Why Ford Predominates

Many Reasons From Many Users

If you were to ask the next fifty Ford owners you meet why they prefer Fords, you would get a wide variety of answers.

Some would say, "Because they seem never to wear out," others would answer, "Because they cost so little." Many would reply "Because I can get service anywhere;" and just as many, "Because it is the only car I can afford to own."

All would tell you, "Because they master a bad road in any weather," a woman driver would respond, "Because I can drive it so easily." From the fleet-owners you would hear, "Because I can buy two or three or four Ford Trucks for the price of one big truck."

Wherever you might inquire you would hear expressed these basic reasons why Ford predominates — why, year after year, Ford sales equal the total sales of all other cars combined.

We can sell your bonds and get your cash for them at any time you may desire.

Information and prices cheerfully supplied regarding any kind of Bonds.

Write, Call, or Phone NOW.

P. RAMAGE, Durham

Here and There

The Canadian Pacific coastwise steamer "Ena" has carried from the seven plants operating on Barclay Sound over 12,000 tons of salt herring since the present season opened in November. This represents almost half the season's output, which will approximate 26,000 tons.

The heaviest immigration to Canada experienced during the last ten years is looked for this year. Already the arrivals are running ahead of those for the same months in 1923, those from European countries being especially large. The enquiries from prospective settlers in the United States are numerous.

Canada exported 6,532 pairs of leather footwear during January, 1924, according to a report of the Bureau of Statistics. Of these 2,179 went to the United States, 2,038 to New Zealand and 2,001 to China and Japan. Bermuda, the Straits Settlements and Newfoundland took the rest. The value was \$21,301.

Canadians imported 5,226,567 pounds of tea last month, or about three-fifths of a pound per head of population. The value of last month's tea imports was \$1,661,176, and for the twelve months ending January 31, the value of the 43,223,119 pounds imported into Canada was \$13,253,412. The bulk of it came from India.

Special trains of immigrants have recently carried lunch counter cars similar to those used on the harvesters' trains last summer. It is understood that the Canadian Pacific have inaugurated this as a feature of all long distance immigrant trains, thus doing away with the necessity of the newcomers providing their own food or using station lunch counters en route.

The completion of plans for the development of hydro-electric power during the current year will add 900,000 h.p., to the present total of 3,228,000 h.p. already installed in Canada. This additional power will be used in British Columbia to assist mining and pulp industries in Manitoba to supply rural needs, and in Ontario for gold-mining and other industries. In Quebec the chief developments are in connection with the pulp and paper industries, and farther east, in the Maritime Provinces, for public utility purposes.

There is every indication that the dearth of the domestic servant in Canada will be greatly relieved in the course of the ensuing few months. Miss Esther Mackie, head of the Women's branch, Colonization department, Canadian Pacific Railway, London, announces that "Specially conducted parties of domestic servants are being organized under the Empire Settlement Act in conjunction with the Canadian Government for the conveyance to Montreal and to Western Canada."

One of the most attractive features of the Canadian Pacific Railway Company's pavilion at the British Empire Exhibition, Wembley, will be the illuminating exterior panels, and the Neon lighting effect, similar to that used at the Coliseum, London, which is wonderfully penetrating and effective under all atmospheric conditions. The interior of the building displays, through working models and magnificent oil and water color paintings, the many ramifications of the great transportation systems as well as the natural resources of this country.

PRICEVILLE AND VICINITY

PRICEVILLE & GLENELG

As was seen in last week's Review, the death of Mrs. Chas. McDonald of Egremont, took place. We feel it our painful duty to add this week something to what was said in last issue.

Mrs. McDonald, whose maiden name was Margaret McEachern, was born on the South Line, Glenelg, on lot 41, con 3, and as was noticed, was 69 years of age. 42 years ago she was wedded to her departed husband, Chas. McDonald, who predeceased her 25 years ago, leaving a family of three sons and two daughters. Mrs. McDonald was possessed of a kind disposition, always lending a helping hand where there was any trouble, and was a woman that was never known to speak ill of anyone.

Mrs. McDonald was well cared for by her dutiful daughters and especially by her daughter-in-law, Mrs. Chas. McDonald, who acted the part of a faithful daughter in caring for her. Mrs. McDonald died suddenly, as the morning before she died, she partook of some breakfast. Heart failure was the cause of death. The funeral on Thursday of last week was largely attended to Priceville's old cemetery to lie beside the remains of her departed husband. Mrs. McDonald's death leaves only one of her father's family left, this being Mr. Roger McEachern of Priceville. Rev. Mr. Burnett of Dromore officiated at the house and grave. Beautiful floral tokens were a pillow from the family and a wreath from the grand children. The pall bearers were six nephews of the deceased. From Edge Hill Mr. Hector McDonald and sister, Miss Kate, attended the funeral, and others from different directions.

Thus ended the career of another of the early settlers of Glenelg, who bore the adversities and prosperities of her journey, while passing along the pathway of life patiently, waiting for her departure. Mrs. McDonald was a faithful member of the Presbyterian church and while health permitted, she was ever in attendance at the house of worship.

Still another death to tell of this week, that of Mrs. Thos. McKeown, who passed away on Wednesday of last week after a long illness. She was a daughter of the late Thos. Gray of Dunesan. As some other writer will be giving more particulars, we decline in saying much. Mrs. McKeown was a good and obliging woman, a faithful member of the Roman Catholic Church, her funeral taking place on Saturday, the 29th inst. to St. John's cemetery, Glenelg. Rev. Father Goy officiated, but on account of the severity of the day, the funeral was not so largely attended as it would have been otherwise.

Monday, March 31st, is going out like the wild beast, the lion, as this morning it is as cold and frosty as any day all winter. Saturday last was a wild day with storms from the East and made old and feeble people creep close to the fireplace. The sleighing is fairly good yet in the vicinity of Priceville, but we hope April will soon make it a thing of the past.

We congratulate one of our Priceville girls, Miss Myra McLean in being the recipient of a literary prize recently.

Whosoever was the historian of olden times, west of the Durham Rd., Glenelg, had good memory in relating the different stories of the old residents of that far away date. We hope he will write more of the old times in Glenelg in telling the young people of the present day, what they missed, in partaking of these times, by their forefathers.

Miss Minnie McIntyre who spent some time with her brother Norman and sister, Mrs. Chas. Ferguson, left for Toronto again last week.

Glenelg Council will meet next Saturday, the 5th of April at the Township Hall.

We hear our young auctioneers, O'Neil and McDonald, both of Glenelg, are doing well for beginners. If they take after their predecessor, Dugald McPhail, they will do well.

The sick ones are getting better and we hope when the beautiful warm weather comes, all will be out, like the animal creation, in attending to their various duties.

Mr. Donald McLean of Toronto, spent some time with old friends in and around Priceville recently.

We will have bad roads for a week or two. Some were out from this place with buggies on Saturday last, and the drifts carried horse and rig.

Your humble servant spent last week at his early home, Durham Rd., Glenelg, along with his brother Donald and sister.

THE ROLL CALL

MRS. THOS. MCKEOWN

There passed away on Wednesday last at her home in Glenelg, Mrs. Thos. McKeown, aged 63 years. Deceased lady has been more or less of an invalid since last fall, when she had a serious illness, but made a wonderful recovery. However this time, pleuro-pneumonia set in, and despite the best of care and attention from Nurse Edwards and good friends, she passed away as above stated. Her passing calls for many regrets for she was a woman who was much respected and liked in the district and the neighborhood feel they are the poorer for her death.

She is survived by her husband and 4 sons and 1 daughter, viz: Lawrence on the Jackson farm near by; Leonard at home; Jack and Matt. of Cut Knife, Sask. The latter son, Jack, has been home since last fall and returned Monday after the funeral, for the West. Matt. came home recently to see his mother before she passed away. The daughter is Mrs. John Beach of Cut Knife. Also one brother Jack Gray, of Dunesan, mourns.

The funeral was on Saturday morning last to St. John's R. C. Church, Glenelg, where service was held and mass given, previous to interment in the adjoining cemetery. A large number of friends and neighbors turned out to pay their last token of respect to the deceased, despite the bad condition of the roads and the disagreeable weather of that day.

The pall bearers were the four sons and 2 nephews of deceased, Arch. McDonald of the 4th con. and John McGrath.

THE GLEN

Miss Marie McArthur has returned home after spending the winter months in Toronto.

Mr. John McKeown returned Monday to Cut Knife, Sask.

Nurse Edwards, who has been attending Mrs. McKeown in her last illness, has gone to Toronto on a visit.

HOPEVILLE

The regular monthly meeting of Hopeville Women's Institute will be held Wednesday, April 9th, at the home of Mrs. E. E. Hockridge. Mrs. Geo. Gilkes and Mrs. Alex Russell were on the program for papers.

The Missionary Society held their regular monthly meeting at the home of Mrs. Jas. Riddell on Thursday last. Miss Mary Shand has been spending a couple of weeks at her brother, Archie Shand's.

Mrs. Will Riddell entertained a number of ladies at a quilting last Tuesday afternoon when a nice sociable time was spent.

Mrs. Ed. Hockridge was visiting relatives in Toronto for a few days recently.

Mr. D. S. McDonald received word from Montrose, Sask., that his son Alex's wife, had gone to Rochester, Minn., to have a critical operation performed by the Mayo Bros.

Mr. John Sinclair, Denver, Colorado, was visiting his son John a couple days before returning.

Mr. Shankland intends returning to his home in Toronto this week, having spent a few weeks assisting Rev. Mr. Snider with evangelistic services.

Mr. Albert Sturrock is home from Toronto.

DURHAM HIGH SCHOOL

The School is thoroughly equipped to take up the following courses:

- Junior Matriculation
- Entrance to the Normal Schools

Each member of the staff is a University graduate and an experienced teacher.

Intending pupils should prepare to enter at the beginning of the fall term. Information as to courses may be obtained from the Principal.

The School has a creditable record in the past which it hopes to maintain in the future.

Durham is an attractive and healthy town and good accommodation can be obtained at reasonable rates.

John Morrison, Chairman
J. A. M. Robb, Principal
