Council Will Find Cost of New Town Hall

The old Town Hall was again the main subject of discussion at Monday night's session of the Town Council, all being present but Coun. Bell and Noble.

Tenders had been advertised separately for installing a new heating system and for redecorating the building. When announced by Chairman McDonald of the Property Com.

the lowest received was \$397 and up to \$575 for installing a new furnace, and for redecoration, the lowest tender was \$451, with others up to \$500.

Reeve Calder stated that the Council could count on expending \$1000 if renovation was decided upon, and then we had only an old hall, with no improvement in exterior appearance.

It was 50 years old or over now and had outlived its usefulness, besides being too small for many functions. A new one suitable for the town, with capacity for 450 to 500 people, could be erected for \$20,000 and he believed the Council and other bodies should save and plan, with a view to erecting a new hall in two or three years, rather than repair the present one.

If a new hall was definitely in view, he felt assured the I.O.D.E. alone would raise \$1000 or likely \$2000 in a couple of years, to assist in financing it.

Coun. Hunter said the Reeve was entirely too low in his figures. \$40,000 would be the cost of a new hall; and the town was not ready to undertake this now, with high tax rate and debentures to be met. He advocated redecoration and installing new heating system at cost of \$900 to \$1000 now, then in five or six years, we would be in better position to erect a new hall, and have saved considerable money as well, in interest charges.

Coun. Croft thought the I.O.D.E. would raise quite a bit if a new hall in 5 years was assured. He and Coun. McFadden both desired getting prices on a new building. The latter thought \$20,000 would cover it. The Mayor thought it poor policy to expend \$1000 on present hall when it required outside painting as well.

The decision culminated in a motion by Calder-Croft, that the Property Com. secure plans and specifications at as little expense as possible for a new Town Hall, costing about \$20,000. Carried.

Calder-Croft: That the Auditors' Report be accepted and 50 copies of Abstract Statement printed. Car.

The Reeve brought up the question of tax arrears. Mr. Thos Daniel was appointed collector, to commence work April 18th, on and after which date 3 per cent additional on all arrears will be added.

The Bell Telephone Co. presented a request to place poles north side of George St., which was granted.

A petition signed by seven local teamsters, asked for teamster's licenses. The Finance Report with accounts totalling \$383.51 was passed.

W. Lake asked permission to cut the brush at south end of Bruce St. near the river, which was granted.

An important announcement was made by the Reeve, that the Gov't would assume the expense of paving the central 20 feet on Lambton St., the connecting County road link. The town could macadam or otherwise improve it at sides. He was not certain about Garafraxa St. but understood the Gov't would pay 80 per cent of cost of paving central 20 ft. If this could be accomplished, it would greatly obviate the dust nuisance.

Reeve Calder also stated he had a \$750 check on hand from Co. and spent on connecting link east and west.

No action was taken as yet as to laying dust on streets. Reeve Calder did not favor oiling again as roadbed was not of equal firmness and holes resulted. Coun. Hunter claimed a mistake was made last year in putting the oil too cold and not thinning enough.

A request for guarantee of bonds by the Town, was submitted by Mr. John McGowan, he wishing to borrow funds to better equip and get clear title to his grist mill. It elicited considerable discussion at the Council table and was held over until next Monday night, when a special meeting will be held to deal with the question.

Death of Mrs. H. McCaslin

At her home on Garafraxa St. south, Durham, on Wednesday morning, the last call came to Mrs. Henry McCaslin, in the 57th year of her age.

For some years past she has suffered from asthma and heart trouble and the last six months has almost entirely been bedfast, her daughter, Mrs. Seth Trafford tenderly caring for her.

The deceased was Miss Mary Ann Mighton, daughter of the late Jos and Isabelle Mighton, and was born on the Robt. Webber farm, south of Hutton Hill, Bentinck. 36 years ago last New Years, she wedded Mr McCaslin and they resided at Allan Park

where he was employed in Brigham's mill. They later took up farming on the Richmond farm, north of Livingstone's Corners, and 20 years ago, removed to the Dargavel farm north of Hutton Hill. Over five years ago they retired from the farm and purchased a home in Durham.

Besides the sorrowing husband, two sons and two daughters survive: Oliver, in Plattsville, Ont.; Joseph, in Durham; Mrs Thos Hopkins (Clara) in Bentinck; and Mrs. Seth Trafford (Gertrude) at home. Seven grandchildren also survive.

Her sisters and brothers living are: Mrs David Donnelly and Mrs Gustave Witter, Bentinck; Mrs Robt. Bell, Gleneg, and Wm Mighton of Brandington, Ont.; and Mr J. W. Johnston, of Sask. who has been here all winter and three half sisters, Mrs Chas Hatchell and Mrs O. Taylor, Chesley and Mrs Milton Hatchell, Cargill.

Deceased was well known throughout Bentinck and held in the highest esteem by all. She was beloved in her own home circle where her loss will most keenly be felt. She was a faithful member in health of Durham Methodist church and her pastor, Rev. J. E. Peters will conduct the funeral service at the home Friday, at 2 p.m., interment taking place in Durham cemetery.

Colonel Fred Hunter of Calcutta, India, was to arrive Wednesday in Toronto on a visit to his mother, Mrs. I. Hunter, Spadina Gardens.

Mrs Robt. Hewitt, who has been assisting in waiting on her mother, Mrs. L. Elvidge, returned to the city Monday. Mrs. Kaiser, St Thomas, is now up helping in the sick room.

Mrs C. Ramage spent from Saturday to Monday with her brother, Mr. D. P. Coleridge, Holstein, who is under the doctor's care threatened with pneumonia. To add to the gravity of the situation, Mrs Coleridge before he was taken ill, had just left to visit her sister in Michigan who was reported critically ill. We hope both sufferers will weather through.

Mr Martin Coffield of Detroit, arrived in town on Saturday last on a visit to relatives and old friends in Durham and Gleneg after an absence of eight years.

Miss Marguerite Hutton of Toronto is visiting former friends in town.

Miss Lizzie Byers of Parry Sound, visited with her cousin Miss Thomasena Byers, Normanby, last week with this week with Walkerton and Eden Grove relatives.

Street oiling or watering was also freely discussed. Reeve Calder contended the oil was a failure, and should not be used, but others contended it was spread on an uncrorable time and over too much road surface. Finally O. S. Hunter moved a resolution that the question of oiling be referred to the committee of the Merchants' Association have it in charge.

T. M. McFadden, J. H. Harding and John McKechnie, Jr. were appointed a Com. to gather subscriptions for erecting the new bandstand.

At previous gathering held last Friday evening, officers of the Durham Association were elected as follows:

President, D. C. Town
Sec'y Treas., A. G. McComb
Committee: T. M. McFadden, S. McBeth, H. Cross and F. Irwin.

Mr Beal, organizer for the Retail Merchants' Association of Ontario, was present and gave an informative address, mainly on the transient traders and pedlars' by law. Legislation is now being enacted by the Gov't, he stated, which will prevent pedlars from selling from samples around town, and delivering the articles either five minutes or a week or two after, without paying the required license fee. The Gov't will fix a standard fee, which will protect the local merchant. Mr Beal also referred to the headhades, names of which are sent in by individual merchants to the Association and then each merchant is supplied with a black list of all in his locality. If a debtor disputes an account, his name is not listed.

On Bail until Trial Saturday

An interesting case will be heard at the Police Court Saturday morning next in which a young lady who resides in Durham is involved. It appears that for some time past a number of the residents of Durham have been receiving through the mails post cards containing pictures which are alleged to be of an obscene character. The authorities were at a loss to trace their origin, but finally suspicion was directed toward the young woman in question and it is alleged that a trap was set for her, five post cards being placed where they could be obtained by her, and a few days later one of these cards came through the mails.

As a result of further investigations, Provincial Constable Jones went to Durham Friday last and placed the young woman under arrest. She was brought before the Magistrate there and without pleading two sureties of \$1,000 each. It is understood the accused denies that she is guilty of the offense charged against her.
