Any young man knows it is more satisfactory to get a smile from the girl than to get the laugh.
It is estimated that the average cost of gifts to father is \$2.18.
Perhaps the best way to make people stop at railway crossings is to put up hot dog stands.

THEIR NAME GOES

HYMENEAL
MATHER - BREUTIGAN
A quiet but pretty wedding was solemnized at the home of the bride's parents in Ontario, on New Year's Day, when Beatrice Lillian, the eldest daughter of Mr and Mrs Ferdinand Breutigam, was united in marriage to William Hunter Mather, son of Mr and Mrs James Mather, also of Bentinck.
The bride was attractively gowned in a dress of white silk crepe, with silver banding and carried a bouquet of sunset roses and wore a rope of pearls, the gift of the groom.
Rev. D. J. Lane, Hanover, performed the ceremony, Mrs Lane singing a solo during the signing of the register. Only the immediate relatives were present.
The Review wishes to extend its quota of good wishes to the happy couple.

CARD OF THANKS
To my many faithful friends in Bentinck;
I tender my hearty thanks for past favors, and may it be our privilege to enjoy health, happiness and increased prosperity for 1925.

HOW CHURCH UNION WORKS
Much has been written about the 'awful' things that are to follow Church Union. Your readers may be interested to know how Union is working out in Cobalt. I most gladly give you my impressions of the results so far as we see them here.
The Union here was brought about after two tries and the atmosphere to some seemed anything but favorable, but happily their fears have not been realized and it would be hard indeed to find anyone in this town of five thousand who would go back to the old days. I would go further and say that I do not believe that you could find any official of either church who held office before the Union and are here to-day who would think of going back to the old days.
The church is full to capacity, the combined young peoples' work is a joy to watch, having a combined membership greater than the total of the two groups before the Union. Women's organizations were never more active and harmonious, while the combined musical resources are much greater.
Instead of two churches struggling to pay a minimum salary by Ladies' Aids, etc., the United Church pays a salary of \$2250, plus a bonus of \$250, free furnished house, telephone, light and water, and a month's holiday each year. The weekly collections finance this, leaving the Ladies Aid free to do the more important social work and sick visiting and looking up newcomers.
After four years of experience of another Union charge, and with the conditions evident in this charge, I have not the slightest hesitation in saying that the fears of those who tremble at the thoughts of a change are utterly groundless. I have not to her - the first even - small hint or whisper of dissatisfaction on the part of any because of Union. And further, some who stayed out for a year, are to-day enjoying the United Church as much as they did their former place of worship.
The disposition of church property has not provided any trouble. The one house not in use, which happens to be the Methodist Parsonage, provides a nice monthly revenue.
If those who hesitate could see the way Union really works, I know they would be happy. I write only for the benefit of those who are really desirous of seeing the Kingdom come on this Earth. All that is needed is the spirit of Christ, and some honest horse-sense and it will work, and work splendidly.
