PRICEVILLE AND VICINITY S. Grey U.F.O. Re-organized

PRICEVILLE

Mr Wilfrid Watson and cousin of Toronto, spent a few days at his home here, returning to the city Monday. Mr Geo. McMeekin and family visited at Jno. McMeekin's Sunday. Mr and Mrs Chas Gilby, Mr Jack Gilby and Mrs Chas Green of Chatsworth, visited at Dave McDonald's on Sunday. Quite a number from here attended the picnic in Currie's grove on Saturday and enjoyed the afternoon of sports and evening of music and dancing, as well as the splendid lunch served by the ladies of the O.D.R. school section. A base ball match between O.D.R. and Flesherston H. School, resulted in a score of 5 to 10, in favor of the H. School team. The soft ball game between O.D.R. and Priceville girls resulted in a victory for the Priceville nine, score 21 to 30. We congratulate the young people on the good sportsmanship shown. The return game will be played in Priceville Saturday evening at 7.30. Congratulations to Mr Frank Williamson on having passed his exams in medicine. F. is now holidaying at home. Rev W. E. Curran and W. G. Watson, attended the Methodist Conference in Toronto last week. Mr and Mrs D. McDonald, Mr Jack and Miss Audrey McDonald and Miss Irene McAllister of Collingwood, visited on Sunday at A. B. and David McDonald's. Miss E. McArthur of Cayuga, visited her mother, Mrs McArthur for a few days. Miss Dempsey and brother of Stratford, visited their sister, Miss I. Dempsey, teacher at O.D.R. school over the week end. A bumper crowd attended the U. F. Convention here on Friday last. We were speaking to the oldest resident of this part at the picnic on Saturday, in the person of Mr Malcolm McDonald, S. Line, Artesmia. Mr McDonald is in his 92nd year and can stand around yet like a man of 50, and we believe he could dance a Scotch reel or the Highland Fling yet. Here is hoping you may be able to attend the picnic next year Mr. McDonald.

PRICEVILLE

Mrs Henry and Mr and Miss Irwin of Lucknow, visited at R. T. Edwards' over the week end. Mr and Mrs Will McFadden, Miss Gladys and Master Raymond of Orange Valley, attended Zion service Sunday afternoon and visited friends in the evening. Messrs R. Hastie and R. Doig of Gorrie, were callers at W. J. Greenwood's one day recently. Mr and Mrs J. H. Robson, Mr and Mrs W. J. Greenwood, and daughter Margaret and Mr Clifford Cook, attended the funeral of the late Mrs. Thos. Elliot, Molesworth, last Friday. A meeting was held last Tuesday evening to arrange for the annual Sunday evening picnic which is to be held in R. T. Edwards' grove on Saturday, June 28. A good afternoon of sports is planned for and a good baseball game in the evening. Zion boys played the return baseball game at Edge Hill Wednesday evening with the Edge Hill team, the score being 8-1 in favor of Zion.

SWINTON PARK

The late Miss Annie Hay Annie Hay was born in Proton, lot 11, con 19, on the 27th June, 21 years ago and has lived continuously here. She attended public school and as she grew up mixed in all the activities of the community and was loved by all who knew her. Since her babyhood days she has been a regular attendant at church and Sunday School and in later years also a member of the choir, never failing to be present at any church service when at all possible for her to come. Always early to be quiet and genial disposition she slipped quietly into her place, endeavoring to help on the work of her Lord and Master. It is pleasant to think that all who knew Annie Hay will always remember her with kindly thoughts and that father, mother, brother and sisters, although feeling for the present cast down, can look up and picture their loved one mingling with the great throng of the redeemed and doing service around the great white throne of God. They have lost so suddenly y their dear one on earth but have now another incentive to draw them on to heaven. Annie was the youngest member of the family, her eldest sister being Mrs Eli Ostrander near home and will be a comfort to the sorrowing parents. Jessie is Mrs Murray Wells, Egremont and one brother Willie at home. These are the chief mourners but all who knew Annie mourn. God moves in a mysterious way, His wonders to perform, and it is past our understanding. But let each of us stop and think how would it have been with us had we been so suddenly called.

PRICEVILLE & GLENELG

This Monday a.m., the 16th of June is cool after a nice sprinkling of rain yesterday. In reading the news from different papers, we often see accidents from autos getting into the ditches or backing down hills. We notice the sad accident of the young lady, Miss Hay from Swinton Park, which was the means of killing her instantly. The funeral is to be held to-day, Monday, and this will be the first sad experience of the new pastor, Rev. Mr Sutherland. But if he is spared for years to come as pastor, he will, like his predecessors have many to attend. Statute labor will be the general work for a few days this week and we notice that this will be the final call for to have pathmasters in the future to oversee the work done on the different beats. Whether this move will be an improvement on the old way or not is hard to tell, but this paltry sum from the ratepayers will be applied on the different roads leading through the township in making the rough places a little smoother for those living back and thus prevented from getting the good roads, which has its thousands as a necessity for the travelling public. Those living on the back lanes must be content to travel over hills and stones the best way they can. But it is an ill wind that blows no one good somewhere. A number from Durham and Edge Hill attended the U. F. O. annual meeting in Watson's Hall, Priceville, last Friday. Thos. Nichol has a large gang of men and teams cutting the hills at Stewart's and Jack Gray's. The back lanes will be patronized for some time by motorists to avoid going over the rough roads in progress. Crops in general are doing well all over Glenelg, but will be later than last year. The beef ring is in operation at Edge Hill with the good butcher, Thos. Turnbull giving every one their just share. The first delivery was last Thursday and was a good sample for a beginning. Mr Donald McDonald, Durham Rd, Glenelg, and his nephew, A. McKinnon, paid a short visit to his nephews, the McDonald's of Edge Hill last Saturday. Mrs D. McQueen from Stayner, who visited at her sister-in-law's, Mrs McCannell, Lambton St. returned again some time ago. Reeve Weir of Glenelg accompanied Reeve Calder of Durham this Monday to attend County Council at O. Sound. It is worth while being a member of the County Council nowadays by getting a remuneration of \$5 per day. 40 or 50 years ago the pay per day was \$2. After paying for board and spending a shilling or two in drinks, the member hadn't much to the good coming home. But then look at the good time they had.

ZION

The monthly meeting of the Zion branch of the Women's Institute was held at the home of Mrs Chas McClocklin last Thursday afternoon. Dr. Ego of Markdale was present and gave a talk on "Food and Food Value" which was enjoyed by all. Mrs McClocklin and Miss Myrtle served a dainty lunch. The next meeting will be held at the home of Mrs J. J. Peart on July 10th. Mr and Mrs Geo. Henry, Mr and

Mr and Mrs J. H. Robson, Mr and Mrs W. J. Greenwood, and daughter Margaret and Mr Clifford Cook, attended the funeral of the late Mrs. Thos. Elliot, Molesworth, last Friday. A meeting was held last Tuesday evening to arrange for the annual Sunday evening picnic which is to be held in R. T. Edwards' grove on Saturday, June 28. A good afternoon of sports is planned for and a good baseball game in the evening. Zion boys played the return baseball game at Edge Hill Wednesday evening with the Edge Hill team, the score being 8-1 in favor of Zion.

Alberta, Mr Garland stated, had some radicals among its Progressive members, but not in a "red" sense. Don't be alarmed at anything that may take place here, that if a radical group develops within the Progressive party (comprising Alberta and a few Ont. Progressives) as the Globe and Montreal Star suggest, it will act strictly in accord with the wishes of the constituents who elected them—to further agriculture. "Let us get together and advance through co-operation: if we drift back, we become individualists, with no voice in affairs. No man or motion can live by himself to-day" was his closing message.

The election of officers followed, resulting in Joe Goodfellow being re-elected President and M. E. Murray, Neustadt, Sec'y Treas. Robt. L. Aitchison, Sullivan, is Vice Pres. and Jas. Booth, Aytun; John Whiteford, Hamden, Auditors. Co-Operative Association Report The South Grey Co-Operative Association Report was read, showing receipts of \$268, payments \$105, balance in treasury \$163.34. Riding Director John Whiteford reported he had practically no report to make. He had circularized 34 clubs in March, but only 5 had replied. Mrs Pedlar of Feversham, U. F. W. O. Director, reported five ladies' clubs—Cedarville with 17 members, Unity with 20, Osprey 18, Rocky Saugen 22, Varney 21. The Co-operative Association reported mainly the same officers: T. H. Binnie, Pres.; Mrs Harris, Vice Pres.; Mr E. Murray, Sec'y Treas.; W. H. Hunter and Stewart McArthur, Auditors, the latter also being U. F. Y. P. O. Director. Jno. Whiteford and Mrs. Pedlar were also re-appointed Riding Directors.

Harry Shaw instanced the success of five Clubs around Markdale, who shipped \$100,000 annually, and had store with over \$20,000 business last year. This would be more than doubled next year. People get produce at actual cost, and 99 cent came direct from Farmers' Co-Operative Co. Nothing underhand was done against merchants. A splendid helpful address was that on "Co-Operative Marketing" by John F. Martin, of Paris, Ont., free lance of the Farmers' Co-Operative Co. Farmers, he said, have been too busy producing and lost sight of other things. To create demand for what we produce, competition must be eliminated in putting it on the market. Binders cost \$125 when there were many small farm implement Co's and competition was keen. Now 4 firms control the market, competition is largely eliminated and implements cost much more. With a diagram, he showed how in the 4 branches of production (grain, dairy, fruit and live stock) the market is oreed down when no demand exists for the article. Farming pays 70 per cent of our total freight charges, yet has no representative on the Railway Com. The States bought 29 mill. bushels of our No 1 wheat last year to improve their quality. Co-operative marketing will grade wheat and get ours top prices. Cheese should also be graded and dealers could sell twice the quantity. Canada and New Zealand supply 84 per cent of British cheese. B. C. apples have better market than Ontario's because better graded. Denmark with co-operative grading and selling in hogs is beating us out on the British market. In growing potatoes or any commodity, we should seek closest markets. Mr Martin also gave valuable suggestions for every Club to take up. Officers should be elected through secret ballot, the stock shipper especially. In the Club don't "leave it all to George,"—appoint a membership Com. and canvass. Take a census of marketable products in your district, send it down to head office. Send the Co-operative Co. in Toronto information of everything you have to sell—they will act as clearing house. To get something out of our Clubs or our work, we have to put something into it. Agriculture has never been rightly financed, but co-operative marketing will hasten a better day. A hearty vote of thanks was tendered Mr. Martin for his enlightening address. A motion by Sec'y Murray and Miss McPhail was unanimously carried that the Riding Director make a personal visit to every Club, receiving reasonable fee for his time. Mrs. Rogers, Holstein, asked for information regarding Women's Clubs,

to which Mrs Pedlar replied. It was decided to hold Political and Co-Operative Conventions again in Priceville next year, both on same day, June 12th, 1925, but commence at 10 a.m. and bring lunch. "God Save the King" closed proceedings.

Women's Institute to Start an Anti-Cigarette Crusade

Will be Discussed at County Convention—Annual Meeting S. G. Institute

Methods and means of combatting the cigarette evil will be introduced for discussion at the County Convention, Women's Institute in Aytun next month. The cigarette or "coffin-nail" scourge was steadily increasing. It was pointed out at the Institute meeting in Durham on Tuesday, June 17th and particularly among the boys of tender years. Mrs Halliday of Gleneden introduced the topic and wished it to be discussed at the County Convention. She stressed the harm of the cigarette invasion among school boys. Mrs (Rev.) Cameron of Durham also urged anti-cigarette action, but blamed the parents of the boys for the nicotine habit when it was cultivated before 16 years of age. In this case she believed the parents should be punished more than the children. The gathering of the South Grey delegates to the number of 75 on Tuesday, was a most enthusiastic one, delegates being present from seven branches. After the opening exercises, the morning session was given over to reading of branch reports and election of officers. The reports showed progress and good work done during the year. The officers elect are, Pres., Miss S. L. Jamieson, Hanover; 1st Vice, Mrs S. Patterson, Durham; 2nd Vice, Mrs W. J. Greenwood, Zion; Sec'y Treas., Mrs McIlraith; Auditors, Misses M. McGill and E. Scott. Representative to Co. Convention, Mrs A. Tuck; Representative to Prov. Con., Mrs McGill, Durham.

The meeting adjourning, the ladies retired to the basement where lunch was served by the Durham branch. The afternoon session was opened by the singing of the Maple Leaf. The usual donations to the Co. Treasury of \$10 and \$20 to the Durham Branch for entertainment of delegates were made. Some time was spent in discussion on the resolution re the Co. financing the Children's Shelter at O. Sound, which passed last year, was presented to the said County Convention. Mrs Sydney Banks of Shelburne, representative of Federation, after giving us some information on the Federation, gave us a practical and powerful address on "Individuality." Personality, she said, comes with us when we are born into the world and we may cultivate it. Individuality is the power of every man and woman to think, know right from wrong and to have the courage to act upon it, though we do not always do it. Our grandparents when they settled here, through the circumstances surrounding them, were led to develop an individuality. Conventions in our homes have robbed us to a great extent of our individuality. Advanced civilization keeps us from thinking. "Keeping up with the Jones" shows plainly that we are brainless dupes, as it were of mental laziness. She then spoke of choosing our party in politics and advised getting platforms and policies of all parties, knowing public life, reading papers, and thus vote intelligently and not because our fathers, husbands belonged to such and such a stripe, so will we. Our parents who brought us into life did not undertake to do our thinking for all time. We should study to be intelligent voters and if asked in the near future if we wish the repeal of the O. T. A. that we are ready to think, act and show our individuality.

Miss A. L. Campbell of Shelburne, then gave us considerable information on the Dept. of Health, Ontario is divided in 8 districts, having 2 nurses to a district and she is one of these and is now working in Shelburne. She works with Medical Health Officers and finds out what the problems are and what can be done to aid. She concluded by saying if health is on the down grade, we are going down as did the Romans when their health failed. We hope to hear more of Miss Campbell and her work in the near future. Miss Morrison of Holstein then led in parliamentary procedure and refreshed our memories on the lessons of yearend. A hearty vote of thanks was tendered her for her part in the program which was thoroughly enjoyed. Mrs Widmeyer of Aytun then gave us a reading entitled "The Song of the Wage Slave." A hearty vote of thanks was tendered to all who had helped to make the meeting a success, and also to the Durham ladies who provided entertainment for the delegates. Lunch was again served and a social time spent before separating for their several homes.

Nature keeps things balanced. Europe has the worst wars, but we have nine times as many motor cars. —The Chinese bandits who seized missionaries and demanded ransom, have killed Rev Jos. Cunningham of Virginia. A United States gunboat is on the way and may bring them to terms.
