Booze Must Not Come Back! Only By Voting Can Ontario Citizens Defeat the Desperate Liquor Interests

THE lawless liquor traffic dies hard. But good citizenship is a patient executioner in Ontario. Again and again Ontario citizens have registered their determination that the moral and economic waste caused by booze must cease. ¶ On October 23rd the men and women of this Province must tell the self-seeking liquor interests still more emphatically that booze shall not come back. A half-million majority for continuance of The Ontario Temperance Act is language that brewer, distiller and bootlegger will understand.

O.T.A. is Hated for Its Good Work

Desperate because the O.T.A. has cut down drinking by 90%, the liquor trade seeks the death of the finest temperance measure Ontario has ever had. Distiller, brewer and bootlegger are arrayed against the forces of reform. The issue itself is sharply drawn, but John Barleycorn is using a new disguise. Only his desperation can explain his reckless effrontery and his astonishingly low estimate of the common sense of

No good citizen, familiar with the miserable conditions before The Ontario Temperance Act brought sobriety to the homes and happiness to the women and children, would deliberately vote for a return to the bar-room. Yet today Ontario faces, as the only alternative to the O.T.A., a step that will lead to conditions in some respects even worse than the open

Rally to Its Defence!

The same sordid story comes from every province where so-called government "control" has been blindly adopted. More drinking, more drunkenness, more crime, more accidents, more misery, more waste-and, above all, infinitely more of the curse of bootlegging. This prospect should send every earnest man and woman in Ontario to the polls on October 23rd to vote for the continuance, strengthening and vigorous enforcement of The Ontario Temperance Act.

To legalize the sale of booze for beverage purposes, though in sealed packages, is to re-establish the liquor shop

without the former restrictions of the licensed bar-room, and bring back the treating system, the hip-pocket flask, and the drinking club. To vote for government sale is to bring back to old Ontario the free dispensing of that bottled misery which will blight and destroy the hopes, the character, the life of young and old in every community where liquor shops are permitted to exist.

Your Ballet is Your Weapon

You know that, but you must VOTE. Your weapon, the ballot, must be used. Vote yourself, and use your influence to have every qualified elector within your home and your place of work do likewise. The only votes counted will be those placed in the ballot box on October 23rd, 1924.

Apathy and over-confidence have lost many a good fight. The liquor trinity-bootlegger, brewer and distiller-are at work, night and day. Foil their efforts by polling an overwhelming majority for The Ontario Temperance Act. Mark

as a beverage of beer and spirituous liquor in sealed packages under Government control?
