

Better baking with less fuel

It is not remarkable that more than 300,000 Canadian women praise the Happy Thought for its exceptional ability to heat, cook and bake. The firebox is adequate to the size of the oven and the scientifically constructed flue carries a steady, uniform heat to all parts of the oven and cooking surface. Through a perfected system of drafts regulated at will, this heat is always under your control. Naturally with a Happy Thought, good cooking and baking is inevitable.

Additional worthwhile features you will appreciate are the "Duplex" grates, broiling and toasting front, ample reservoir and ventilated oven.

Happy Thought Pipe, Pipeless and Combination Warm Air and Hot Water Furnaces serve every type of home.

DURHAM HIGH SCHOOL

The School is thoroughly equipped to take up the following courses:—
 1. Junior Matriculation
 2. Entrance to the Normal Schools
 Each member of the staff is a University graduate and an experienced teacher.
 Intending pupils should prepare to enter at the beginning of the fall term. Information as to courses may be obtained from the Principal.
 The School has a creditable record in the past which it hopes to maintain in the future.
 Durham is an attractive and healthy town and good accommodation can be obtained at reasonable rates.

Election Next Month for Ontario Boys' Parliament

The election to the Fifth Ontario Older Boys' Parliament will be held throughout the Province on Saturday Nov. 28th. Dr. J. F. Grant has been appointed Returning Officer for this constituency. Taxis boys offering their services for candidates must have their nomination papers in his hands by Nov. 7th. Members of the C.S.E.T. groups and organized Sunday School Classes desiring to vote must have their name placed on the Voters List by Nov. 17th. About 300 candidates are expected to enter the field. The Province has been divided into 118 constituencies, most of which will be represented.
 Party leaders appealing for support as Premier are James Grimmon of Picton, Ronald Fredenburgh of Perth and Ed. Devitt of Waterloo. All are good men and can be entrusted with the leadership of the government, if elected.
 Grimmon is a school teacher in Prince Edward County, has occupied popular positions in both the Van Every and Lapp cabinets. He is a forceful speaker, has a pleasing personality and is Mentor of a Trail Ranger camp in Rosmore.
 Fredenburgh is well and favorably known throughout the Province. In the last Parliament he held the position of Minister of Community and District Co-operation. He is a quiet but impressive speaker and one who commands a following. He has been Mentor of both a Trail Ranger camp and Taxis Square, and at the present time is attending Victoria College.
 Devitt was Minister of Education in Lapp's Union Government. He is quiet in disposition, noted for his industry and well liked by all who know him. Because of his journalistic ability, he was made editor of the "Boys Recorder of Kitchener and Waterloo." He is one of these efficient type of persons who get things done without making any fuss. His standing in the student body of Kitchener is evidenced in his recent election to the Presidency of the Student Council.
 The Inaugural Session of the Parliament will be held in the Legisla-

tive Assembly Chamber, Queen's Park, Toronto, Monday, Dec. 28th, and will remain in session until Thursday, the 31st.
 Premier Lapp is appealing to the boys to exercise their franchise in the following letter: "It is the privilege and also the duty of every citizen to exercise his franchise by casting his ballot. Similarly in the elections for the Ontario Older Boys' Parliament, it is the privilege and also the duty of every Sunday School boy to vote.
 You have the right to select your representative in this Parliament. He is going there, primarily, to represent you. He will be responsible to you. You will expect him to do his duty as a boy member—so do yours as a boy voter.
 Your Parliament is a real Parliament. The Members are older boys who mean business, boys who feel that the C.S.E.T. is worth all that they can put into it. The Parliament belongs to you, it exists to deal with your problems and it deserves your interest and support. Place your name on the voters' list NOW and cast your ballot on Saturday, Nov. 28th."
 Sincerely yours,
 Gordon Lapp,
 Premier Fourth Older Boys' Parliament.

BUSINESS IMPROVING
 The Canadian Bank of Commerce monthly reports generally prove to be reliable as to the extent and value of crops, and the standing of the country. We give a few extracts from their last letter:
 "Notwithstanding a heavy rainfall in the prairie provinces during the early part of September, which temporarily halted harvesting operations, the marketing of the Western crop has proceeded rapidly and reports from the head of the lakes and elsewhere indicate that the grain is moving forward in much greater volume than at the same time last year, the harvest being about two weeks earlier than a year ago. The forecast of the Dominion Bureau of Statistics as at 31st August, was for a total Canadian wheat crop of 392,000,000 bushels, as against its estimate at 31st July of 375,000,000 bushels, which compares with a crop of 262,000,000 bushels in a year ago. The estimated production of wheat for this year has only been exceeded on three occasions, in 1915, 1922 and 1923; that of oats on two occasions in 1920 and 1923; while barley (112,000,000 bushels) is the largest on record, the previous highest yield being 89,000,000 bushels in 1924.
 Of the estimated total grain production of the Dominion for the current year the following are the percentages for the prairie provinces:

"Suburban Customers called by Long Distance flocked to our sale — best we ever had"

has been the case for several years past."
 The improved outlook for agriculture continues to be the outstanding feature of the situation. With the increased buying power of the farmers and a renewal of confidence in their calling, it is safe to assume that this fall, all classes of goods will find a more ready market than wheat 92; oats, 62; barley, 83; rye, 86; flaxseed 98.

The Unfair Deal Canadian Farmers are Getting

Back in 1921 we sold the United States agricultural products to the value of \$146,539,883. After the Fordney U.S. Tariff of 1922 went into effect in the United States we sold them only \$51,337,733 worth.

By raising their tariffs the United States farmers have put about \$100,000,000 per annum more into their pockets and the Canadian farmers have lost it.

What is the lesson to the Canadian farmer?

On what terms is the Canadian farmer competing with the farmer of the United States? They are terms that not only forbid the sale of his products in the United States but compel him at the same time to witness United States farm products replacing his own in the home markets of Canada. Let us examine some of these terms.

PRODUCTS	For Entrance into Canada the Americans pay:	For Entrance into the United States the Canadians pay:
Potatoes.....	35 cts. per 100 lbs.	50 cts. per 100 lbs.
Eggs.....	3 cts. per doz.	8 cts. per doz.

Wheat Flour.....	50 cts. per barrel	\$2.04 per barrel
Wheat.....	12 cts. per bushel	42 cts. per bushel
Corn.....	Free	15 cts. per bushel
Certain Fruits.....	25%	35%

The United States raised their tariff, in order to protect the American Farmers, and the purchasing of foreign farm products was reduced. It was, therefore, to the American Farmer's benefit.

And we prove it. In the next column we list a few Canadian products imported by the United States under the 1921 tariff and under the raised tariff of September 21st, 1922. These figures are quoted from the "Commercial Intelligence Journal" published by Ottawa Government (26th September, 1925, page 324).

Canada will be flooded with farm products from other countries at these low rates, but Canadian farm products are shut out of other countries by high tariffs. Meanwhile half a million Canadians have moved to the United States because of the tariff reductions that have closed up or slowed down hundreds of factories. That is, half a million buyers of Canadian farm products have been lost. The farmers are hit twice.

And now a great reduction has been made by the Canadian-Australian Treaty which just went into effect on October 1st, 1925. Under this treaty Australian (and New Zealand) farm products will enter Canada at the following tariffs.
