operation was found necessary to remove the effects of the shrapnel poison, but this only gave temporary relief and another operation was found necessary on March 1st.

However he only became weaker and succumbed on June 1st, as truly a victim of the Great War as if he had been shot in battle.

Military funeral was given him and at which several of his overseas comrades were present. Besides relatives and friends present from Dromore, there were in attendance at his funeral, Wm. Hastie, Webb, Sask.; J. Cushman and son Cecil, Toronto; M. and Mrs I. Cruikshank and Dr. R. and Mrs T. Tucker of Paisley; Mr and Mrs T. D. McIntyre, Dundalk and Miss Rita Kinnell of Toronto.

### SWEET CLOVER KILLING THEM

Sweet Clover poison continues to take toll of the cattle herds around Port Elgin. Mr. Robt. Nuttal, of the 14. con. of Bruce Township, who has been feeding sweet clover ensilage to his cattle lost a valuable milk cow recently and another a few days later, while a third cow is suffering from the effects of clover poisoning with small chance of recovery. Dr. C. A. Phillips, the veterinary of that town, is now using serum, which is an American treatment, in the hopes of checking the death rate among cattle in this section caused by clover poisoning. This treatment is being used by eminent Vets in other sections of the Province to counteract the poison from sweet clover with good effect.

### DID YOU EVER STOP TO THINK THAT

Tennyson could take a worthless sheet of paper, write a poem on it and make it worth \$65,000? That's genius.

Some men can sign a check and make it worth \$50,000? That's capital. The Dominion Government can take an ounce of silver worth 50c and make it worth \$1? That's money. A mechanic can take material worth \$5 and make it into water springs worth \$50? That's skill.

Howard Chandler Christy can take a 50c piece of canvas and paint on it a picture worth hundreds of dollars. That's art.

A merchant can take an article costing 75c and sell it for \$1? That's business.

Girls can buy a hat for \$2.29 but prefer one that costs \$29.97? That's vanity.

The Editor of this paper can write a check for \$90,000, but it wouldn't be worth a cent. That's tough.

Master Howard Keith was the re-

ipient of a fine baby brother one day last week.

### NEW OBSERVATION CARS

May 15 marked another advance move on the part of the Canadian National Railways, when an entirely new type of Mountain Observation Car, aptly described as a "Sun Room on Wheels" was put into service on the Mountain Division between Jasper and Kamloops. These cars will continue to be attached to daily trains Nos 1 and 2 until Sept. 30th.

They are the most up-to-date and satisfactory type of mountain viewing car anywhere in use on the continent. Their excellent appointments enables travellers passing through the Northern Canadian Rockies to view the magnificent scenery on both sides of the car with the utmost ease and comfort, irrespective of weather conditions.

These cars have been called "Sun-Rooms on Wheels" owing to the large amount of glass used in their construction, the windows running from the seat arm rests to the ceiling.

The seats are arranged transversely on each side of a centre aisle as in an ordinary car, there being seating capacity for 64 passengers. The platforms provide capacity for 36 additional persons. The entire car siding is of steel with interior finished in British Columbia cedar, stained mahogany. The interior is equipped with the most up-to-date ventilators, electric lights and shades.

### How to Make Red or Black Currant or Gooseberry Jam

Crush well about 2 lbs. fruit. Measure 4 level cups (2 lbs.) crushed fruit into large kettle, add 1/2 cup water, stir until boiling, cover kettle, and simmer fifteen minutes. Add 7 1/2 level cups (3 3/4 lbs.) sugar, and mix well. Use hottest fire, and stir constantly before and while boiling. Boil hard for one minute. Remove from fire, and stir in 1/2 bottle (scent 1/2 cup) Certo. Skin and pour quickly.
