While cranking his car Wednesday Milford Lawrence of Wilders' Lake had his arm broken by it backing up on him. This is a somewhat common, though costly, accident, and it behooves all car owners to exercise the utmost caution in cranking in cold weather.

A quiet wedding took place at the Lutheran parsonage, Hanover, on November 5th, when Miss Leona Birr, daughter of Mr. August Birr, became the bride of Mr. Gibson Watt, son of Mr. and Mrs. John Watt. Rev. H. Twietmeyer performed the ceremony. The young couple were attended by the groom's sister, Miss Emma Watt, and Mr. Harvey Helwig. After a dainty wedding supper at the home of the bride's sister, Mrs. Ed. Pfeffer, a social evening was spent. The young couple will reside in Hanover.

Wintering in California.

A letter from Miss Ada McKinnon, youngest daughter of Mr. Chas. McKinnon, formerly of Upper Town, and for many years of Port Arthur, informs us of the arrival in Monrovia, California, of her parents and herself. Her father recently has been in poor health and the move has been taken to improve it, which we hope will result. "We are enjoying the bright sunshine and balmy breezes of this wonderful country, and want our address changed for we still look anxiously for the Durham Review."

Carter Scholarship for Co. of Grey.

Harold Hodzson, a Meaford High School boy, has won a Carter scholarship, entitling him to \$100 in cash and also the Aikens Scholarship, which entitles the winner to four years' free tuition, at the University, which is equivalent to four hundred dollars in cash. The Aikens Scholarship is awarded by the Senate of Victoria University for Proficiency. This is a brilliant record for any student but the Meaford correspondent of the O. Sound Sun Times, is wrong in their statement regarding the fact that his is the first Carter scholarship to be won in Grey County. This honor also fell to Miss Myrtle Koch four years ago when a pupil of the upper rooms in Durham High School.

The organization has somewhat the eye of the Women's Institute over them and have as their guide or assistants Mrs. J. A. Graham and Miss Elizabeth Scott. The officers appointed are: President, Eunice Moon; Vice President, Dorothy Pickering; Sec'y Treas., Caroline Mitchell; First Aid for Athletics, Mrs. Bert Farrell; Mrs. Arthur McGowan. The ladies decided to help the Llewellyn Hall, Oshawa, the home for missionaries' children. The President would like all the ladies of the Society to contribute. Mrs. John Smith and Mrs. MacFarlane receiving contributions. The December meeting will be held at the home of Mrs. Andrew Derby. As it is the last one of the year, Mrs. Derby requests that all the ladies be present.

Local Firemen in Court Case

The lower hall was well filled Saturday evening to hear a case tried by Magistrate Laidlaw and prosecuted by Anson Lloyd against Chief Howard McDonald of the Fire Brigade. Besides the principals, Wm. Hewitt, P. Styles and G. Thompson were called as witnesses by the complainant and Geo. Becker and Wm. Falkingham by the defendant. The story told by all was substantially similar. Following a dispute raised by Lloyd over the Rob Roy Mills grant to the firemen after work in the fire hall, Lloyd also stated that the Sec'y Treasurer and not the Chief, should pay out the funds. Considering it a reflection on his honesty, roused McDonald's ire and he knocked or shoved Lloyd down on some wood in the corner of the room. In court Lloyd claimed his gold watch chain was broken in the scuffle and later that night asked for a written apology which the Chief refused. In giving his decision the Magistrate stated such an incident should not take place in a well-organized company, he regretted it had come to trial, he had no evidence of witnesses that the chain was broken at that time, but he could see nothing else but that the Chief had committed an assault, and would impose upon him the minimum fine of \$5 and costs, amounting to \$16.50 in all.

He is not thought to be in danger. He evidently did not see nor hear the train and does not remember how the accident occurred.

Firth, Edge Hill; 2nd Vice President, Miss Myrtle McKessock; Secretary, T. S. Cooper, Markdale. Ford; Osprey, Neil Norman; Proton, Richard Hardy; Sullivan, Wm. Milson.

Miss Agnes McPhail, M.P., who suggested the idea and started the work last year, was present. Her guidance on this occasion was earnestly sought and recommendations followed by the young people.

The objects of the League are as follows: (1) To encourage the rural people of the Riding to be proficient in public speaking; (2) To encourage the serious study of problems of local or national interests, especially those pertaining to agriculture; (3) To provide through the medium of public debates an interesting and profitable form of entertainment for the people of the community; (4) To foster among the young people of the Riding a spirit of friendly co-operation and to afford d opportunities for bringing them together.

Should sufficient teams enter it is proposed to hold the debates among the teams within the township of the winners in each township shall meet the winners from the other townships until the winners of the constituency are decided. The prizes which are generously donated by Miss M. Phail are medals to each township team and a cup to the winning team which shall be held in trust till the final debate next season.

In discussing the prospects, the Secretary is very hopeful of an exceptionally successful series of debates. It is expected there shall be at least two teams entered from each township or 18 teams this winter. The Secretary is hoping to receive a large number of entries before Dec. 5th. Let this Winter's Debating Series be the most successful of all.

Amusement Co. gives Bowlers a 50-Year Lease

One of the Best Attended and Representative Meetings for some time.

The annual meeting of the Durham Amusement Co. held in the Rink on Thursday night last, was the best attended yet held, but the financial report was not altogether reassuring. There is still a mortgage of \$1800 on the skating rink and while some bank indebtedness has been cleared off during the year, accounts running some three and four years have yet to be met. The Amusement Co. is just holding its own financially and increased receipts are necessary to make it a paying concern. Last season about \$586 was realized from skating, nearly \$200 from hockey and \$100 from the curling club, but insurance, taxes, interest and ice management largely consumed the proceeds. Ways and means of greater financial returns were discussed. Mr. R. L. Saunders emphasizing the necessity of retaining hockey players and putting a winning team on ice as the leading means to this end. A soft ball town league with games in the rink, in spring and fall months, was also suggested.

Chief discussion centred on the proposal to sell or lease the bowling green immediately south of the rink, to the Lawn Bowling Club. Reeve Calder as spokesman for the bowlers, submitted an offer of \$100 for the green, but a number of the rink shareholders considered it worth \$300 to \$500. The Bowling Club would not consider paying more, Mr. Calder stated. Leasing was then discussed, which culminated in a motion by Mr. R. MacFarlane, that the Bowling Club lease the green for \$15 annually for a term of 50 years and pay the taxes. The long term was proposed in view of the fact that the bowlers and lady bowlers intended erecting a club house on the grounds in the near future. In amendment Mr. Calder moved that the green be sold to the Club for \$100. On vote of the stock represented at the meeting, the amendment was defeated, and motion for 50 year lease was carried.

On suggestion of R. L. Saunders, a motion carried that the Hockey Club be given free use of the rink for one night, other than a carnival.

Almost an entirely new slate of officers was selected for the ensuing year, the retiring officials declining to stand. The new Board are: President—H. J. Sneed; Vice President—E. D. McClocklin; Secretary—W. S. Hunter; Treasurer—Peter Ramage; Directors—J. A. Rowland, H. R. Koch, S. D. Croft, Ed. Kress, J. McGowan.

Struck by Passing Car; Wm. Grant Severely Injured

While walking south on the Garafaxa to a neighbors last Saturday evening about 6.30 Wm Grant, a well known farmer residing a mile south of Varney, was knocked down by a passing car, receiving serious injuries. His left leg was broken below the knee, his right one badly bruised, his head bruised and his back hurt. After striking him, the occupants of the car, Messrs F. Gibson and Arthur Aljoe, who were returning south to Kitchener after a hunting trip, went about 100 yards before they could stop, then turned back and rendered all possible aid. He was unconscious when they picked him up and carried him into car and another car passing identified him, whereupon they conveyed him to his home close by.

It was about an hour after being hit before consciousness returned to the victim, and he can remember nothing as to how it occurred. He had been on east side of the road, and the car overtaking him was evidently on wrong side, but the occupants claim he stepped over in front of the car and threw up his hands when about to pass him.

The broken leg was re-set on Tuesday and he has suffered much since the accident, the other one also causing pain. We are pleased to learn however, that he is now out of danger and on the road to recovery, though he will be laid up for a few months. His son Roy, who is in a Mt. Forest bank, is home at present, to attend to the farm work.

WHAT'S GOOD READING IN THE PUBLIC LIBRARY.

The "Review" this week will commence a series of articles from the facile pen of Miss Isabel (Belle) Cranston McGirr. Through Miss McGirr's long period of invalidism she has enriched her mind and heart with books from the Durham Public Library, that cannot help but yield or wield an impression on all who read such. That these books have not the publicity they deserve is quite evident from the little demand for them and it is in the effort to make a wider acquaintance with what is good in "worth while books" that the synopsis of several are being written for the readers of the "Review." The long winter evenings are approaching and what can one do better than to make use of a civic institution to good advantage as Miss McGirr has done in her short talks. If they open a desire for the reading of these discussed books each week the object of these articles will have been accomplished.

Kenmore Girls on Nov. 25

Second of the Lyceum Series under the auspices of the Ladies' Aid of the Methodist Church.

There is no "sameness" to the Kenmore Girls' program. For several years these young ladies have experimented with different kinds of entertainment features; studying the reaction from their audiences. In the program which they will present here on Nov. 25th, they believe there is enough diversity to satisfy every man, woman and child in the audience. Readings, songs, instrumental solos, comedy sketches, costume specialties in all ten distinct types. It would be hard to say which of the girls brings the greatest joy to the audience, as each is a real artist, and constitutes an equal share to the success of their entertainment.

They are three clever, charming girls, whose chief ambition it is to "scatter a little sunshine", and make you forget your troubles for an hour and a half. Plan of hall at the Variety Store. Tickets for the two remaining concerts 50c, single ticket 50c. Those holding season tickets will please bring them to the Variety Store to get their seats reserved for this concert.
