"The Profits Did It"

You, too, will be able to say this when you find that your Great-West Life Policy which called for premiums payable till death actually requires only 20 premiums to make the policy paid-up, as a result of accumulating the splendid profits earned by the Great-West Life.

Holder of P24521-an ordinary Life Policy for \$5000, issued in 1905—drew his dividends in cash every five years.

Had he left these with the company to accumulate at 6% interest, they would have amounted to \$1708.15 in 1925more than sufficient to prepay all future premiums.

*	1910 1915 1920 1925	Profits Paid in Cash \$ 161.95 292.85 279.50 421.50	lated at 6% \$ 388.19 524.49 373.97 421.50
	Amou	Total \$1155.80 at required to prepay future	1708.15
	1	remiums	1370.00
		Balance to Insured	338.15

Had this policyholder chosen the Automatic Paid-up Option: (1) His \$5000 Policy would now be fully paid up.
(2) Besides which he would receive a Cash Payment of \$338.15.

(3) Although no future premiums need be paid, the policy would continue to participate in profits.
