**Auto Goes up in Flames.**  
Mr Ernest McGirr, B.A. of Galt Collegiate, in company with a fellow-teacher, Mr. B. Tancock, were motoring to Orangeville one week end recently in the latter's car. Their intentions were good to arrive there, but those of the car not so good, for en route at Preston, the car developed symptoms of some trouble, and just as they drove into a garage, the car burst into flames. They quickly jumped and by means of water, had the blaze out ere it reached the gas reservoir. They returned to Galt minus an auto.

**Stricken Away from Home**  
Mr. Robert Torry got the sad news last week that his little grandson, Kenneth Herz, had died in Kitchener from summer complaint. The child was nine months old, his mother was Reta, second daughter of Mr Torry, and is resident at Kitchener. Mr. Fred Torry, Toronto, has been in Egremont for a week past visiting his wife's relatives in Egremont, and so with his father, motored to Kitchener to the sad home and we are informed that while there, he suffered a nervous breakdown, rendering him helpless for the time being. We trust this is only temporary, but it bears out the old saying "misfortune never comes singly."

**Teachers Meet in Dundalk.**  
The Annual Convention of the South Grey Teachers' Institute will be held in Dundalk High School on Thursday and Friday, October 15th and 16th, 1925. Dr. Radcliffe of Toronto Normal School will be present and will deliver two educational addresses. Durham and vicinity is well represented on the program, those taking part being Miss Jessie Whitton on "Gifts in the Kindergarten Primary"; Miss Pearl Wilson on "Literature from the new Readers"; Mr John A. Graham on "The Teacher in the School"; Miss Kathleen Firth on "Pauline Johnston and her poems"; Misses Armetta McKeechie and Esther McLean on "See Canada First Trip"; Miss Marietta Park on "Qualifications Necessary for a Successful Teacher."

**Canadian Greys' Again Active**  
After a long summer's holiday, Canadian Greys, I.O.D.E. settled down to work on Tuesday night, and much business was transacted. A full report of the National I.O.D.E. Convention at Ottawa in June last, was prepared by Mrs. Knechtel of Hanover, who went as delegate from that town. This report was read by Miss Julia Weir, B.A. As a section of the I.O.D.E. Educational propaganda, Chapters have the option of furnishing Northern Ontario schools with Canadian flags, should they so need and desire one. The local Chapter here got in touch with Mr Oscar Bell, son of Mrs John Bell, Glenelg, and who is teaching at Northpine, Kenora District. He states the flag pole is there but no flag, accordingly a flag for his pole is being forwarded to his school. Also \$25 was voted to further the War Memorial scheme of the National Chapter, which yet is about \$100,000 short of the \$500,000 objective. The local Chapter will again sell poppies for Armistice week. This little emblem has become a silent symbol of sacrifice and valor and simply speaks for itself.

A serious operation took place on Friday morning last at Durham Hospital, upon the eight-year-old daughter of Mr. and Mrs. John Leith, Holstein, for appendicitis. At time of writing, the young patient is progressing favorably. Dr. D. B. Jamieson was assisted in the operation by Dr. Taylor of Holstein.

**On Official Visit to Palmerston**  
Mr. S. D. Croft in his official capacity of District Superintendent of Wellington District, paid a visit to Palmerston on the occasion of the 50th anniversary of the inception of their lodge Monday night. Other brethren who accompanied him were Messrs E. D. McClocklin, W. H. Whitechurch, R. H. Richardson, E. A. Hay, J. F. Grant, T. M. McFadden, D. C. Town C. H. Darling.

**Layman in Trinity Pulpit.**  
On Sunday morning next, Mr. W. H. Smith of Owen Sound, will speak in Trinity Church, Durham, on Laymen's work in the church. This is in connection with an arrangement made by the Deanery Chairman, C. W. Hartman of Clarksburg, that a layman should address each congregation in Grey Deanery on the subject of laymen's work in general, and the work of the National Laymen's movement throughout the Dominion in particular.

**From Hospital to Trinidad**  
An interesting patient in Durham Red Cross Hospital last week was Mrs. Arthur Des Isles, who with her husband, sailed this week for Trinidad. Mr. Des Isles for some time employed with Dr. D. Jamieson, but for the past year has been engaged with Mr. Lucas at Markdale. Both Mr. and Mrs. Des Isles are natives of this southern Island and have the olive skinned complexion peculiar to that warm clime, and while their accent is also foreign, can understand and converse in the Anglo Saxon. We hope they may have a pleasant voyage to the land of their birth.

**Off to Florida**  
The trend southward has already commenced. On Monday last Mr Guy Kearney, in company with his brother-in-law, Mr Arthur Horton of Owen Sound, left for Miami, Florida, where they anticipate remaining for some months. It is their intention to enter at once into the real estate business in that thriving southern city, where, as everyone is aware, at present, a wonderful real estate and building boom is on. They made preparations ahead and when arriving at Miami, will be able to step right in to their own office and ready to do business.

**Council Have Quiet Session**  
There was but little business transacted at Monday's Town Council session. All members except Couns. Croft and Bell were present.

On motion of Calder-McFadden, \$25 was paid to the A. W. Connor Co. for new Town Hall plans. \$50 had previously been paid to another company, and Councillor Hunter scored the Council for this needless expenditure, when our tax rate was already high, and stated the ratepayers would not think of sanctioning a new Town Hall at present.

An account of Thos. Daniel for collection of tax arrears, dog and poll taxes, elicited considerable discussion, but it was finally settled by passing the account for \$34.80 in full payment.

Reeve Calder brought up the request of Judge Sutherland that a witness box be built for Division Court, also a partition made to provide a small room in the lower hall for the Judge to don his robes. As the townships of Bentinck, Glenelg, Normanby and Egremont as well as Durham, benefit from this Division Court, the Reeve pointed out, and Durham bears \$50 annual expenses, besides providing building and heating, he thought the township councils should share this expense. The Council took a similar view and the matter was left over till next meeting before which the townships would be consulted.

The road program was also under discussion. Chairman McFadden stated Garafraza Street was getting rough again, though dragging had improved it, but advocated a thin coat of fine crushed stone laid now, which with dragging would keep a splendid highway until the middle of next summer at least. The Durham Road, east of Hospital, was also reported in poor shape and arrangements will be made with Glenelg Council to have this put in better condition for traffic.

## Baptist Anniversary Services

Chancellor Whidden of McMaster University, special speaker on this occasion.

Notable Anniversary Services were held in the Baptist Church on Sunday last, the chief attraction being the presence as preacher of Rev. W. H. Whidden, D.D., L.L.D., Chancellor of McMaster University. The choir also was very efficient with new music and the services were of an uplifting character.

At morning service Mr Whidden opened with appreciation at being present. Glad to be there also where memories were vivid of the pioneer pastor, Rev. Father Stewart. He recalled some of his early labors, walking miles to services where there was none else to minister, in not a few places, laying the foundations and doing it well.

He had a few words of McMaster University, whose progress was shown by this year carrying the largest enrolment they ever had: its leaders still endeavoring to keep their much loved University true to their church.

His text was taken from 2nd Cor. 4:13. "We having the same spirit of faith" as the Psalmist who said "I believed therefore have I spoken; we also believe and therefore speak." While commending the faith of the great Apostle of the Gentiles, he pointed out that an age of faith was the only fruitful age. Even commercial depression was due to lack of confidence. The world, he said, was waiting for a larger faith, which being secured would lead to action and progress. The lesson teaches the need of faith: we must have our own belief, not merely the faith of our fathers, more of a passion and less of merely conventional belief.

"God forbid we should have another war" he said, but equally passionately he continued "God forbid that in times of peace we should sink back into indifference." To prevent this he believed in the old-fashioned gospel. "You can't set things right in a wrong way."

He had some fine thoughts on the transformations worked by the gospel, instancing among others, Jerry McAulay in New Work and the great Apostle himself. He stressed the importance of having the young come under this transforming power. "You can't continue to be the same, we must advance or recede."

These are only a few thoughts from an excellent discourse.

**MONDAY EVENING**  
The Monday evening end of the Baptist Anniversary services were on a par with the day previous. As special speaker for the occasion, Rev. Mr. Farmer, pastor of Owen Sound Baptist Church, was present and proved to be a happy choice. Rev. Jas. Taylor occupied the chair, but his duties were light. Mr Albert Pequegnat, baritone soloist of Stratford, also was present, and gave of his gift of song and humor. His choice of selections were good, but underlying them all, his good nature shone through, and every little while persisted in breaking out. The choir of the church also had the assistance of Mrs Mark Wilson and Mr. Bert Saunders. The former was heard to good advantage in solos, while Messrs Harry Huggill and Clifford Buschlen were appreciated in cornet and trombone duets. Under the direction of Leader J.F. Gilest, the choir rendered suitable music both Sunday and Monday. Miss Ada Browne presided at organ and piano.

Rev. Mr. Farmer took for his topic "The Church that blocks Progress" and under several heads, strove to show how such could be done. They came in this order:

1. "A church that misconceives its relationship to the Kingdom of God." The Church and the Kingdom of God were not the same thing: rather the church was the chief agency for the enlargement of the Kingdom.

2. "A Church that sees but dimly its chief and ruling purpose in the world." A church that loses sight of the goal is lost.

3. "A Church that not only sees dimly its ruling purpose but one that is only slightly stirred by rapture of the forward view."

Mr Farmer stated that there were "thermometer" and "barometer" churches. Of the two he preferred the latter for in this kind of a church, like as in weather conditions, we have men of the forward look. He stated the churches in Durham will prosper, only in proportion to what encouragement they give their youth and closed with advice to do everything possible to promote the missionary spirit.

The Presbyterian body in Durham have purchased a new Sherlock-Manning piano for use in their services. It was in use for the first time on Sunday last.

The Presbyterian Ladies' Aid were entertained at the home of Mr and Mrs Clifford Howell Tuesday last.

The Young Ladies' Auxiliary of Knox United Church will present a humorous play entitled "The Jogsville Convention" (by Clara Rathwell Anderson), on Tuesday, Nov. 3rd, in the schoolroom of the church. Keep this date open.

**Hospital Shower, Oct. 10th**  
The annual Hospital Shower will take place this year on Saturday, Oct. 10th. Any donations of fruit, vegetables or pickles will be gratefully received. Kindly have donation ready when conveyance calls.

**Durham Boys on Executive**  
In last Monday's edition of the London Free Press, appeared the photo of Mr Harold Mountain. The publicity he receives is due to the fact that he has been elected Treasurer of the Pre Meds '31 Class of Western University, London. Congratulations are also due to Mr Royden Burnett who was elected as President of the executive for the year of Meds. '30 at the same University. It takes Durham to produce young men of office calibre.

**A Double Operation**  
A pleasant caller at our office yesterday was Roy Grant, son of Mr and Mrs Wm. Grant, now of Mt Forest. He informs us that his mother has undergone the operation long anticipated and a large number of gall stones removed. As this major operation was in progress, it was discovered that the appendix showed an adhesion that might lead to further trouble, so it was removed also. She was unconscious for some time after but latest accounts are hopeful. May complete recovery follow.

**Trinity Church Harvest Home**  
The annual Harvest Home Festival of the above church was celebrated on Sunday last by holy communion and a special service by the pastor, Rev. J. H. Wheelan bearing on the occasion. The chancel, altar and windows were attractively decorated with the season's bounty in grain, fruit and flowers. It was a visible reminder of the plenteousness that surrounds us. The choir was full strength, both morning and evening, and rendered suitable anthems, while the hymns sung conveyed the thanksgiving spirit as well.

In the evening, Rev. C. L. Gilbert of Hanover, was the special speaker. He chose for his text, Psalm 145:16, "Thou openest thine hand and satisfiest the desire of every living thing." A Harvest Home opens up many lines of thought but he thought the central idea should be our dependence upon God. It was a profound shame that some people call upon God only when in trouble and this sinful ingratitude is not brought home to us as it should be. The more we look into the system of nature, the more we perceive that this earth is the outcome of a powerful mind, and it behooves one and all to wake up to fuller realization that the means and skill to enjoy our advantages, are responsible to one Supreme Being.

A trenchant question of Mr Gilbert's was "How much do you and I deserve?" Our homage to the Heavenly Father is often rendered in the same spirit as to a stern task master. Thankfulness should cost us something and that means to give to the utmost of our ability. This in many cases, would measure our degree of thanksgiving.

**LET'S HAVE YOUR GUESS**  
The total vote polled in South-East Grey in 1921 at the Dominion Election was 13956. The Conservative vote was 4360; the Liberal vote 2638; the Progressive vote 6958. There were three candidates then, only two now. To add interest to the present contest the Review will again as in 1921, give one year's subscription free to the party who guesses nearest the majority of the winning candidate in South East Grey.

Send us a letter or post card with your guess at the majority (or call at the office with it.) We shall file these guesses until we know the majority by the official declaration. Try yourself to see if you have political acumen.

## Jackson-Douglas Nuptials

On Oct. 6th, a very pretty Autumn wedding was solemnized by Rev. John Morris, brother-in-law of the bride, at Old St. Paul's church, Woodstock, when Ada L. Douglas, daughter of Mr and Mrs E. W. Limin, was united in marriage to Herbert S. Jackson, White Fish, son of Mr and Mrs Robt. Jackson, Orillia. The wedding march was played by Miss Hall of Woodstock. The bride, who was given away by her brother-in-law Mr Roy Pearce, Straford, looked charming in an ensemble suit of blue and sand, a cinnamon fox fur and French hat and wore a bouquet of sweetheart roses and orchids. She carried a white ivory prayer book. The church was beautifully decorated with var-tinted autumn foliage, gladioli and asters.

After the ceremony a dainty luncheon was served at the Rectory, home of bride's sister, Dundas St.

Out of town guests were: Mr and Mrs Robt. Jackson; Mrs M. Carten, Mrs J. Thompson (sisters of groom); Miss Catherine Jupp, niece of groom; Messrs Herb. Caswell and Wm. Cook, all of Orillia; Mr and Mrs Harold Kearns (also a sister) and son Douglas, Toronto; Mr and Mrs Alex McLoughlin, London; Mr and Mrs R. Pearce and daughter Otille, Stratford; Mr and Mrs Nelson Harding, Wallaceburg; Mrs E. W. Limin, Miss Dorothy Douglas, Miss Amy Kelly, Mr and Mrs Arthur McGowan all of Durham.

The happy couple left by motor for a honeymoon trip to Hamilton and other points in Ontario, before going north to White Fish, near Sudbury, where they will reside for the winter.

The Review joins the bride's many friends in extending best wishes for a bright and happy future.
