

## FEELING TIRED IN SPRINGTIME

Not Sick, But Not Quite Well—  
You Need the Help of Dr.  
Williams' Pink Pills.

With the passing of winter many people feel weak, depressed and easily tired. No particular disease, but the system lacks tone. You find yourself tired, low-spirited, and often unable to get sound sleep at night. All this is the result of in-door confinement of the winter months, and shows that the blood has become thin and watery. New, rich, red blood is what you need to put you right, and there is no other medicine can give you this new blood as surely and as speedily as Dr. Williams' Pink Pills. This new blood gives to every part of the body and quickly improves the general health. Digestion is toned up, you have a better appetite, nerves are strengthened and sleep is sound and refreshing.

The value of Dr. Williams' Pink Pills when the system is run down is shown by the experience of Mr. William Mitchell, R.R. No. 1, Bedford, P.E.I., who says:—"A few months ago I found myself in a badly run down condition. My appetite was poor, I was easily tired and did not sleep well. I tried several so-called tonics, but did not get any relief. Then I decided to give Dr. Williams' Pink Pills a trial and soon found that I had got the right medicine. Gradually my strength came back, the dull, tired feeling disappeared, and after using the pills for about a month, I could eat heartily and was as strong and active as ever I have been. I can most cheerfully recommend Dr. Williams' Pink Pills as an unsurpassed tonic."

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Ignorance.

In the motion picture "Robin Hood," Lady Marian desires to send a message to the Earl of Huntington and chooses Little John to act as her messenger. She presents John with a scroll which is protected by what seems to be a black case or tube.

As he handed it over, a small boy in the audience asked his mother what it was.

"That's a flashlight," she answered in a loud voice.

"Don't show your ignorance, Mary," said her husband. "They didn't have flashlights in those days. That's a thermos bottle."

It's far better to be homesick away from home than to be home sick.

## Seed Potatoes

"OH BOY! WHAT A TRIP!"  
Priscilla Dean, the movie star who was appointed master of Yonge Street Station, for one hour, upon the termination of her "personal" appearance in Toronto, thought after inspecting a Trans-Canada ticket that her education would not be complete until she had used up just such a one. "The Canadian Rockies and Victoria for me," she said.

## HEALTH EDUCATION BY DR. J. J. MIDDLETON Provincial Board of Health, Ontario. Dr. Middleton will be glad to answer questions on Public Health matters through this column. Address him at Spadina House, Spadina Crescent, Toronto.

To thoroughly enjoy good health, we must observe the simple rules of right living. These include the taking of sufficient exercise to keep the body in proper proportions, using plenty of fresh water within and without. But the latter remark I mean that water should be taken at frequent intervals, certainly a glass or two first thing in the morning and between meals throughout the day. It is better not to drink any fluids at mealtime, as the gastric juice is thereby diluted and results in delayed digestion.

For some reason or other, there seems to be a tendency on everybody's part nowadays, to eat too much starch and sugar in the daily diet. Too much starchy food causes fermentation of the stomach and intestines, which often results in constipation and auto-intoxication, the effects of intestinal stasis or inertia. One and all, we should cultivate the practice of eating more fresh fruits and making the leafy vegetables a larger part of our daily dietary. We should refrain from

excesses of all kinds in eating and drinking and chew our food thoroughly at meal times. This relieves the stomach of part of the work of digestion, for properly masticated foods are more easily assimilated by the stomach.

We must also make it a point to get enough sleep and to avoid all unnecessary worry. Too many people live what might be called a dissipated existence, that is they burn the midnight oil, staying up late at nights and through the stress of business rising fairly early in the morning after insufficient rest. This leads to nervousness and irritability which in time may result in indigestion, insomnia and other irritating conditions. One must not forget the dangers to health that result from mischievous gossip, saying or hearing unkind things about people with whom you are acquainted. Sooner or later these unkind and ungenerous thoughts will react on the person harboring them, and bring about an impaired state of health. There is the question, too, of having imaginary enemies, and of believing that certain persons hold a grudge against you and are plotting to do you an injury. These surmises may be merely figments of the imagination and if the truth were known, the people whom you suspected had no unkind thoughts of you at all. Another thing to remember is that frequent bathing of the body is absolutely essential if one is to keep in perfect trim.

In these winter days we have a tendency to spend too much time indoors in a superheated atmosphere. What could be more healthful and invigorating than a brisk walk in the open air. Walking is an exercise that everybody can indulge in, and there is no half enough walking done, even in the country. The automobile is an asset of course, and brings convenience and comfort to every home where it is in use, but when a person develops the habit of riding everywhere, even short distances that could easily be covered on foot, then the automobile is little short of a menace to health. I have heard men who own cars admit that for their health's sake they would be far better off without an automobile.

A powerful aid to the preservation of health is relaxation—of both mind and body. If we have business cares or worries connected with the daily grind, we should as far as possible, put them away when evening comes and enjoy the fellowship of family or friends or recreation or books. The mind needs a rest as well as the body, and this applies to women as well as men. Of course there are instances where it is difficult to get rid of worry and responsibility at special times, but as a rule, one can, by systematizing his or her work, find time for relaxation.

Above all, we need, once a year at least, a complete change from our normal surroundings, and this is especially beneficial if those who live strenuous lives, go to the woods or a quiet summer resort where they can live close to nature and get a chance, as it were, to find themselves and take stock of their mental, moral and physical progress.

Moreover, we should always try to cultivate a cheerful spirit, and to meet adversity with calmness and fortitude, accepting with good grace what the gods have in store for us, always trying to play the part of real men and women who know how to play the game of life to the best advantage.

Minard's Liniment for Colds.

## With The BOY SCOUTS

Scouts Dine Township Council.  
The members of the Etobicoke Township Council, headed by Reeve T. A. C. Tier of Islington, were the guests of the Parklands (Long Branch) Troop of Boy Scouts on Saturday evening, March 9th. The Council has been very helpful to the Boy Scouts during the past year and the boys took their appreciation. During the evening Scoutmaster W. P. Pollard of the Troop received a beautiful Union Jack, which was presented to the Troop by Mr. G. Loty and his family.

Not the Same.  
First-class Scout—"Say, didn't I meet you in Ottawa about three months ago?"  
Innocent Tenderfoot—"No, I never was in Ottawa in my life."  
First-class Scout—"That's funny, neither was I. It must have been two other fellows."

Get Portrait of Chief Scout.  
Last year, on February 22nd, the Chief Scout's birthday, the 1st Galt Troop received a personally signed portrait of the Chief for the best report published in "The Scout," London, England, Feb. 7, 1924. Two weeks ago the troop again received another portrait for the best report published in "The Scout," on Feb. 7, 1925. Rather a coincidence, eh?

How?  
Patrol Leader—"If you want a thing done well, do it yourself."  
Smart Tenderfoot—"How about a hair cut?"

Veteran Boys' Man Honored.  
Mr. C. J. Atkinson, Executive Secretary of the Boys' Club Federation of America, and for many years Director of the Boys' Dominion in Toronto and of other boys' work activities in different parts of Canada, was signally honored on the occasion of the close of his fiftieth year in boys' work. At a banquet held in New York City and attended by representatives of the Boy Scouts, Y.M.C.A., Big Brothers, Boys' Clubs and other boys' work organizations, Mr. Atkinson was granted one year's leave of absence and a purse of gold to pay all expenses of a trip around the world.

A Wish.  
Smart Man—"Say, Sonny, what would you wish if you had just one wish?"  
Bright Tenderfoot—"I'd wish a wish that every time I wished a wish, I could have the wish I wished."

One Scout's Honor.  
Here is an actual happening illustrating the extent to which a Scout lived up to his pledge of honor. A lad in Saskatchewan appeared in court, called to give evidence against his own father in a land deal. The father claimed he did not understand the English language. The son, who was a Boy Scout, swore that his father had understood every word of the deal, because he, himself, had explained it to him.

When the boy quit the witness box, some persons said to him, "Your father will thrash you for doing that. Why did you do it?"  
"What else could I do and keep my honor?" was his simple rejoinder.  
But Father Didn't See It That Way.  
Johnnie—"Dad, can you sign your name with your eyes shut?"  
Father—"Certainly, my son."  
Johnnie—"Well, then, please shut your eyes and sign my school report card."

Presentation to Scoutmaster.  
On his removal from Cobourg to Toronto the Rev. Canon F. J. Sawers necessarily had to relinquish the Scoutmastership of the fine 1st Cobourg Troop of Boy Scouts which has been the pride of that town for several years. In appreciation of his splendid services to the Troop, the boys presented Mr. Sawers with a gold Ever-sharp pencil on the eve of his departure for the Queen City. The new Scoutmaster is Mr. Bradley, Superintendent of the Anglican St. John's School. Wilfrid Davenport continues to act as Assistant Scoutmaster.

As Spring Draws Near.  
The snow is pricked by lean brown stalks,  
And in its misting white  
Are sunken models of the leaves  
That made last autumn bright.  
The meadow pools with crystal plants  
Are strangely etched across;  
Red rose hips gleam against old stumps  
Scarfed with a wet green moss.  
The willow stems and alder stems  
Shine out in vivid hues,  
Carnelian, saffron, fashioning  
Enchanted avenues.  
Down which shall run a gypsy band  
In twinkling blossom shoon,  
While every bush flings banners forth,  
And birds pipe up the tune.  
—Katharine Lee Bates.

A silver nugget, the largest ever mined in British Columbia, weighs 36 ounces.

Last Will and Testament.  
These things I got by the sweat of my brow:  
A fallow field and an ancient plow.  
And these I bought with the songs I have sung:  
The wind and the spray the salt sea flung.  
And these are the things that I got from Love:  
One tall pine tree and a star above.  
I, being in my right mind now,  
Bequeath to my son my land and plow,  
And I'll leave him also the wind and the sea,  
And I'll even leave him my tall pine tree,  
But I'll keep that star so my soul can wear  
One golden trinket in her hair.  
—Bonnie Jones MacClelland.

MOTHERS PRAISE  
BABY'S OWN TABLETS

Mrs. L. M. Brown, Walton, N.S., says:—"I cannot recommend Baby's Own Tablets too highly. I have found them invaluable for the ailments of little ones." Mrs. Brown's testimony is the same as that of thousands of other mothers who have used the Tablets. To use them once is a sure guarantee that they will always be kept in the home as long as there are babies or young children to be cared for. The Tablets are a laxative—mild but thorough in action—never fail to regulate the stomach and bowels; relieve constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. In fact they banish all the minor ills from which little ones suffer. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

In Turkish Prison.  
A British officer who was captured by the Turks in the Great War gives some amusing extracts from the prison commandant's daily bulletins to the prisoners. Here is one: "Everybody is obliged neither to cook food nor to have any sort of fire in the rooms where they live and lie, as a very slight carelessness as regards fire, cleanliness and neatness may be the cause of great dangers. It is rather good to consider the heaviness of the legal penalty that may impend for a damage caused by a lack of precaution and care. If a fire starts, it goes. Therefore, don't smoke in bedrooms for goodness' sake."

## "DIAMOND DYE" IT A BEAUTIFUL COLOR

Perfect home dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. ## A tea your grocer recommends is usually good tea

# RED ROSE TEA "is good tea"

And most grocers recommend it.

Mothers' Allowances.  
Now that the Mothers' Allowances Act is so well established and accomplishing such good work, it is interesting to recall that for nearly twenty years Mr. Keelo advocated this as a necessary feature of efficient child-welfare work. In his fourth annual report to the Ontario Legislature, published in February, 1897, he reported as follows:  
There are poor but respectable mothers who require temporary help, but this should be given to them in their own homes, either by the municipality or church organizations, so that the home may not be broken up. It is no real charity or help to a poor mother to close up her home and send her children, one to this institution and one to that, thus, robbing both of the ties and influences that are, after all, the only things worth living for.  
The principle here laid down is sound, and it is gratifying to know it has worked out so well.—Globe, March 19.

## ONTARIO WOMAN REGAINS HEALTH

Wants Other Women to Know  
About Lydia E. Pinkham's  
Vegetable Compound

Mount Forest, Ont.—"Before I took Lydia E. Pinkham's Vegetable Compound I felt weak and miserable, and had pains all through me. I was living in Alisa Craig at the time and one day a friend came in and told me her experience of using the Vegetable Compound and advised me to take a bottle, which I finally did. I began to get stronger and those pains left me. I am glad I found out about this medicine as I think there is none equal to it for women who have troubles of this kind. I cannot praise the Vegetable Compound too highly for the good it has done me. Whenever I know of a woman suffering I am glad to tell her of it."—Mrs. W. R. RUSSELL, R. R. No. 1, Mount Forest, Ontario.  
Women throughout the Dominion are finding health in Lydia E. Pinkham's Vegetable Compound.  
No harmful drugs are used in its preparation—just roots and herbs—and it can be taken in safety even by a nursing mother. For sale by all druggists.
