ALL READY FOR CHRISTMAS Christmas looms up prominently and compels our attention. Only a few days now and we will have in our possession the contributions of Santa Claus to our happiness.

To many people the coming of Christmas involves conditions that severely tax their strength. This happens because they do not take time by the forelock and are not forehanded in their preparations for the day.

The New Ford Coupe

An entirely new body design of remarkable beauty as well as practical utility, is the distinguishing feature of the new Ford Coupe.

The body lines follow in one graceful sweep from the new high radiator to the "Turtle-back" curve of the rear deck, which has been enlarged to conveniently accommodate bulky grips and packages.

Upholstering is luxuriously deep both in the seat and back, the covering being of rich brown broadcloth with mahogany stripe. A recess shelf is provided behind the seat, for parcels.

Interior fittings include revolving window regulators, and door locks and handles finished in nickel. The large rear window is fitted with silk poplin shade in dull silvered mountings.

The windshield is surmounted by a broad sun-visor, which protects the eyes from glare.
