Mrs Mc-Lean was as well as usual until Sunday morning, when in attempting to rise as usual, she was stricken with a severe pain. Dr. Sackin of Priceville was called and later Dr. Jamieson of Durham, but the Master was calling and although everything was done to help her, the time had come for her to depart from this earth. Her only daughter, Mrs. G. Ibbotson of Toronto arrived a few hours before her mother passed away. We have not heard when the funeral will be as yet. We extend our sympathy to the family and friends and a fuller write up will bé given next week.

Misses Lou and Alice Gibson, 5 Alcorn Ave., Toronto, have been successful in passing their Junior exams at the Conservatory of music, both taking honors. Mrs. Gibson was for merly Tena McIntyre of Priceville.

THERE were 1021 forest fires reported in Ontario I last season. The vigilance of the fire rangers kept 53 per cent. of these down to a size not exceeding five acres. But yet the total area burned was over 346,000 acres-

equal to a strip of forest one mile wide from Toronto to Cochrane. Of the total number, only 52 were lightning fires. In other words, out of every 100 fires, 59 fires were due to

Accordingly, the problem of forest protection in Ontario calls for the co-operation of the whole citizenship of the Province. If reasonable care be exercised by everyohe in the woods to prevent the start of fire, our forests will be safe. Railway officials, campers, prospectors, lumber firms, settlers, construction firms-all can help by being careful of fire in the woods, and by joining hands with the press, the leaders of public opinion, and the business men of Ontario, in prompting

educational propaganda to reduce forest fires. man's carelessness and were preventable. Save Ontario's Forests
