PRINCE AGAIN TO BE WITH US

The Prince of Wales is to arrive in the United States early in September with his highest title, and after being received by the President and government dignitaries, witnessing the polo match, etc., presto! he becomes Lord Renfrew and starts for his ranch in Alberta. All of which is very interesting, but a little reflection on Canada, which can stand the glare of the popular Prince as well as our American cousins, even though he comes to us as a rancher in his shirt sleeves.

CONFERENCE A SUCCESS

The great London Conference of the nations, considering German reparations and kindred subjects is expected to close this week. Their deliberations have been very successful and the way now seems open for real peace and the burying of old animosities. To Premier Ramsay MacDonald is due much of the credit of the happy outcome. France is to retire from the Ruhr within a year, and reparation payments in kind provided for. An "Agent-General" is to be appointed, to see that obligations are carried out, but who is to be this big man is not yet decided.

CROP OUTLOOK IMPROVING

The Bank of Montreal Crop Report says rains and cool weather have improved the conditions in the Western Provinces over the whole area. No word of rust. The report for Ontario is as follows:
 "Haying practically finished, yield above average. Cutting of fall wheat nearly completed, threshing commenced. Spring grains show continued improvement, an average crop is expected. Barley is being harvested in the more advanced districts. Corn making rapid growth, with improved prospects. Rooting show satisfactory progress. Grass pastures in good condition. Small fruits somewhat below average."

FASTEST HARVESTERS' TRAINS WILL BE BY CANADIAN NATIONAL RAILWAYS

The special Harvesters' trains of the Canadian National Railways from all Ontario points as advertised, will make the fastest time to Winnipeg, operating via the new Langlac cut-off, the shortest route between Eastern and Western Canada. Harvesters travelling by this route will, as a consequence be first in the field. The first train leaves Toronto one minute after midnight of Aug. 21st (12.01 a. m., Aug. 22nd. The fare is a flat rate of \$15 to Winnipeg and half a cent a mile beyond. Returning the fare is half a cent per mile into Winnipeg and \$20 back to starting point.
 Comfortable, roomy, convertible (berth) colonist cars of latest design and lunch counter cars serving food and refreshments at reasonable prices will be attached to trains. Special

Arrange beforehand

Before telephoning distant friends, some subscribers write them the day and hour at which they will call them—"I will call you at 9.00 p.m. by Long Distance."

The person to be called is prepared to make the most of a few minutes conversation.

On Station-to-Station Long Distance calls, low evening rates apply from 8.30 to midnight. From midnight to 4.30 a.m. the rate is only about one-quarter the day rate, with a minimum charge of 25 cents.

The Garden Party that Was Different

Edge Hill People Highly Favored by Having a Splendid Night
 Such was the Edge Hill Garden Party advertised to be on Thursday evening last, and it lived up to the slogan in many ways. Possibly to one living the city atmosphere, could be seen no semblance of anything else from the front to the back line, there are bigger and better things than imported city talent and entertainment. At least the large crowd that gathered in Edge Hill school grounds gave evidence to this fact by the hearty clap and appreciation that followed each number.

Edge Hill is lucky in several ways and in this garden party they were lucky in the selection of the fine night and also in their talent and speakers. In these days of rain and heavy clouds, it is a skillful thing to select a night when the stars twinkle and whoever had the selection of the date, must have followed a revised edition of Bowes' weather predictions. The Section, true to its traditions, had the supper tables laden with the best in the culinary line and was chiefly responsible for the late-ness of the hour in commencing the program. The section stand solidly behind the Sabbath School, under whose auspices it was held and this organization now have clear \$75 as a result of this function.

The handling of the program sheet went to Mr. Jno. A. Graham, "nuff said. The speaking talent of the evening was of a high calibre and was unique in the fact that four of the six speakers were ex-teachers in Edge Hill school, viz: J. A. Graham, Hill boy and now of the staff of Toronto Normal School: Rev. Jas Binline, Parry Sound: John L. McDonald, Ottawa. The other two speakers were Rev. J. E. Peters, of Durham and Mr. Cameron McIntosh, B. A. of North Battleford, recently returned from an overseas tour. Each speaker expressed his delight at being present and at the close of the evening it was an acknowledged fact that to have lived at Edge Hill and attended school there, that success would attend them through life. Edge Hill had made a name for themselves and was generally known as a progressive and intelligent section.

The musical end of the program, was also well upheld by the Bell quartette of Gleneg and the Methodist Male Quartette of Durham. The applause given loudly asked for more, and in this each responded. A pretty and unusual number was the execution of a Japanese lantern drill of 12 girls and their movements to the music of the violin played by Mr. Geo. Ritchie, was well done. Mrs. Ernest Greenwood, another ex-teacher, was responsible for this number who also accompanied a couple of choruses by the young people of the section. An orchestra, comprising three violins, snare drum and drum, also gave bright music and recitations composed of local hits were given by some school children.

A lively game of base ball was staged early in the evening by Rocky Saugeen and No. 9 boys, the former scoring 13 runs to the latter's 3. C. McLean was pitcher for the former team and Milford Aljoe for the latter.

CANADIAN PACIFIC - THE HARVESTERS' SHORTEST ROUTE TO THE WEST

Due to the fact that the Canadian Pacific is the shortest route to the West, the greater majority of harvesters last year travelled via Canadian Pacific. The company will maintain the usual high standard of colonist car equipment this year with cars for the exclusive use of ladies, children, and their escorts, while lunch counter cars in which hot meals, refreshments, etc., may be obtained at most reasonable rates will also be attached to all trains.
 Because the Canadian Pacific is the shortest route to Western Canada and due to the efforts of the Company to have the harvesters spread over the
