GIGANTIC HISTORICAL PAGEANT AT OWEN SOUND FAIR

The outstanding feature of Owen Sound Fair, which annual event is reported to be the most ambitious of many miles around, will be the Historical Pageant of Grey County, which is guaranteed to be the most colossal feature that has ever been presented outdoors in this section of the Province.

The Fair and the mammoth Pageant will be the big night attraction the first three evenings. Plans are being laid to make this celebration a mighty one and a considerable sum of money is being expended to put it over in a big way.

The John B. Rogers Producing Co., the largest producers of pageantry in the world, have been secured to direct and equip the production. There will be stupendous electrical and scenic effects and gorgeous costuming for the 1000 participants now being trained by the professional director for this gigantic enterprise.

The Pageant is composed of a series of episodes and interludes, depicting the history of this section of the county. Many beautiful interpretive dance numbers, the first Indian settlement (with real native Indians) the arrival of first pioneers, the founding of our County, the old time dances and scores of other historical data go into making up the entertainment.

The finale alone is worth the small price of admission. Five hundred people in appropriate costuming will dance the dances of all nations and this huge ensemble will form the masque of Canada. One hour and a half of thrills and thorough enjoyment is guaranteed the spectator. Remember the dates, Sept. 9, 10, 11. Come to the Fair and remain over for the big night attraction.

IN DAYS OF YORE

From Review file of Aug. 31, 1899. Mr. Jake Kress has completed the removal of furniture to the fine new store he has built in the Calder block. Comfort enters very largely into Mr Kress' reason for removal as he was doing a good business at the old stand where for 40 years or more he and his father has conducted business.

Mr. Con. Knapp has not only made a few changes, but has altered the appearance of the corner and the street as an addition of a third story has been put to the old well known hoestery. Mr Geo. Moore had charge of the change and with 10 carpenter assistants, he razed the roof and raised the story in one day.

Died, in Bentinck, on Aug. 25, two children of Mr and Mrs John Clark, Elsie, aged 2 years, 2 mos., and infant daughter Bessie, aged 7 weeks, 3 days.

The Three Mac's—Mr C. McArthur has decided to remove down town and in a few weeks will have his business and residence in the large new building built this summer by J. McCracken when McKechin's move into their new building alongside, these three Mac's will be side by side—McKechin, McArthur, McLaughlan. Can Durhamites at a distance keep track of the changes in our good town?
