DURHAM, JULY 17, 1924

REDISTRIBUTION

This famous measure was passed last week by parliament and not without time, the last one being in 1911.

Ten new members owing to the growth of the West, are required and the next Parliament will have 215 members instead of 235.

Grey and Bruce remain unchanged. Dufferin is joined to S. Simcoe, to be known as Dufferin-Simcoe.

Several Division Court Cases

Division Court was held on Tuesday last, Judge Sutherland presiding. Cases were few and no swearing.

HAMPDEN

A large number from here spent the glorious "14th" in Durham where a bright and interesting picture was presented.

Favor a Gasoline Tax

To Keep Highways in Shape

Opinion was general among the representatives of the municipalities in the Counties of Grey and Bruce who gave evidence in Owen Sound on Thursday last before the Advisory Highway Board that more taxes should be raised from those who use the Provincial Highways the most to keep these highways in good condition.

The session was presided over by S. L. Squire, Deputy Minister of Agriculture, with others present being Hon. F. G. McDiarmid, A. M. Rankin and T. J. Mahoney of Guelph, Wardens McTavish of Grey and Sinclair of Bruce.

The following representatives were present from S. Grey: Durham, W. J. McFadden; Bentinck, R. E. McDonald; Glenora, T. J. Brodie; Egremont, Reeve McEachern and D. McQueen; Artemesia, T. R. McKenzie; Sullivan, L. Lemcke.

The delegates from Bruce Co. which has more Provincial Co. road mileage than any other county in Ontario, did not have very much fault to find with their system, as their principal aim is to provide good roads for the thousands of tourists who visit their county during the year.

Some of the Grey Co. representatives thought that there were too many dead ends in the system in this county and believed that there should be a redesignation. Many interesting suggestions were made, one delegate suggesting that the richer counties should assist the poorer ones and that the poorer counties should receive more Government aid, while another stated that the roads over which there was the greatest amount of traffic should receive more Government money.

The Bruce County Engineer, Mr. Stevenson, was of the opinion that both gasoline and tires should be taxed but admitted, it would be hard to tax the tires, as so many of them are from United States.

Bentinck S. S. Convention

The 11th annual Convention of the Bentinck and Hanover Branch of the Ontario Religious Education Council, was held in Mulock Baptist Church, Wednesday, July 9th, 1924.

The opening exercises at 2:15 p.m. were taken by Rev. Mr. Aird, pastor of the church. Reports of Departments followed, after which Miss Elsie Boyce rendered a beautiful solo, "Building for Eternity."

The evening session was opened with a devotional service led by Mr. John Taylor, County Sec'y, Hanover, conducted a very helpful Round Table Conference, dealing with the different Departments. Lunch was served at the close of the afternoon session.

The evening session was opened with a devotional service led by Mr. John Taylor. Two very appropriate solos were given by Miss Nancy Boyd and Miss Elsie Boyce.

A consecration service followed this address led by Rev. W. H. Campbell. This interesting and helpful Convention was brought to a close by singing "Blest be the tie that binds" and the benediction by the President, Mr. Chas. Wright, Hanover.

Superintendents of Dept's for 1924 and '25 are as follows: Vice Pres., A. C. McDonald, R. R. 4, Elmwood.

Ass't Sec'y Treas., John Taylor, Hanover. Children's Dept., Miss Muriel Alexander, Elmwood.

Burning Barns

The following article is from the G. A. C. Guelph. Its contents are worth reading:

When in the Co. of Halton on June 22nd, I saw the smoking, smouldering ruins of a barn. The charred bones of two horses were visible, and so the twisted wreckage of an automobile. It did not matter about the auto, but it was rather rough on the horses to subject them to such an ending as burning alive. What did it? Spontaneous combustion, following the old, neglected practice of putting wet or green hay in the barn.

Ontario farmers have lost millions through the burning of buildings. Some have followed the practice of putting in poorly cured or moist hay with impunity, but sooner or later they will create conditions just right for a flare up and will then pay for their folly in the price of a new barn. The silo is the place for green clover not the barn. Better be sure that the hay is properly cured before it goes in. I would rather lose it in the field than take a chance of losing both hay and barn.

Mr. and Mrs. Jas. Sumpton and son Allister and Wilfrid Sumpton of Port Elgin, with Mr. and Mrs. Reed Hastie and daughter Isabel, accompanied by Mr. Russell and Miss Daisy Fiddis of Chesley, were the guests of Mr. and Mrs. Andrew Hastie recently.

We were pleased to have a visit from Mr. Dave Milne, Chesley, and the Misses McKay, of Walkerton, Sunday evening. Mr. A. McGillivray and son Reginald of Chatsworth, also gave us a hurried call Saturday evening.

Mr. Hughie McLean, Durham and Miss Ulva Manson, Toronto, visited the Livingstone and McDonald families here Monday.

Miss Gerlie McCaig of Top Cliffe, was the guest of Mr. and Mrs. Finlay McCaig last week.

Miss Agnes Lunny, Toronto, who has been visiting her many friends in Elmwood, is at present visiting at the home of Mr. and Mrs. Wm. Lunny.

Miss Esther Petty, Varney, was a holiday guest of her friend, Miss Elsie Boyce last week.
