You can get your share

One Canadian Dept. Store receives an average of 19000 telephone orders in one day—many of them by Long Distance. There are smaller stores in smaller towns that receive as large a percentage of orders by telephone. No matter how small your establishment may be, you can get your share of telephone trade—if you organize to handle it and make a determined effort to get it.

The best of health at present

The Ladies' Mission Circle of Glenelg Centre Baptist Church held their monthly meeting at the home of Miss Winnie Binlin on Tuesday last.

Mr. Silas Edwards of Grand Valley visited friends at Bunnissan. Mr. and Mrs. D. J. McArthur and daughter, Miss Annabel spent an enjoyable evening recently at Mr. Jas. Brown's.

Fine Address at Live Stock Shippers Annual Meeting

The fifth annual meeting of Durham Livestock Shipping Association, was held in Durham Public Library, on Jan. 16th. After the minutes of last meeting had been read by the Secretary, and disposed of by the meeting, the President called upon Mr. Chas. McCurdy, head salesman for the U. F. O. Commission House, Toronto Stock Yards.

He advocated de-horning cattle and noticed a great improvement in the number of de-horned cattle which was compulsory for the export trade, which had bright prospects owing to the great number of herds in England being slaughtered. This is due to the foot and mouth disease and also the exchange was improving, Canada also had the advantage of other countries in England as their cattle could be sold to any place, while other cattle had to be slaughtered at port of landing.

BUNNissan

Miss Elzbe Beaton of Buffalo, but who has been nursing her father, Mr. John Beaton, of Priceville, visited with her sister, Mrs. Angus McArthur. Mr. Beaton is not recovering from his serious illness as quickly as his many friends would like to see him.

Miss Ada Browne returned to Toronto Saturday last where she hopes to secure a position again with the T. Eaton Co.

Misses Hazel and Mary Beaton, spent over the week end with their aunt, Mrs. Jno. Greenwood. Misses Margaret Acheson and Ethel Anderson and Messrs Clifford Buschlen and Bryce Morlock and Howard Ritchie, spent Thursday evening at the home of Mr. Jas. Browne.

ZION

Mrs. Love of Zealandia was a visitor last week at her uncle's, Mr. W. J. Cook and other friends around Zion. Glad to report Miss Mayme Haley is improving in health. Mr. Ray McClocklin has returned home after spending a month with Mr. Will Campbell, Welbeck. The regular monthly meeting of the Women's Institute met Thursday afternoon last at the home of Mrs. W. J. Greenwood when Mr. W. J. Cook gave a good paper on "Good Firm in Public Places."

Mr. and Mrs. Jno. Hudson of Bentinck, were visitors at the Peart home Friday last. Mr. Hudson returned Saturday but Mrs. Hudson is remaining over for some time. Last Friday evening Mrs. John O. Greenwood entertained the young people of Zion to a social time, every one enjoying themselves. Mr. Ed. Cook of Palmerston spent the week end at his parental home.

No. 7, Normanby, Won First League Debate

By a judges vote of two to one, No. 7, Normanby debating team defeated Rocky Sangeau's team last Friday night at Rocky School, in the open league debate. The subject was "Resolved that a farmer is better qualified as a legislator than a lawyer."

White opinion may be divided as to the best points developed, there is no doubt that the Rocky produced the best public speakers. Harold McKechnie in particular being a well-reasoned and forcefully delivered orator. He showed that legislators must be fair minded and of sound judgment, well posted on the needs of the masses of the people, and contented the farmer to be better fitted than the lawyer.

Miss Firth stated there were 500 farmers to every lawyer, and the farmer thus represented more of the people. He gained valuable experience as trustee, councillor or reeve, and was more likely to legislate in the people's interests. Miss Hughes claimed the farmer knew little of legislation, and was not in contact with the law, while the lawyer was trained in these lines.

Wm. Ford quoted ex-Premier Drury frequently to prove the supremacy of lawyers as legislators, and held that the lawyer was a better public speaker. Their broad legal training enabled them to rise to highest place as Premier, while farmers could not.

Rev. W. H. Smith who was present as critic, gave the young debaters some timely advice. He expressed his pleasure in hearing the well prepared arguments and suggested the accumulation of points was not the essence of a debate. They should be moulded into a fluent speech, such as to win the interest and sympathy of the audience.

Poultry and Dairy Situation

The surplus of new laid eggs reaching Durham are slowly increasing but with continued cold and stormy weather, the price will hold firm. Quite a number of small pullet eggs are coming in and these have to be bought at a price equal to that being paid for seconds. Montreal today is quoting 42c deliv'd for this class of egg which means with the express deducted a price of about 38 1/2c per doz. The local merchants are paying 50c for firsts and 40c for seconds.

Cremeries have dropped the price of Butter Fat around 30c, owing to the markets showing a decline in the price of Creamery. Finest Pasteurized Creamery Prints sold in Montreal Saturday at a price of 23c while fodder made Creamery sold at from 31 to 32 1/2c. Montreal hogs are quoting a price of 2 1/2 to 2 3/4 cts per lb delivered Montreal for Butcher or a price of 24 at shipping point.

For the first two weeks in January the market for Live Poultry held strong in Buffalo but declined at the end of last week owing to very liberal supplies and a slow demand. There is an embargo from eight States prohibiting the shipping of Live Fowl over their borders owing to the Poultry plague which has been so prevalent in some parts and which has already cost a loss of thousands of valuable birds in these different States of the U. S. A. We notice that even empty poultry crates coming back from Buffalo have to be thoroughly disinfected and washed in the presence of an Inspector before they are allowed to cross the line into Ontario.

Methodist Miss. Society Meets

The Women's Missionary Society of the Methodist church met at the Parsonage, Thursday afternoon, Jan. 15. Owing to the busy days preceding Christmas, the December meeting was not held, and the reports from the mission fields, the continuous story of the Study Book, and other business of that month, were merged in the January meeting.

The devotional part of the service was read responsively, the hymn closing the reading called the "Angels and the Shepherds" being "Vainly we offer each ample oblation Vainly with gifts would His favor secure; Richer by far is the heart's adoration Dearer to God, are the prayers of the poor." The Herald from Japan reported that in Kanazawa, six Christian churches are co-operating in the W. C. T. U. of that city; giving the missionaries an opportunity for personal Christian work among the non-Christian Japanese members.

The Study Book, read by Mrs. Dr. Wolfe, Mrs. Wiggins and Mrs. Gagnon dealt with some of the changes which are taking place in Chinese family relationships, viz. betrothal, the marriage ceremony, footbinding, slavery, burial customs, and ancestor worship. In the light of the New Thought, there have come into prominence many forms of social evil, which have existed for ages in China, such as gambling, grafting, and drinking. There have arisen reformers, non-Christians in their nature, who are grappling courageously against these evils and who are taking a stand in accord with Christian thought, so that, it is possible to trace most of the changes in China's social customs, back to the first Christian pioneers.

Mrs. McClocklin read a letter from the Deaconess in Hamilton, acknowledging the box containing clothing, valued at \$12, which was sent by the Auxiliary to her at Christmas. The January thankoffering amounted to nearly \$12. The meeting closed with singing and the Mizpah benediction, after which a social hour was spent over the tea cups.

MEN'S CLASS

Next Sunday we shall discuss "ORIGINAL SIN" Sin is apparently universal. How are we to account for it? Do we inherit sin. Is there such a thing as racial sin? Can we adequately explain sin by environment, example or education? Is sin only voluntary action? What about disposition and responsibility then?
