It is time Canadians were given a chance at the polls, to say what they want about the Senate. The one thing is clear that the hour has struck when Canadians should ask themselves whether they are getting the worth of their money out of this archaic survival.—Owen Sound Sun Times.

### BALLOTS FOR THE SENATE

Premier King is promising if returned to power, to introduce legislation looking to a reform of the Senate. His plan is to make it elective and other plans aim at its abolition in toto.

The Senate cannot be extinguished by the Commons alone. It must itself vote to be extinguished and even such a united vote must appeal to the Privy Council for a necessary change in the British North America Act, to have the change made legal.

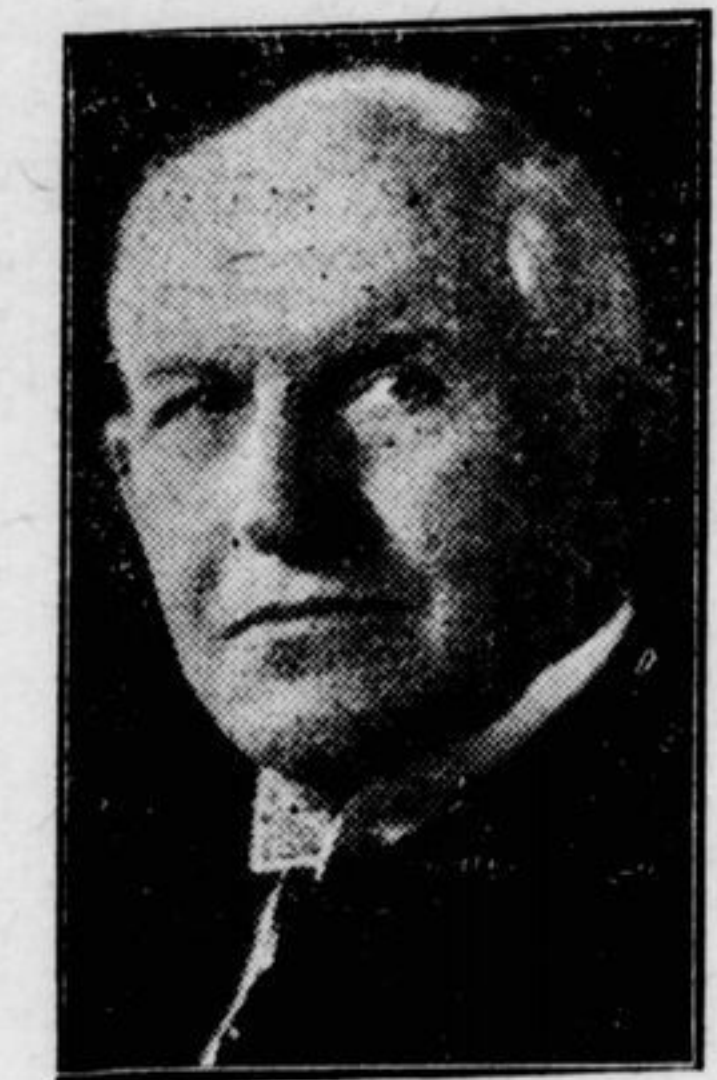

Why not at the coming election ask the opinion of the people? A ballot could be prepared asking four questions, say:

1. Are you in favor of continuing the Senate as it is?
2. Are you in favor of abolishing it entirely?
3. Are you in favor of making it elective?
4. Are you in favor of the will of the Commons prevailing when passed a third time by that body? (As in the British House of Lords.)

Such a ballot would supply information of popular desires of the greatest assistance to any Government taking steps to improve the second chamber or to abolish it. It should be done now for in a few years' deaths will destroy the Tory majority and the Grits may then be tempted to let it alone. Let us have the ballot now.

PREMIER MCKENZIE KING  
Liberal Leader, who is appealing to the people on Oct. 29th.

HON. CHARLES MURPHY  
Who has been called to the Senate but continues as Postmaster General

HON. J. A. ROBB

HON. G. N. GORDON  
Whose appointment to the ministry of Immigration and Colonization was announced by Premier King.

HON. GEO. P. GRAHAM

## ONTARIO'S NARROW ESCAPE

(Financial Post)

Whoever motors along Ontario's highways, near the larger centres of population, see much evidence to confirm the good judgment of ex-Premier E. C. Drury in calling a halt to the radial railway construction program promulgated a few years ago. Motor trucks carry heavy loads of freight from city to city; bus lines handle pedestrian traffic; and interurban electric lines find traffic hard to get. Grass grows through the steel of the Toronto Eastern line; the Dominion Power and Transmission Co. is tearing up tracks from Burlington to Oakville; the city of Toronto is likely to abandon a line from Newmarket to Schomberg. Under present circumstances radial railways are misfits. Yet Ontario came closer to spending \$100,000,000 on electric lines than any province ever came to anything without actually carrying out the work. Drury's independent commission that recommended against the construction has been roundly condemned on right hand and left, but the few thousand dollars it cost were well spent.

Just about it! A flapper is a girl who powders her face, bobs her hair and says, "Clothes, I'm going out; if you want to come along hang on."

## Splendid Missionary Meeting of Queen St. Church

The monthly meeting of the W. M. S. of the Queen St. United Church, was held at the home of Mrs W. A. McGowan on Thursday last. The devotional exercises were led by Mrs. McGowan, who also conducted the first part of the program. The scripture reading consisted of passages taken from Ps. 103, 2 Thess. 2: 16-17; John 4: Eph. 6, and several others, showing the importance of individual prayer.

It is only through Prayer that we become acquainted with God, through prayer we learn to love, trust, honor and obey Him. You must not only look into His face, but you must look into His eyes, and that, you can only do from your knees. The only sinless life this world ever saw, was the most prayerful life; and if Jesus had reason to pray, how much more had we.

Prayer was offered by Mrs. McCrae. Then Mrs McGowan opened up for consideration the subject of "The Stewardship of Life."

Human personality which includes the whole man is the most precious thing in the universe. On nothing has God put so high a value. For nothing has God paid so high a price. No woman should chafe at that which the Lord our God values so highly.

Life should not be divided into religious and secular. It is all sacred. No woman's life need be a failure. Slackers and do-nothings in the church are utterly without excuse, and will be dumb with shame when they stand before their Lord at last. No Christian should engage in any business or profession in which he could not be in partnership with God.

Open doors on every hand call for a doubling of our efforts and a speeding up of our activities.

News from the Western home fields and foreign fields was read by Mrs Kuechtel, Mrs Wiggins, Mrs McCrae, Mrs Moon, Mrs Gagnon and Mrs Glass — all encouraging and

## HAMPDEN

This community was well represented at the Hanover Fair last Thursday and Friday. Some took in both days and came to the conclusion that the last day was the best Fair day as there were no accidents, and everything passed off pleasantly even to the weather.

The school fair on Monday at Aytton was another big outing for this locality, as the parents as well as the children must see what's doing. No. 8, Normanby, didn't take an active part in the marching, drill song and yell, therefore won no prize. But surely next Fair Day will see them at their usual performance, as the teacher will have had an insight to such things and be prepared. If not No. 8, maybe another school may be benefited. Some of the children took prizes in other things, showing that they are still interested.

Mrs B. Duffield of Toronto, is this week visiting with Mrs Andrew Fulton.

Silo filling has started and the threshing, so we are now in the midst of the busiest season.

Mr and Mrs John Fry and son of Elmira, Mr Fred Floto of the same place, also Mrs D. Schenk of Aytton, visited their uncle and aunt, Mr and Mrs Noah Metzger, recently.

Little Jean Henderson who has been quite ill the past week is on the mend.

Durham Fall Fair is coming off this week end. May they be blessed with pleasant weather. Next comes Holstein and Aytton.

## ROCKY SAUGEN

Teacher and pupils are busy preparing for the School Fall to be held at Edge Hill next Monday.

Mr Campbell McLean left Monday to attend Stratford Normal School.

Mr and Mrs Wm. Lawrence, Durham, spent an afternoon recently with Mr and Mrs Walter Clark.

The few dry days we have had, gave everyone a chance to finish harvesting.

Miss Esther McLean, Dromore, spent the week end at her home here.

Mr and Mrs Neil Sinclair of the Soo, are visiting her sister, Mrs Duncan McQuarrie and are calling on old friends in this neighborhood.

All are hoping for a bright day on Friday for Durham Fair.
