Successful strawberry culture 300 miles north of the international boundary has been proven possible by R. A. Gordon, of Edmonton, Alta. One hundred plants brought from Ontario wintered well, blossomed heavily and produced a prolific crop of well-formed, fine-flavored fruit with rich color and flavor. BLYTH'S CORNERS

(Intended for last week)
Stooks to the right of us,
Stooks in front of us
In fact everywhere you look there are stooks and stooks of grain.

An odd farmer here and there have thrashed half a day and excellent yields are reported.

Miss Florence McIvride spent the past week visiting her uncle and aunt, Mr and Mrs Jas. Vincent and school chums in and around Agincourt.

We agree with your comment Mr. Editor, on the ability possessed by Prof. Katz, the eye specialist. He certainly is a marvel at his profession and can almost make the blind to see. (Not our comment: this was Prof. Katz's own advertising.—Ed.)

Pastor Burnett returned from his holiday trip and on Sunday last again occupied his pulpit and preached in his old time vigor from the text, "But to us there is but one God," 1st Cor. 8th Chap, 6th verse. "Twas well studied out and forcibly delivered. Not in a good many years have we seen so much grain to be harvested as on this first beautiful September day, but if the fine harvest weather continues a few days longer the fields will soon be stripped of their beauty.

We extend our sympathy to our former friends and neighbors, the Moore family, in the sudden removal by death of their brother Joseph.

(This Week's Budget)

'Tis very sappy sort of harvest weather and not in years have we seen so much harvest to garner in after this 9th day of September.

Master Norman McIvride left last week to attend High School in Mt. Forest, also Geordie Schenk, who is attending the Continuation School at Holstein.

Here and There

It is anticipated that English orders for Canadian wool will exceed 1,000,000 pounds this year, which will be a considerable increase over the business of 1923, amounting to 700,000 pounds.

Definite advice has been received at Victoria, B.C., that the Japanese training squadron, consisting of the "Kishima," "Asma" and "Azuma" will visit Victoria during the winter. The squadron will leave Japan early in December, following the annual fall manoeuvres.

Approximately 60 per cent, or 1,252,604 of the population of Western Canada live on occupied farms. Of the balance, 474,516 live in its 20 cities and towns of over 2,500 and 228,962 in 3,309 small towns and villages of 2,500 or under.

The work of re-balling the main line of the Canadian Pacific between Montreal and Toronto (the Lake Ontario shore line) has just been completed. Nearly 2,000,000 tons of crushed rock, or about 35,000 carloads, were used in this operation. Officials state that the road-bed is now as excellent as it can be made and second to none in the world.

"Farm Products cost more than they used to." "Yes," replied the farmer, "when a farmer is supposed to know the botanical name of what he's raising" and the entomological name of the insect that eats it, and the pharmaceutical name of the chemical that will kill it, somebody's got to pay."

Mr G. Rutherford of Galt, was a visitor at the home of Mr and Mrs. Hunter over the week end.

A Mr Geo Turkington of Oshawa, has been down the 20th and other concessions installing fire fighting apparatus, in many cases putting in two,—a very handy, reliable thing to have, especially around thrashing time. We believe there is not one in twenty who provides a ladder and a couple of pails of water as the polley stipulates, during that risky operation.

The trustees of S. S. No. 13 have had installed a new heating arrangement in the school, which we hope will "keep the feet warm, and head cool,"—saying nothing here about the rest of this adage—of the pupils.

17 MARRIED MEN GROW BEARDS TO FIGHT 'BOBBING'

Seventeen male customers of a well known and fashionable barber shop in Washington, have announced to their tonsorial artists that they will never shave again until their wives let their hair grow out. They will raise "spite" beards as a protest against long hair.

"Bob your hair and I will let my whiskers grow until they reach my chest." But their wives did not heed them. Now the war is on.

Randolph Green, social leader, pointed to a three day old beard saying, "It is there to stay. We are going back to the age of hair. We will drive the women back too. I am 29 years old and can show a very fine beard in the course of a few months. We are going to organize on a 100 per cent basis and fight against short hair in earnest. None but men suffering from an overdose of bobbed hair at home are to be admitted.

Dated at Holstein this 25th day of August, 1924.

The Ladies' Guild of Unity Church will hold a 25c Tea in the Library on Friday afternoon, Sept. 26th, from 3 to 6 o'clock.

A genuine C.N.E. "Tan" in Annapolis, Ont., who couldn't get to Toronto this year, sends \$5c for two admissions, because he considers it the duty of everyone to go. He's started something, sure enough. Those who can't get to church, or concert, or baseball, should at least send in their coin.

JAMES WALSH,
R. R. 2, Durham

Prof. E. Katz is coming to Holstein to test your eyes and relieve your eye troubles, even when others fail. Wednesday next, Sept. 24th, at the Hahn House, those that are troubled with headache, pain in the temples, even in the back of the head, also children with affected eyes, should have their eyes tested. Don't miss Prof. E. Katz while in town.

A Champion Cattle Feeder
Recently L. B. Thompson, the well known cattle raiser of Elderslie Tp., delivered at Dobbinton cattle yards 51 head of winter fed cattle which he sold to a Montreal buyer. They averaged 76,900 lbs. or an average of 1508. We doubt if another cattle raiser in Ontario can show a better average for such a large number. 10 of the heaviest steers weighed 29,325 lbs. an average of 1606 lbs.

Presbyterian Ladies hold Thimble Tea
The Ladies' Aid opened the fall season with one of their pleasant needlework teas, and over thirty responded to the pulpit invitation of the day previous. That the afternoon was enjoyed by all was evident from the expression all carried on leaving and it is a pity that more of the congregation do not avail themselves of this privilege to mingle with another. A dainty tea was served. Mrs. (Rev.) Smith pouring tea from flower decked table.

Social Evening to Departing Member
Previous to her departure for Thursday for Toronto where she will attend Toronto General Hospital as nurse in training, the Presbyterian choir of which she has been a valued member for some time back, tendered Miss Beulah Stinson a farewell evening in the schoolroom of the church on Tuesday evening. They was almost a full representation of the choir out and the evening abounded in good spirit and "comradery". Several parlor games were played and in a few of them, it proved to be the survival of the fittest that won the contests. A dainty lunch was served and a few words spoken in appreciation of the departing member group singing closed a pleasant evening.

Arrived Safely in Florida
Mrs. Thos J. Brown received word on Tuesday from her son Edgar, to the effect that they had arrived safely at their destination at Lauderdale, Florida, after six week's motor from Canada, going south west from here to Iowa, Oklahoma and Florida. The party comprised Mrs. Brown, her niece, Miss J. And. Dan, and Edgar himself. They had little or no car trouble the whole distance. They have painted their Florida climate in such rosy colors. Mr and Mrs Brown while on the visit to Canada this summer, that is altogether likely that sometime November, Mr and Mrs Brown's daughter Mary, will also cross line and sojourn in Florida for winter months.

Presbyterian Missionary Meeting
The Women's Missionary Society of the Presbyterian Church held their September meeting at the home of Mrs Nell McCannell, Lambton St. E. when fifty two ladies were present. Mrs Andrew Derby, President, presided over the meeting and was pleased to welcome the large attendance.

Mrs John Bell contributed an informative paper on W. M. S. work of church at large since. Also she spoke on behalf of the missionary publication the "Messenger" which has grown with the membership. She had a hand a copy of the first monthly let published in 1891 under missionary auspices, which then sold for 12c per copy or 12c per year. Miss McKenzie contributed the Bible-ling and Mrs Wm Derby gave the missionary story entitled "Mrs Pick Mite Box." Mrs McCannell served refreshments at the close of the meeting.
